Chelan County Natural Resources Department
Professional Services Qualifications for a Vulnerability and
Habitat Suitability Analysis for Aquatic Invasive Species in Lake Chelan

The Chelan County Natural Resources Department requests qualifications for professional services to assist with a Vulnerability and Habitat Suitability Analysis for Aquatic Invasive Species in Lake Chelan.

Project Description - The successful applicant will submit a Statement of Qualifications (SOQs) that outlines previous and relevant experience with preparing Vulnerability and Habitat Suitability Analysis plans. Additionally, the SOQ should describe the project approach including identification of sub-consultants, a process for obtaining community and stakeholder input of the plan and a project timeline and detailed budget. The Scope of Work for this project is available online at:

<http://www.co.chelan.wa.us/natural-resources/pages/resources-natural-resources?parent=Resources>

For additional information, please contact Hillary Heard, Natural Resources Specialist at (509) 630-5372 or by email Hillary.Heard@CO.CHELAN.WA.US

Interested parties must reply by 5:00 PM, PDT, Friday August 31, 2018 for their qualifications to be considered.

Submittals – Two (2) copies of Statement of Qualifications and a cover letter to:

Hillary Heard, Natural Resources Specialist
Chelan County Natural Resources Department
411 Washington Street, Suite 201
Wenatchee, WA 98801.
