Frequently Asked Questions

Why does my value change annually?

Your assessed value may change as a result of changing market conditions. Every year we compare sale prices to assessed values. If assessed values are significantly different from sale prices, we will apply a market adjustment factor to that neighborhood of properties in order to bring the assessed value closer to sale prices.

I have made no improvements to my home, why did my assessed value increase?

The law requires the Assessor's Office to value property at 100% of the true and fair market value. Assessed values are affected by the local real estate market and the real estate market is directly influenced by supply and demand. This affects the cost of materials, labor, and other incidentals required to build, market, and sell a home. We are required to conduct an annual statistical update of assessed values based on real estate transactions. Although you may have not made any improvements to your home, your value continues to follow the market activity in your neighborhood.

Who do I contact with questions regarding my assessed value?

We encourage you to talk to our office to review your valuation any time you have a question or concern regarding your assessed property value. You can contact our office at (509) 667-6365, visit us in person at 350 Orondo Avenue, Suite 206, Wenatchee or send us an email at assessor@co.chelan.wa.us.

What can I do if I think the value on my property does not represent fair market value?

If you think your assessed value does not reflect fair market value, you should consult our office. Property owners are encouraged to talk with a County appraiser to verify that our assessment records are accurate. The appraisal will be reviewed and manifest errors may be corrected without a hearing. If you still think your assessed value does not reflect market value, you may file an appeal with the Chelan County Board of Equalization (BOE) by July 1st or within 30 days of the mailing of the Notice of Value to petition for a hearing. If you miss the BOE appeal period you can still request a property valuation review with our office.

AGENDA

- **Appraisal Process**
- **Market Trends**
- **Question & Answer**

APPRAISAL PROCESS

Deanna Walter, Chelan County Assessor

Physical Inspections

Our Appraisers physically inspect 1/4th of the County every year (Approx. 11,000 parcels)

**Cycle 1: Stemilt
Basin, South
Wenatchee,
Monitor &
Cashmere**

**Next Inspection
Year: 2017**

**Cycle 2:
Wenatchee,
Sunnyslope &
Entiat**

**Next Inspection
Year: 2018**

**Cycle 3: Blewett
Pass,
Leavenworth,
Plain & Lake
Wenatchee**

**Next Inspection
Year: 2019**

**Cycle 4: Lake
Chelan, Manson
& Stehekin**

**Next Inspection
Year: 2020**

Deanna Walter, Chelan County Assessor

**Value land
as if vacant**

Using land only sales. The first acre is always the most valuable.

**Add any existing
improvements
(structures)**

Using standard cost manuals we “build” the existing structures on the property (replacement cost new minus depreciation)

**Sales
Analysis**

(Mass Appraisal)

Compare raw values to sale prices for market adjustments (Mass Appraisal). Sales from 2016 & the 1st Quarter of 2017 are used to set the 2017 assessed values (2018 taxes)

Mass vs. Fee Appraisal

- **Fee (Single) Appraisal:**
 - Uses comparable sales which are similar to the subject property.
 - Sales are identified that best represent the subject property.
- **Mass (Groups) Appraisal:**
 - Uses large quantities of sales to develop statistics from the data.
 - Results of analysis are applied to a group (neighborhood) as a market adjustment (percentage).

Sales Analysis

- State law requires assessed values reflect 100% of fair market value
- We can only use closed arm's length sales
- DOR restriction on what sales we can/cannot use for analysis

(WAC 458-553-080)

– E.g. sale between relatives, bankruptcy, sheriff sales, tax deeds, gift deeds, forced sales, classified land under RCW 84.34, etc.)

DEPARTMENT OF REVENUE VALID SALES STUDY

To provide uniform taxation statewide, the Department of Revenue (Department) implements an annual study of property in each of the state's 39 counties. This piece of the 2017 ratio year study measures how closely Chelan County's 2016 single-family residence assessed values compare to market values. The study consists of two analysis where the Department selects a random sample of 60 sales from Chelan County's valid single-family residential sales report. These sales are then compared to comparable non-selling properties to determine if selling and non-selling properties are being assessed similarly. [Click here to download Valid Sales Study \(2016 Sales for 2017 Ratio Year\)](#)

ASSESSOR WELCOME MESSAGE

Happy 2017 everyone! In the past, this letter has been an over view of the prior year. This year I would like to invite you into our "assessment" world and make sure every taxpayer has an opportunity to become involved and engaged in our annual update process.

The basis of fair and equitable assessments relies on accurate property data. This will be our focus for the next several years.
