CRP 694: So. Wenatchee Pedestrian Improvements, Phase II

Mission Street, & Terminal Avenue

Last Update: February 9, 2016

Project Number: County Road Project 694 **Project Length: 0.60**

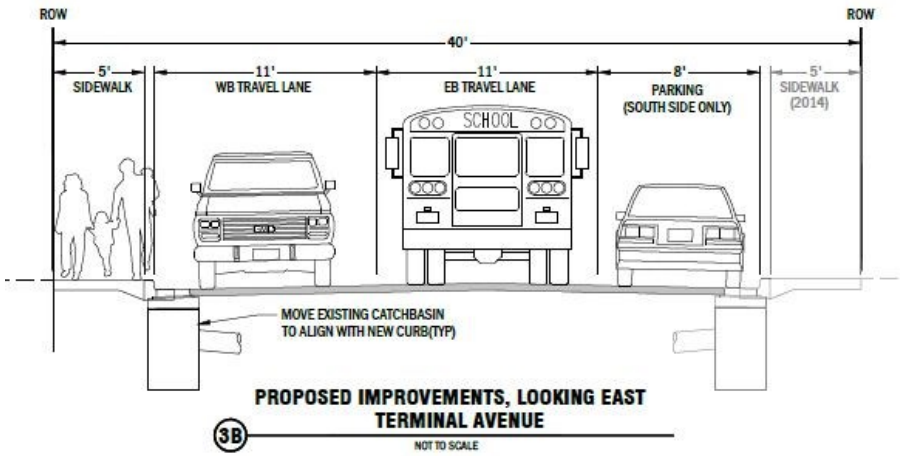
Basis for Project: Safety/Non-Motorized Facilities **Construction: Summer 2017**

Project Description: This area near Mission View Elementary experiences heavy traffic, especially during the morning peak period when students, parents, and staff are arriving at school. This second phase is intended to construct a pedestrian route without breaks from the City's termini at Crawford Street to Mission View Elementary School along Terminal Avenue with the installation of ADA approved curb ramps, sidewalks, and marked crosswalks. This project is funded with grant money from the Transportation Improvement Board (TIB) and Safe Routes to Schools (SRTS). Based on the existing right-of-way constraints, the new 5-foot wide sidewalk facility will require purchase of right-of-way.

Status: Construction is expect to take place in 2017. An open house will be held in April 2016.

Traffic Impacts: During construction in 2017, travelers should expect flagger-controlled traffic with delays up to 10 minutes.

Project Area (S. Wenatchee)



Funding Sources:

TIB	$ 420,962
Safe Routes to Schools	$ 131,538
City Local Funding	$25,000
TOTAL:	**$577,500**
