External Email Warning! This email originated from outside of Chelan County.

Septic alarms and other noise.
The unit at 23300 Lake Wenatchee Highway has had its septic in alarm condition for at least 4 days.
The last 2 nights I wandered over at 3am to silence it.
This is unacceptable.

If it was a big party, I would have to confront the rowdy folks. Dealing with noise is obviously important.

Thanks.
Steve Schmidt

Subject: Short Term Rentals

Please do NOT prevent owners from generating income.
In my instance I am retired/disabled and have no pension.
I need this income.
I do not object to restrictions on occupancy and noise.
Thank you
