**SUBJECT: Icicle Creek Water Resource Management Strategy**

We've searched the Natural Heritage Information System for information on rare plants or rare and/or high quality ecological communities in the vicinity of your project. A summary of this information accompanies this letter (Excel file; GIS shapefile). In your planning, please consider protection of these significant natural features, and feel free to contact us for consultation.

The information provided by the Washington Natural Heritage Program is based solely on existing information in the database. There may be significant natural features in your study area of which we are not aware. These data are being provided to you for informational and planning purposes only - the Natural Heritage Program has no regulatory authority. This information is for your use only for environmental assessment and is not to be redistributed. Others interested in this information should be directed to contact the Natural Heritage Program.

The Washington Natural Heritage Program is responsible for information on the state's rare plants as well as high quality ecosystems. For information on animal species of concern, please contact Priority Habitats and Species, Washington Department of Fish and Wildlife, 600 Capitol Way N, Olympia WA 98501-1091, or by phone (360) 902-2543.

For more information on the Natural Heritage Program, please visit our website at <http://www.dnr.wa.gov/natural-heritage-program>. Species lists and fact sheets, as well as rare plant survey guidelines are available for download from the site. For the self-service system, please follow the Reference Desk link to Location Search. Please feel free to call us at (360) 902-1667 if you have any questions, or e-mail us at [natural\\_heritage\\_program@dnr.wa.gov](mailto:natural_heritage_program@dnr.wa.gov).
