CHELAN COUNTY NATURAL RESOURCE DEPARTMENT  
COIC IMPROVEMENT PROJECT – INTAKE AND PUMPING FACILITIES

**ADDENDUM NO. 2**

To the Contractors, Subcontractors, Planholders and Suppliers:

The following items contain additions, deletions, or modifications to the Plans and/or Specifications. This Addendum forms as a part of the Contract Documents. All updated contract Documents can be found at <https://www.co.chelan.wa.us/natural-resources/pages/current-opportunities>.

Bidders must acknowledge receipt of this Addendum on the Bid Proposal Declaration within the Bid Package.

**A. BID SUBMITTAL PACKAGE**

**A.1 BID PROPOSAL**

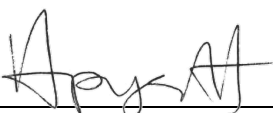

The bid proposal has been revised to reflect the following:

- **BID ITEM 17 – STRUCTURAL BACKFILL – INLET AND PUMPING STRUCTURES** has been revised so that the quantity and unit are now listed as 71 tons, rather than 48 cubic yards. This change was made to be consistent with the measurement and payment language for this bid item in Section 31 20 30 – Excavation and Fill of the Technical Specifications, which specifies measurement and payment “per ton of crushed surfacing base course placed and compacted to the lines and depths shown for backfill under the settling basin, wet well, and manhole structures.”

A copy of the revised bid proposal is attached as Appendix A to this addendum. The revised bid items are shown in red. Please use this revised bid proposal form.
