BIDDING CHECKLIST

Bidders must bid on all bid items contained in the Proposal. The omission or deletion of any bid item will be considered non-responsive and shall be cause for rejection of the bid.

Please check to make sure you have accomplished the following:

- ☐ Has bid bond or certified check been enclosed with your bid?
- ☐ Is the amount of the bid guaranty at least five (5) percent of the total amount of the bid?
- ☐ Has the proposal been properly signed?
- ☐ Have you bid on ALL ITEMS and ALL SCHEDULES?
- ☐ Have you completed the Bidder's Information Sheet?
- ☐ Have you included the Non-Collusion Declaration?
- ☐ Have you completed the Subcontractors List?
- ☐ Have you completed the Certification Regarding Debarment, Suspension, and Other Responsibility Matters Primary Covered Transactions?
- ☐ Have you completed the Certification of Compliance with Wage Payment Statutes?
- ☐ Have you completed the Certification of Compliance with Prevailing Wage Training?
- ☐ Have you completed the form regarding Bonding and Claims?
- ☐ Have you certified receipt of addenda?
- ☐ Have you provided any required relevant prequalification documentation as outlined in section 1-02.1?

PAGE LEFT BLANK INTENTIONALLY

BIDDING INSTRUCTIONS

A. BID OPENING

The Chelan County Board of County Commissioners will open sealed bids and publicly read them aloud on Monday, May 5th, 2025 at 11:00 AM PDT or as soon thereafter as the matter may be heard, at the Board of Commissioners Office, Chelan County Administration Building, 400 Douglas Street Suite 201, Wenatchee, Washington, for the implementation of Chelan County Natural Resources Department Project MALAGA COMMUNITY PARK BATHROOM in Chelan County. Sealed bids must be received by the Clerk of the Board of County Commissioners in a sealed envelope clearly marked “**Bid for MALAGA COMMUNITY PARK BATHROOM**”.

Sealed bids may not be submitted by facsimile or other electronic or data transmission.

B. BID CONTENTS

The sealed bid must contain all bidding documents, fully completed and signed. Bidders not fully meeting specifications must identify and list exceptions. All exceptions are subject to review, inspection, testing and approval by Chelan County.

The sealed bid must also contain the following information and materials, completed and signed:

1. Bid Proposal (Prices must be shown on every unit item and the total. Quantities, where not listed shall be estimated by the bidder and shown);
2. Bid Proposal Form (Executed by Principal or Authorized Officer.);
3. Bid Declaration;
4. Bid Proposal Bond (in lieu of cashier's check, or certified check, a Bid Proposal bond must be executed by the Bidder and the Bidder's Surety.);
5. Bidder Information Sheet;
6. Non-Collusion Declaration;
7. Subcontractors List;
8. Certification Regarding Debarment, Suspension, and Other Responsibility Matters Primary Covered Transactions;
9. Certification of Compliance with Wage Payment Statutes;
10. Certification of Compliance with Prevailing Wage Training; and
11. Bonding and Claims Information.
12. Any required relevant prequalification documentation as outlined in section 1-02.1.

Bid proposal forms are not transferable. Any alteration not initialed by the Bidder will be cause for deeming the bid proposal irregular and rejecting the bid.

In submitting a Bid Proposal, Bidder shall comply with provisions as contained in the Special Provisions, 1-02.6, regarding “Preparation of the Proposal”, unless otherwise required herein.

C. CLARIFICATION OF BID

NO CHANGES ARE ALLOWED EXCEPT BY SUBMITTING AN AMENDED SEALED BID PROPOSAL PRIOR TO THE DATE AND TIME SET FOR BID OPENING. Any unsealed clarification information received by the Clerk which discloses price will not be considered by the Board of County Commissioners and shall result in rejection of the entire bid.

D. BID BOND

In accordance with Section 1-02.7 of the Special Provisions and the WSDOT Standard Specifications, all bid proposals shall be accompanied by a bid bond, certified check, cashier's check, made out to Chelan County in the amount of five percent (5%) of the total bid, conditioned upon the Bidder's full and complete performance of the terms and conditions of a bid award. The bid bond or equivalent shall be held by Chelan County until acceptable performance and payment bonds and certificate of insurance are provided to Chelan County, and the contract is subsequently fully executed. If the successful bidder abandons the bid award, fails to provide satisfactory performance bond and a certificate of insurance to Chelan County or fails to fully execute the contract, then the bid bond or equivalent shall, in the sole discretion of Chelan County, be forfeited and retained.

E. BID REVIEW AND EVALUATION

The Board of County Commissioners reserves the right to reject any or all bids, waive informalities, and to contract as the best interests of Chelan County may require. When evaluating bids, the following criteria, in addition to price, will be considered:

1. The bidder's qualifications and eligibility to contract under applicable laws and regulations;
2. The bidder's compliance with the terms and conditions of this request for bids;
3. Any additional evaluation criteria contained in the plans, specifications and addenda; and
4. Not currently be debarred, suspended or under other sanctions pursuant to Executive Order 12549. Disbarment and Suspension 13 CFR Part 145 of the U. S. Small Business Administration. Bidder is required to complete "Certification regarding Debarment, Suspension, and Other Responsibility Matters Primary Covered Transactions"
5. The bidder's experience, technical qualifications and skill;
6. The guaranteed availability of materials needed for construction;
7. The bidder's ability and capacity to fully perform within the time required, taking into account the bidder's existing performance commitments and past performance;
8. Any other information as may have a bearing on the bid.

F. CONTRACT DOCUMENTS FOLLOWING AWARD

Each Bidder's attention is especially called to the following documents that must be fully completed, executed and submitted to Chelan County if successful Bidder:

1. Notice of Award - To be executed by the successful Bidder upon receipt of issuance by the Chelan County Board of Commissioners.
2. Agreement - To be executed by the successful Bidder.
3. Payment and Performance Bond - To be executed by the successful Bidder and the Bidder's Surety Company.
4. Certificate of Insurance - To be executed by the successful Bidder's Insurance Company.
5. Notice to Proceed - To be executed by the successful Bidder upon receipt of issuance by the Chelan County Board of Commissioners.

G. CANCELLATION BY COUNTY

In its sole discretion, Chelan County may cancel any bid award upon written notification to the successful bidder within 30 (thirty) days after the date of the bid award, without any cost, expense, penalty or damages payable to the successful bidder.

INVITATION TO BID

MALAGA COMMUNITY PARK BATHROOM

Sealed bids will be received by Chelan County at the Board of County Commissioners Chambers, Chelan County Administration Building, 400 Douglas Street, Wenatchee, Washington until Monday, May 5th, 2025 at 11:00 AM PDT for the Chelan County Natural Resources Project, “**MALAGA COMMUNITY PARK BATHROOM**”.

Chelan County Natural Resources Project: MALAGA COMMUNITY PARK BATHROOM, Chelan County, WA. This Contract provides for the installation of a prefabricated restroom, associated utilities, all appurtenances to provide functional bathroom facility, and site grading located at Malaga Community Park along the Malaga Alcoa Hwy. This work includes but is not limited to: installation, maintenance and restoration of temporary construction access routes and staging areas; procurement or concrete forming and pouring for the prefabricated restroom sidewalk and apron; design, procurement and installation of the prefabricated restroom structure, internal mechanical and utilities, pad preparation and excavation; installation of onsite septic in accordance with the provided septic designs; reconnecting on-site water connection at existing irrigation vault to be removed and installation of new domestic water and irrigation lines valving and controllers and future stubouts; temporary erosion and sediment control; coordination with Chelan County Public Utility District for installation of electrical services; construction surveying required to perform the aforementioned tasks; and all other work, all in accordance with the attached Contract Plans, these Contract Provisions, and the WSDOT Standard Specifications for Road, Bridge and Municipal Construction and addenda thereto.

All onsite work shall occur between the dates of June 1st, 2025 and April 1st, 2026. The estimated range of probable cost is \$390,000-\$434,000 excluding WSST.

A **Mandatory** Pre-Bid site walk through with representatives from the CONTRACTING AGENCY will be held on April 24th, 2025 11:00 A.M. Attendees should meet at 3401-3807 Malaga Alcoa Hwy, Malaga, WA 98828. A minimum of one representative from each Prime Contractor that intends to submit a bid is required to attend.

A bid bond, certified check, or cashier's check in the amount of 5% of the bid shall accompany all bids.

The County of Chelan in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d to 2000d-4 and Title 49, Code of Federal Regulations, Department of Transportation, subtitle A, Office of the Secretary, Part 21, nondiscrimination in federally assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, disadvantaged business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, gender, color or national origin in consideration for an award.

All bids shall be marked “MALAGA COMMUNITY PARK BATHROOM” on the outside of the envelope. The Board of County Commissioners reserves the right to reject any or all bids for cause.

BID PROPOSAL DECLARATION

To the Chelan County Board of County Commissioners:

The undersigned Bidder hereby certifies that the Bidder has examined the sites upon which the Work is to be performed and has read and thoroughly understands the plans, specifications, addenda and contract governing the work, the manner by which payment will be made for such work and time in which to attain Substantial Completion for the MALAGA COMMUNITY PARK BATHROOM.

The Bidder hereby acknowledges receipt of Addendum No. 1 __, No. 2 __, No. 3 __, No. 4 __, No. 5 __, No. 6 __, No. 7 __, No. 8 __, No. 9 __, and No. 10 __.

The Bidder hereby acknowledges that by execution of this Bid Proposal Form the Bidder has agreed to all bidding requirements, has fully executed all required bidding documents, and has agreed to fully and completely perform all work required under the plans, specifications, addenda and Contract within the time period as specified. The Bidder has agreed to pay prevailing wage rates of Federal or State of Washington which are in effect at the time of the execution of the contract and whichever are the higher, in accordance with the requirements of the special provisions.

The undersigned hereby agrees to the indemnification requirements of Section 1-07.14 of the Special Provisions – Division 1. Submission of this Bid Proposal and entering into a Contract for this Work constitutes acknowledgement by the Contractor that said indemnification requirements are specifically and expressly a part of the Bid process and Contract Negotiations, including Contract waiver of immunity under Industrial Insurance, Title 51 RCW.

A bid proposal security of five percent (5%) of the total bid is attached hereto in the following form and in the amount of \$_____.

BID PROPOSAL BOND

KNOW ALL PERSONS BY THESE PRESENTS: That we of _____ as Principal, and the _____ a corporation duly organized under the laws of the State of _____, and authorized to do business in the State of Washington, as surety, are held and firmly bound unto the Chelan County Commissioners in the full and penal sum of five (5) percent of the total amount of the Bid Proposal of said Principal for the work hereinafter described, for the payment of which, well and truly to be made, we bind our heirs, executors, administrators and assigns, and successors and assigns, firmly by these presents.

The condition of this bond is such, that whereas the principal herein is herewith submitting his or its sealed proposal for the following construction to wit: **Chelan County Natural Resources Project: MALAGA COMMUNITY PARK BATHROOM**, Chelan County, WA. This Contract provides for the installation of a prefabricated restroom, associated utilities, all appurtenances to provide functional bathroom facility, and site grading located at Malaga Community Park along the Malaga Alcoa Hwy. This work includes but it not limited to: installation, maintenance and restoration of temporary construction access routes and staging areas; procurement or concrete forming and pouring for the prefabricated restroom sidewalk and apron; design, procurement and installation of the prefabricated restroom structure, internal mechanical and utilities, pad preparation and excavation; reconnecting on-site water connection at existing irrigation vault to be removed and installation of new domestic water and irrigation lines valving and controllers and future stubouts; temporary erosion and sediment control; coordination with Chelan County Public Utility District for installation of electrical services; construction surveying required to perform the aforementioned tasks; and all other work, all in accordance with the attached Contract Plans, these Contract Provisions, and the WSDOT Standard Specifications for Road, Bridge and Municipal Construction and addenda thereto.

NOW, THEREFORE, if the said Bid Proposal by said Principal be accepted, and the Contract be awarded to said Principal, and if said Principal shall duly make and enter into and execute said Contract and shall furnish bond as required by the Chelan County Commissioners within a period of ten (10) days from and after said award, exclusive of the day of such award, then this obligation shall be null and void, otherwise it shall remain and be in full force and effect. IN TESTIMONY WHEREOF, the Principal and surety have caused these presents to be signed and sealed this _____ day of _____, 20____.

NOTE: Failure to provide a Bid Proposal Bond renders a bid non-responsive. Acceptable Bid Bond language shall comply with Standard Specifications.

WITNESS our hands this _____ day of _____, 20____.

SUBCONTRACTOR LIST

Prepared in compliance with RCW 39.30.060 as amended

Chelan County requires the bidder to submit the names of all subcontractors whose subcontract amount exceeds 10 percent of the contract price for all contracts exceeding \$100,000. Bidders shall complete Section A below, as appropriate, with the bid proposal or within 1 hour of the bid time. For contracts exceeding \$1,000,000, the bidder shall also submit the names of all subcontractors that will perform HVAC (heating, ventilation, and air conditioning) work, electrical work, structural steel installation, or rebar installation, in accordance with RCW 39.30.060, regardless of whether the contract amount exceeds 10 percent of the contract price.

Bidders may attach additional sheets as necessary to identify additional subcontractors. If information is delivered within 1 hour of the bid time, it may be delivered in person, by fax, courier or email to the CONTRACTING AGENCY'S representative.

SECTION A. OWNER REQUIRED SUBCONTRACTOR LIST

The following subcontractor(s) subcontract amount(s) exceed 10 percent of the contract price and the contract exceeds \$100,000 (list subcontractor and bid item).

Bidder certifies that there are no subcontractors at this time who meet the above requirements.

CERTIFICATION REGARDING DEBARMENT

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 13 CFR Part 145. The regulations were published as Part VII of the May 26, 1988 Federal Register (pages 19160-19211). Copies of the regulations are available from local offices of the U.S. Small Business Administration.

BEFORE COMPLETING CERTIFICATION, READ INSTRUCTIONS ON REVERSE

- 1) The prospective primary participant certifies to the best of its knowledge and belief that it and its principals:
 - a) Are not presently debarred, suspended, proposed for disbarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - b) Have not within a three-year period preceding this application been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
 - d) Have not within a three-year period preceding this application had one or more public transactions (Federal, State, or local) terminated for cause or default.
- 2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective primary participant shall attach an explanation to this proposal.

Business Name _____

Date _____

By _____
(Authorized Signature)

(Name and Title)

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is submitted for assistance in obtaining a copy of those regulations (13 CFR Part 145).
6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the ineligibility of its principals. Each participant may, but is not required to, check the Non-Procurement List.
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

PAGE LEFT BLANK INTENTIONALLY

CERTIFICATION OF COMPLIANCE WITH WAGE PAYMENT STATUTES

The bidder hereby certifies that, within the three-year period immediately preceding the bid solicitation date, the bidder is not a “willful” violator, as defined in RCW 49.48.082, of any provision of chapters 49.46, 49.48, or 49.52 RCW, as determined by a final and binding citation and notice of assessment issued by the Department of Labor and Industries or through a civil judgment entered by a court of limited or general jurisdiction.

I certify under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct.

CONSTRUCTION CONTRACT PACKAGE

NOTE: The following forms are to be executed by the successful bidder, after the Contract Award, and are included here for Bidder's information only.

AGREEMENT

THIS AGREEMENT, made this _____ day of _____, _____, by and between Chelan County hereinafter called "CONTRACTING AGENCY" and _____ doing business as (an individual) or (a partnership) or (a corporation) hereinafter called "CONTRACTOR".

WITNESSETH: That for and in consideration of the payments and agreements hereinafter mentioned:

1. The CONTRACTOR will furnish all of the materials, supplies, tools, equipment, labor, and other services necessary for the construction of the **MALAGA COMMUNITY PARK BATHROOM** in accordance with the CONTRACT DOCUMENTS.
2. The CONTRACTOR will commence the work required by this contract on a date to be specified in the NOTICE TO PROCEED.
3. The CONTRACTOR shall complete all on-site work as indicated within the Contract Documents between the dates of June 1st 2025 and April 1st, 2026 The Project shall be substantially complete by April 1, 2026.
4. The CONTRACTOR agrees to perform all of the WORK described in the CONTRACT DOCUMENTS and comply with the terms therein for the sum of \$ _____ or as shown in the BID schedule (*Not including Washington State Sales Tax*). Washington State Sales Tax will be paid by the CONTRACTING AGENCY on Progress Payment Base amounts at the time of "Contractor's Application for Payment".
5. The CONTRACTOR shall submit applications for payment in accordance with the 2024 Washington State Department of Transportation Standard Specifications for Road, Bridge, and Municipal Construction (Standard Specifications). Applications for payment shall be submitted to the CONTRACTING AGENCY.
6. The term "CONTRACT DOCUMENTS" means and includes the following:
 - (A) BIDDING INSTRUCTIONS
 - (B) INVITATION TO BID
 - (C) BID PROPOSAL
 - (D) BID PROPOSAL DECLARATION
 - (E) BID PROPOSAL BOND
 - (F) BIDDER INFORMATION
 - (G) NON-COLLUSION DECLARATION
 - (H) SUBCONTRACTORS LIST
 - (I) CERTIFICATION REGARDING DEBARMENT
 - (J) CERTIFICATE OF COMPLIANCE WITH WAGE PAYMENT STATUTES
 - (K) CERTIFICATE OF COMPLIANCE WITH PREVAILING WAGE TRAINING
 - (L) BONDING AND CLAIMS
 - (M) AGREEMENT
 - (N) PERFORMANCE AND PAYMENT BOND
 - (O) NOTICE OF AWARD
 - (P) NOTICE TO PROCEED
 - (Q) CERTIFICATE OF SUBSTANTIAL COMPLETION
 - (R) CONTRACTORS AFFIDAVIT OF PAYMENT OF DEBTS AND CLAIMS
 - (S) CONTRACTORS AFFIDAVIT OF RELEASE OF LEINS
 - (T) CONSENT OF SURETY TO FINAL PAYMENT
 - (U) SPECIAL PROVISIONS
 - (V) CHANGE ORDER(s)
 - (W) ADDENDA:
 - a. No. _____ Dated __, 202__

- b. No. _____ Dated __, 202__
c. No. _____ Dated __, 202__

7. This Agreement shall be binding upon all parties hereto and their respective heirs, executors, administrators, successors, and assigns.

IN WITNESS WHEREOF, the parties hereto have executed or caused to be executed by their duly authorized official, this Contract in triplicate. The Contract will be effective on _____ (insert date).

PERFORMANCE AND PAYMENT BOND

KNOW ALL PERSONS BY THESE PRESENTS: that whereas Chelan County, Wenatchee, Washington a municipal corporation has awarded to:

CONTRACTOR NAME

hereinafter designated as the "CONTRACTOR" a contract for work items, which contract consists of the Proposal/Agreement, together with the Contract Documents, Specifications, Addenda and Plans, all as hereto attached and made a part hereof, and more particularly described as:

MALAGA COMMUNITY PARK BATHROOM

and whereas said CONTRACTOR is required under the terms of said contract to furnish a bond for the faithful performance of said contract:

NOW, THEREFORE, we the CONTRACTOR and

_____, a corporation, organized and existing under and by virtue of the laws of the State of Washington, and duly authorized to do business in the State of Washington as surety, are firmly bound unto Chelan County in the sum of _____ dollars (\$ _____) lawful money of the United States, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH, that if the above bonded CONTRACTOR, his or its heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and perform the covenants, conditions and agreements in said contract, and shall faithfully perform all the provisions of such contract, and shall also well and truly perform and fulfill all the undertakings, covenants, terms, conditions and agreements of any and all duly authorized modifications of said contract that may hereafter be made, at the time and in the manner therein specified; and shall pay all laborers, mechanics, subcontractors and materialmen, and all persons who shall supply such person or persons, or subcontractors, with provisions and supplies for the carrying on of such work on his or their parts; and shall indemnify and save harmless the CONTRACTING AGENCY, its officers and agents, from any loss or damage occasioned to any person or property by reason of any carelessness or negligence on the part of said principal, or any subcontractor, in the performance of said contract or any modifications thereof; and shall further indemnify and save harmless Chelan County, its officers and agents, from any damage or expense by reason of failure of performance as required by said contract, or any modifications thereof, then this obligation shall become null and void, otherwise it shall be and remain in full force and effect.

And the said surety, for value received, hereby further stipulates and agrees that no change, extension of time, alteration or addition to the terms of the contract or to the work to be performed thereunder or the specifications accompanying the same shall in any way affect its obligation on this bond, and it does hereby waive notice of any change, extension of time, alternations or additions to the terms of the contract or the work or to the specifications. This Bond is provided pursuant to and shall be construed in accordance with Ch. 39.08 RCW.

IN WITNESS THEREOF, the said CONTRACTOR and the said surety caused this bond and three (3) counterparts thereof to be signed and sealed by their duly authorized officers, this _____ day of

_____, 20____.

INTRODUCTION TO THE SPECIAL PROVISIONS AND TECHNICAL SPECIFICATIONS

(December 10, 2020 APWA GSP)

The work on this project shall be accomplished in accordance with the *Standard Specifications for Road, Bridge and Municipal Construction*, 2025 edition, as issued by the Washington State Department of Transportation (WSDOT) and the American Public Works Association (APWA), Washington State Chapter (hereafter “Standard Specifications”). The Standard Specifications, as modified or supplemented by these Special Provisions, all of which are made a part of the Contract Documents, shall govern all of the Work.

These Special Provisions are made up of both General Special Provisions (GSPs) from various sources, which may have project-specific fill-ins; and project-specific Special Provisions. Each Provision either supplements, modifies, or replaces the comparable Standard Specification, or is a new Provision. The deletion, amendment, alteration, or addition to any subsection or portion of the Standard Specifications is meant to pertain only to that particular portion of the section, and in no way should it be interpreted that the balance of the section does not apply.

The project-specific Special Provisions are not labeled as such. The GSPs are labeled under the headers of each GSP, with the effective date of the GSP and its source. For example:

<i>(March 8, 2013 APWA GSP)</i>	=	Identifies APWA GSP and date created
<i>(April 1, 2013 WSDOT GSP)</i>	=	Identifies WSDOT GSP and date created
(*****)	=	Identifies project specific Special Provision

Also incorporated into the Contract Documents by reference are:

- *Manual on Uniform Traffic Control Devices for Streets and Highways*, currently adopted edition, with Washington State modifications, if any
- *Standard Plans for Road, Bridge and Municipal Construction*, WSDOT/APWA, current edition
- *Standard Specifications for Construction of Roads and Bridges on Federal Highway Projects-FP-14*, Federal Highway Administration, current

The Contractor shall obtain copies of these publications, at the Contractor’s own expense.

Portions of these Special Provisions are taken from the APWA GSP web page found at <https://wsdot.wa.gov/engineering-standards/all-manuals-and-standards/general-special-provisions-gsps/local-agency-general-special-provisions-gsps> .

DIVISION 1 GENERAL REQUIREMENTS

1-01 DEFINITIONS AND TERMS

(*****)

Description of Work

Chelan County Natural Resources Project: MALAGA COMMUNITY PARK BATHROOM, Chelan County, WA. This Contract provides for the installation of a prefabricated restroom, associated utilities, all appurtenances to provide functional bathroom facility, and site grading located at Malaga Community Park along the Malaga Alcoa Hwy. This work includes but it not limited to: installation, maintenance and restoration of temporary construction access routes and staging areas; procurement or concrete forming and pouring for the prefabricated restroom sidewalk and apron; design, procurement and installation of the prefabricated restroom structure, internal mechanical and utilities, pad preparation and excavation; installation of onsite septic in accordance with the provided septic designs; reconnecting on-site water connection at existing irrigation vault to be removed and installation of new domestic water and irrigation lines valving and controllers and future stubouts; temporary erosion and sediment control; coordination with Chelan County Public Utility District for installation of electrical services; construction surveying required to perform the aforementioned tasks; and all other work, all in accordance with the attached Contract Plans, these Contract Provisions, and the WSDOT Standard Specifications for Road, Bridge and Municipal Construction and addenda thereto.

1-01.3 Definitions

(January 19, 2022 APWA GSP)

Delete the heading Completion Dates and the three paragraphs that follow it, and replace them with the following:

Dates

Bid Opening Date

The date on which the Contracting Agency publicly opens and reads the Bids.

Award Date

The date of the formal decision of the Contracting Agency to accept the lowest responsible and responsive Bidder for the Work.

Contract Execution Date

The date the Contracting Agency officially binds the Agency to the Contract.

Notice to Proceed Date

The date stated in the Notice to Proceed on which the Contract time begins.

Substantial Completion Date

The day the Project Engineer determines the Contracting Agency has full and unrestricted use and benefit of the facilities, both from the operational and safety standpoint, any remaining traffic disruptions will be rare and brief, and only minor incidental work, replacement of temporary substitute facilities, plant establishment periods, or correction or repair remains for the Physical Completion of the total Contract.

Physical Completion Date

The day all of the Work is physically completed on the project. All documentation required by the Contract and required by law does not necessarily need to be furnished by the Contractor by this date.

Completion Date

The day all the Work specified in the Contract is completed and all the obligations of the Contractor under the contract are fulfilled by the Contractor. All documentation required by the Contract and required by law must be furnished by the Contractor before establishment of this date.

Final Acceptance Date

The date on which the Contracting Agency accepts the Work as complete.

Section 1-01.3 is supplemented with the following:

All references in the Standard Specifications or WSDOT General Special Provisions, to the terms “Department of Transportation”, “Washington State Transportation Commission”, “Commission”, “Secretary of Transportation”, “Secretary”, “Headquarters”, and “State Treasurer” shall be revised to read “Contracting Agency”.

All references to the terms “State” or “state” shall be revised to read “Contracting Agency” unless the reference is to an administrative agency of the State of Washington, a State statute or regulation, or the context reasonably indicates otherwise.

All references to Engineer and Contracting Officer and/or Contracting Agency are equivalent.

All references to “Project Engineer” refers to the firm and Engineer of Record responsible for preparation of the Plans and/or these Special Provisions.

All references to “State Materials Laboratory” shall be revised to read “Contracting Agency designated location”.

All references to “final contract voucher certification” shall be interpreted to mean the Contracting Agency form(s) by which final payment is authorized, and final completion and acceptance granted.

Additive

A supplemental unit of work or group of bid items, identified separately in the Bid Proposal, which may, at the discretion of the Contracting Agency, be awarded in addition to the base bid.

Alternate

One of two or more units of work or groups of bid items, identified separately in the Bid Proposal, from which the Contracting Agency may make a choice between different methods or material of construction for performing the same work.

Business Day

A business day is any day from Monday through Friday except holidays as listed in Section 1-08.5.

Contract Bond

The definition in the Standard Specifications for “Contract Bond” applies to whatever bond form(s) are required by the Contract Documents, which may be a combination of a Payment Bond and a Performance Bond.

Contract Documents

See definition for “Contract”.

Contract Time

The period of time established by the terms and conditions of the Contract within which the Work must be physically completed.

Notice of Award

The written notice from the Contracting Agency to the successful Bidder signifying the Contracting Agency’s acceptance of the Bid Proposal.

Notice to Proceed

The written notice from the Contracting Agency or Engineer to the Contractor authorizing and directing the Contractor to proceed with the Work and establishing the date on which the Contract time begins.

Traffic

Both vehicular and non-vehicular traffic, such as pedestrians, bicyclists, wheelchairs, and equestrian traffic.

1-02 BID PROCEDURES AND CONDITIONS**1-02.1 Prequalification of Bidders**

This section is deleted and replaced with the following

(*****)

1-02.1 Qualifications of Bidder

(January 24, 2011 APWA GSP)

Before award of a public works contract, a bidder must meet at least the minimum qualifications of RCW 39.04.350(1) to be considered a responsible bidder and qualified to be awarded a public works project.

The following new subsection is added:

(*****)

1-02.1(2) Project Specific Supplemental Qualifications Criteria

The Contractor shall submit a “Statement of Qualifications” with this bid. The Contractor shall have prior experience with successful installation of at least three (3) similar projects in the five (5) years, at least two of which should include the installation of a prefabricated bathroom and utility service connections. Bidders can fulfill this requirement by completing the statement of qualifications within the bid documents, using additional sheets as necessary.

Projects qualified as “similar” are defined by:

- Those which included the installation of a prefabricated bathroom facility, and/or site constructed bathroom facility of at least 2 private stalls, including utilities and grading.

1-02.2 Plans and Specifications

(June 27, 2011 APWA GSP)

This section is deleted and replaced with the following:

Information as to where Bid Documents can be obtained or reviewed can be found in the Call for Bids (Advertisement for Bids) for the work. After award of the contract, plans and specifications will be issued to the Contractor at no cost as detailed below:

To Prime Contractor	No. of Sets	Basis of Distribution
Reduced plans (11" x 17") and Contract Provisions	2	Furnished automatically upon award
Contract Provisions	2	Furnished automatically upon award

Additional plans and Contract Provisions may be obtained by the Contractor from the source stated in the Call for Bids, at the Contractor’s own expense.

1-02.4 Examination of Plans, Specifications, and Site of Work

Section 1-02.4 is supplemented with the following:

(*****)

A **Mandatory** Pre-Bid site walk through with representatives from the CONTRACTING AGENCY will be held on April 24th, 2025 11:00 A.M. Attendees should meet at 3401-3807 Malaga Alcoa Hwy, Malaga, WA 98828. A minimum of one representative from each Prime Contractor that intends to submit a bid is required to attend.

1-02.4(1) General

(December 30th, 2022 APWA GSP Option B)

The first sentence of the ninth paragraph beginning with “Prospective Bidders desiring...”, is revised to read:

Prospective Bidders desiring an explanation or interpretation of the Bid Documents, shall request the explanation or interpretation in writing by close of business three (3) business days preceding the bid opening to allow a written reply to reach all prospective Bidders before the submission of their Bids. All questions asked during the bid process will be housed on a Project Specific Bidder Q&A which can be made available by request. If issued, addenda will be posted with the digital project documents on the Contracting Agency’s webpage, and will be emailed to all Planholders.

1-02.4(2) Subsurface Information

Supplement this section with the following:

*(*****)*

A web soil survey is available for the project site and has been included as Appendix E to the Contract Documents.

1-02.5 Proposal Forms

(November 25, 2024 APWA GSP)

Delete this section and replace it with the following:

The Proposal Form will identify the project and its location and describe the work. It will also list estimated quantities, units of measurement, the items of work, and the materials to be furnished at the unit bid prices. The bidder shall complete spaces on the proposal form that call for, but are not limited to, unit prices; extensions; summations; the total bid amount; signatures; date; and, where applicable, retail sales taxes and acknowledgment of addenda; the bidder’s name, address, telephone number, and signature; the bidder’s DBE commitment, if applicable; a State of Washington Contractor’s Registration Number; and a Business License Number, if applicable. Bids shall be in legible figures (not words) written in ink or typed and expressed in U.S. dollars. The required certifications are included as part of the Proposal Form.

The Contracting Agency reserves the right to arrange the proposal forms with alternates and additives, if such be to the advantage of the Contracting Agency. The bidder shall bid on all alternates and additives set forth in the Proposal Form unless otherwise specified.

1-02.6 Preparation of Proposal

*(*****)*

Section 1-02.6 is supplemented with the following:

In accordance with the legislative findings and policies set forth in Chapter 39.19 RCW the State of Washington, Owner encourages participation in all of its contracts by MWBE firms certified by the

Office of Minority and Women's Business Enterprises (OMWBE). Participation may be either on a direct basis in response to this invitation or as a subcontractor to a bidder. However, unless required by federal statutes, regulations, grants, or contract terms referenced in the contract documents, no preference will be included in the evaluation of bids, no minimum level of MWBE participation shall be required as a condition for receiving an award and bids will not be rejected or considered nonresponsive on that basis. Any affirmative action requirements set forth in federal regulations or statutes included or referenced in the contract documents will apply.

(November 25, 2024 APWA Option B)

Supplement the second paragraph with the following:

4. If a minimum bid amount has been established for any item, the unit or lump sum price must equal or exceed the minimum amount stated.

Delete the last two paragraphs, and replace them with the following:

The Bidder shall submit with their Bid a completed Contractor Certification Wage Law Compliance form, provided by the Contracting Agency. Failure to return this certification as part of the Bid Proposal package will make this Bid Nonresponsive and ineligible for Award. A Contractor Certification of Wage Law Compliance form is included in the Proposal Forms.

The Bidder shall make no stipulation on the Bid Form, nor qualify the bid in any manner.

A bid by a corporation shall be executed in the corporate name, by the president or a vice president (or other corporate officer accompanied by evidence of authority to sign).

A bid by a partnership shall be executed in the partnership name and signed by a partner.

A bid by a joint venture shall be executed in the joint venture name and signed by a member of the joint venture.

(November 25, 2024 APWA GSP 1-02.6, Option C)

The fourth paragraph of Section 1-02.6 is revised to read:

The Bidder shall submit with the Bid the completed Subcontractor List included in the Contracting Agency Proposal Package. If a Subcontractor List Form is not included in the package, use DOT Form 271-015LP. The Form shall contain the following:

1. Subcontractors who will perform the work of structural steel installation, rebar installation, heating, ventilation, air conditioning, and plumbing as described in RCW 18.106 and electrical as described in RCW 19.28,
2. The Work those subcontractors will perform on the Contract as described in RCW 39.30.060; and
3. No more than one subcontractor for each category of work identified, except, when subcontractors vary with Bid alternates, in which case the Bidder shall identify which subcontractor will be used for which alternate.

1-02.7 Bid Deposit

Section 1-02.7 is supplemented with the following:

(*****)

A certified check or bid bond made payable to the Chelan County for an amount equal to at least five (5%) percent of the total amount of the bid, must accompany each bid as evidence of good faith, and as a guarantee that, if awarded the contract, the bidder will execute the contract and give bond, as required. Should the successful bidder fail to enter into such a contract and furnish satisfactory performance bond within the time stated in the specifications, the bid proposal deposit may be forfeited to Chelan County.

The Bidder shall make no stipulation on the Bid Form, nor qualify the bid in any manner.

A bid by a corporation shall be executed in the corporate name, by the president or a vice president (or other corporate officer accompanied by evidence of authority to sign).

A bid by a partnership shall be executed in the partnership name and signed by a partner.

A bid by a joint venture shall be executed in the joint venture name and signed by a member of the joint venture.

Cash will not be accepted for a bid deposit and bidders must use the bond form included in the Contract Provisions.

(March 8, 2013 APWA GSP)

Supplement this section with the following:

Bid bonds shall contain the following:

1. Contracting Agency-assigned number for the project if applicable;
2. Name of the project;
3. The Contracting Agency named as obligee;
4. The amount of the bid bond stated either as a dollar figure or as a percentage which represents five percent of the maximum bid amount that could be awarded;
5. Signature of the bidder's officer empowered to sign official statements. The signature of the person authorized to submit the bid should agree with the signature on the bond, and the title of the person must accompany the said signature;
6. The signature of the surety's officer empowered to sign the bond and the power of attorney.

If so stated in the Contract Provisions, bidder must use the bond form included in the Contract Provisions.

If so stated in the Contract Provisions, cash will not be accepted for a bid deposit.

1-02.9 Delivery of Proposal

(July 8th, 2024 APWA GSP, Option A)

Delete this section and replace it with the following:

DBE Document submittal requirements

General

Each Proposal shall be submitted in a sealed envelope, with the Project Name and Project Number as stated in the Call for Bids clearly marked on the outside of the envelope, or as otherwise required in the Bid Documents, to ensure proper handling and delivery.

To be considered responsive on a FHWA-funded project, the Bidder may be required to submit the following items, as required by Section 1-02.6:

- DBE Utilization Certification (WSDOT 272-056)
- DBE Written Confirmation Document (WSDOT 422-031) from each DBE firm listed on the Bidder's completed DBE Utilization Certification
- Good Faith Effort (GFE) Documentation (if applicable)
- DBE Bid Item Breakdown (WSDOT 272-054)

Proposals that are received as required will be publicly opened and read as specified in Section 1-02.12. The Contracting Agency will not open or consider any Bid Proposal that is received after the time specified in the Call for Bids for receipt of Bid Proposals or received in a location other than that specified in the Call for Bids. The Contracting Agency will not open or consider any "Supplemental Information" (Written Confirmations Documents, or GFE Documentation) that is received after the time specified, or received in a location other than that specified in the Call for Bids.

If an emergency or unanticipated event interrupts normal work processes of the Contracting Agency so that Proposals cannot be received at the office designated for receipt of bids as specified in Section 1-02.12 the time specified for receipt of the Proposal will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which the normal work processes of the Contracting Agency resume.

Supplemental bid information submitted after the Proposal submittal but within 48 hours of the time specified for receipt of Proposals, shall be submitted in a sealed envelope labeled the same as for the Proposal, with "Supplemental Information" added.

DBE Utilization Certification (WSDOT Form 272-056)

The DBE Utilization Certification shall be received at the same location and no later than the time required for delivery of the Proposal. The Contracting Agency will not open or consider any Proposal when the DBE Utilization Certification is received after the time specified for receipt of Proposals or received in a location other than that specified for receipt of Proposals. The DBE Utilization Certification may be submitted in the same envelope as the Bid deposit.

DBE Written Confirmation Document (WSDOT Form 422-031) and/or GFE Documentation, (if applicable)

The DBE Written Confirmation Documents and/or GFE Documentation are not required to be submitted with the Proposal. The DBE Written Confirmation Document(s) and/or GFE Documentation (if applicable) shall be received either with the Bid Proposal or as a Supplement to the Bid. Written Confirmation and/or GFE Documentation shall be received no later than 48 hours (not including Saturdays, Sundays and Holidays) after the time for delivery of the Proposal. To be considered responsive, Bidders shall submit a Written Confirmation Document from each DBE firm listed on the Bidder's completed DBE Utilization Certification and/or the GFE Documentation as required by Section 1-02.6.

DBE Bid Item Breakdown Form (WSDOT Form 272-054)

The DBE Bid Item Breakdown shall be received either with the Bid Proposal or as a Supplement to the Bid. The documents shall be received no later than 48 hours (not including Saturdays, Sundays and Holidays) after the time for delivery of the Proposal. To be considered responsive, Bidders shall submit a completed DBE Bid Item Breakdown, however, the Contractor may correct minor errors to the DBE Bid Item Breakdown for a period up to five calendar days after bid opening (not including Saturdays, Sundays and Holidays). DBE Bid Item Breakdowns that are still incorrect after the correction period will be determined to be non-responsive.

The DBE Bid Item Breakdown will not be included as part of the executed Contract.

Chelan County Administration Building
400 Douglas St, Suite 201
Wenatchee, WA 98801**

1-02.10 Withdrawing, Revising, or Supplementing Proposal

(July 23, 2015 APWA GSP)

Delete this section, and replace it with the following:

After submitting a physical Bid Proposal to the Contracting Agency, the Bidder may withdraw, revise, or supplement it if:

1. The Bidder submits a written request signed by an authorized person and physically delivers it to the place designated for receipt of Bid Proposals, and
2. The Contracting Agency receives the request before the time set for receipt of Bid Proposals, and
3. The revised or supplemented Bid Proposal (if any) is received by the Contracting Agency before the time set for receipt of Bid Proposals.

If the Bidder's request to withdraw, revise, or supplement its Bid Proposal is received before the time set for receipt of Bid Proposals, the Contracting Agency will return the unopened Proposal package to the

Bidder. The Bidder must then submit the revised or supplemented package in its entirety. If the Bidder does not submit a revised or supplemented package, then its bid shall be considered withdrawn.

Late revised or supplemented Bid Proposals or late withdrawal requests will be date recorded by the Contracting Agency and returned unopened. Mailed, emailed, or faxed requests to withdraw, revise, or supplement a Bid Proposal are not acceptable.

1-02.12 Public Opening of Proposal

Section 1-02.12 is supplemented with the following:

(*****)

Date of Opening Bids

Sealed bids are to be received at the following location prior to the time specified:

**Board of Chelan County Commissioners
Chelan County Administration Building
400 Douglas St. Suite 201
Wenatchee, Washington 98801**

The bid opening date for this project is scheduled for **Monday, May 5th, 2025**. The bids received will be publicly opened and read on this date at **11:00 AM**, or as soon as possible thereafter.

1-02.13 Irregular Proposals

(September 3, 2024 APWA GSP)

Delete this section and replace it with the following:

1. A Proposal will be considered irregular and will be rejected if:
 - i. The Bidder is not prequalified when so required;
 - ii. The Bidder adds provisions reserving the right to reject or accept the Award, or enter into the Contract;
 - iii. A price per unit cannot be determined from the Bid Proposal;
 - iv. The Proposal form is not properly executed;
 - v. The Bidder fails to submit or properly complete a subcontractor list (WSDOT Form 271-015), if applicable, as required in Section 1-02.6;
 - vi. The Bidder fails to submit or properly complete a Disadvantaged Business Enterprise Certification (WSDOT Form 272-056), if applicable, as required in Section 1-02.6;
 - vii. The Bidder fails to submit Written Confirmations (WSDOT Form 422-031) from each DBE firm listed on the Bidder's completed DBE Utilization Certification that they are in agreement with the bidder's DBE participation commitment, if applicable, as required in Section 1-02.6, or if the written confirmation that is submitted fails to meet the requirements of the Special Provisions;
 - viii. The Bidder fails to submit DBE Good Faith Effort documentation, if applicable, as required in Section 1-02.6, or if the documentation that is submitted fails to demonstrate that a Good Faith Effort to meet the Condition of Award in accordance with Section 1-07.11;

- ix. The Bidder fails to submit a DBE Bid Item Breakdown (WSDOT Form 272-054), if applicable, as required in Section 1-02.6, or if the documentation that is submitted fails to meet the requirements of the Special Provisions;
 - x. The Bidder fails to submit the Bidder Questionnaire (DOT Form 272-022), if applicable as required by Section 1-02.6, or if the documentation that is submitted fails to meet the requirements of the Special Provisions; or
 - xi. The Bid Proposal does not constitute a definite and unqualified offer to meet the material terms of the Bid invitation.
2. A Proposal may be considered irregular and may be rejected if:
- a. The Proposal does not include a unit price for every Bid item;
 - b. Any of the unit prices are excessively unbalanced (either above or below the amount of a reasonable Bid) to the potential detriment of the Contracting Agency;
 - c. The authorized Proposal Form furnished by the Contracting Agency is not used or is altered;
 - d. The completed Proposal form contains unauthorized additions, deletions, alternate Bids, or conditions;
 - e. Receipt of Addenda is not acknowledged;
 - f. A member of a joint venture or partnership and the joint venture or partnership submit Proposals for the same project (in such an instance, both Bids may be rejected); or
 - g. If Proposal form entries are not made in ink.

This section is supplemented with the following:

(*****)

- h. If a Proposal does not include or meet the Project Specific Supplemental Qualifications requirements as listed in section 1-02.1.

1-02.14 Disqualification of Bidders

(May 17, 2018 APWA GSP, Option A)

Delete this section and replace with the following:

(*****)

A Bidder will be deemed not responsible if the Bidder does not meet the mandatory bidder responsibility criteria in RCW 39.04.350(1), as amended; or does not meet the supplemental criteria listed in section 1-02.1 of these Special Provisions.

The Contracting Agency will verify that the Bidder meets the mandatory bidder responsibility criteria in RCW 39.04.350(1). To assess bidder responsibility, the Contracting Agency reserves the right to request documentation as needed from the Bidder and third parties concerning the Bidder's compliance with the mandatory bidder responsibility criteria. As evidence that the Bidder meets the mandatory bidder responsibility criteria, the Contracting Agency may require the apparent low Bidder to submit to the Contracting Agency within 48 hours of request, documentation demonstrating compliance with all responsibility criteria. Documentation can be submitted either as scanned files submitted through e-mail to the Contracting Agency, or printed files submitted through traditional mail or in person. The Contracting Agency reserves the right to request such documentation from other Bidders as well, and to request further documentation as needed to assess bidder responsibility. The Contracting Agency also reserves the right to

obtain information from third parties concerning a Bidder's compliance with the mandatory bidder responsibility criteria.

If the Contracting Agency determines the Bidder does not meet the mandatory bidder responsibility criteria in RCW 39.04.350(1) and is therefore not a responsible Bidder, the Contracting Agency shall notify the Bidder in writing, with the reasons for its determination. If the Bidder disagrees with this determination, it may appeal the determination within 2 (two) business days of the Contracting Agency's determination by presenting its appeal and any additional information to the Contracting Agency. The Contracting Agency will consider the appeal and any additional information before issuing its final determination. If the final determination affirms that the Bidder is not responsible, the Contracting Agency will not execute a contract with any other Bidder until at least 2 business days after the Bidder determined to be not responsible has received the Contracting Agency's final determination.

1-02.15 Pre-Award Information

(December 30, 2022 APWA GSP)

Revise this section to read:

Before awarding any contract, the Contracting Agency may require one or more of these items or actions of the apparent lowest responsible bidder:

1. A complete statement of the origin, composition, and manufacture of any or all materials to be used,
2. Samples of these materials for quality and fitness tests,
3. A progress schedule (in a form the Contracting Agency requires) showing the order of and time required for the various phases of the work,
4. A breakdown of costs assigned to any bid item,
5. Attendance at a conference with the Engineer or representatives of the Engineer,
6. Obtain, and furnish a copy of, a business license to do business in the city or county where the work is located.
7. Any other information or action taken that is deemed necessary to ensure that the bidder is the lowest responsible bidder.

1-03 AWARD AND EXECUTION OF CONTRACT

1-03.1 Consideration of Bids

(December 30, 2022 APWA GSP)

Revise the first paragraph to read:

After opening and reading proposals, the Contracting Agency will check them for correctness of extensions of the prices per unit and the total price. If a discrepancy exists between the price per unit and the extended amount of any bid item, the price per unit will control. If a minimum bid amount has been established for any item and the bidder's unit or lump sum price is less than the minimum specified amount, the Contracting Agency will unilaterally revise the unit or lump sum price, to the minimum specified amount and recalculate the extension. The total of extensions, corrected where necessary, including sales taxes where applicable and such additives and/or alternates as selected by

the Contracting Agency, will be used by the Contracting Agency for award purposes and to fix the Awarded Contract Price amount and the amount of the contract bond.

1-03.1(1) Identical Bid Totals

(December 30, 2022 APWA GSP)

Revise this section to read:

After opening Bids, if two or more lowest responsive Bid totals are exactly equal, then the tie-breaker will be the Bidder with an equal lowest bid, that proposed to use the highest percentage of recycled materials in the Project, per the form submitted with the Bid Proposal. If those percentages are also exactly equal, then the tie-breaker will be determined by drawing as follows: Two or more slips of paper will be marked as follows: one marked "Winner" and the other(s) marked "unsuccessful". The slips will be folded to make the marking unseen. The slips will be placed inside a box. One authorized representative of each Bidder shall draw a slip from the box. Bidders shall draw in alphabetic order by the name of the firm as registered with the Washington State Department of Licensing. The slips shall be unfolded and the firm with the slip marked "Winner" will be determined to be the successful Bidder and eligible for Award of the Contract. Only those Bidders who submitted a Bid total that is exactly equal to the lowest responsive Bid, and with a proposed recycled materials percentage that is exactly equal to the highest proposed recycled materials amount, are eligible to draw.

1-03.3 Execution of Contract

(July 8, 2024 APWA GSP Option A)

Revise this section to read:

Within 3 calendar days of Award date (not including Saturdays, Sundays and Holidays), the successful Bidder shall provide the information necessary to execute the Contract to the Contracting Agency. The Bidder shall send the contact information, including the full name, email address, and phone number, for the authorized signer and bonding agent to the Contracting Agency.

Copies of the Contract Provisions, including the unsigned Form of Contract, will be available for signature by the successful bidder on the first business day following award. The number of copies to be executed by the Contractor will be determined by the Contracting Agency.

Within ***10 (ten)*** calendar days after the award date, the successful bidder shall return the signed Contracting Agency-prepared contract, an insurance certification as required by Section 1-07.18, a satisfactory bond as required by law and Section 1-03.4, the Transfer of Coverage form for the Construction Stormwater General Permit with sections I, III, and VIII completed when provided. Before execution of the contract by the Contracting Agency, the successful bidder shall provide any pre-award information the Contracting Agency may require under Section 1-02.15.

Until the Contracting Agency executes a contract, no proposal shall bind the Contracting Agency nor shall any work begin within the project limits or within Contracting Agency-furnished sites. The Contractor shall bear all risks for any work begun outside such areas and for any materials ordered before the contract is executed by the Contracting Agency.

If the bidder experiences circumstances beyond their control that prevents return of the contract documents within the calendar days after the award date stated above, the Contracting Agency may grant up to a maximum of ***10 (ten)*** additional calendar days for return of the documents, provided the Contracting Agency deems the circumstances warrant it.

1-03.4 Contract Bond*(July 23, 2015 APWA GSP)*

Delete the first paragraph and replace it with the following:

The successful bidder shall provide executed payment and performance bond(s) for the full contract amount. The bond may be a combined payment and performance bond; or be separate payment and performance bonds. In the case of separate payment and performance bonds, each shall be for the full contract amount. The bond(s) shall:

1. Be on Contracting Agency-furnished form(s);
2. Be signed by an approved surety (or sureties) that:
 1. Is registered with the Washington State Insurance Commissioner, and
 2. Appears on the current Authorized Insurance List in the State of Washington published by the Office of the Insurance Commissioner,
3. Guarantee that the Contractor will perform and comply with all obligations, duties, and conditions under the Contract, including but not limited to the duty and obligation to indemnify, defend, and protect the Contracting Agency against all losses and claims related directly or indirectly from any failure:
 1. Of the Contractor (or any of the employees, subcontractors, or lower tier subcontractors of the Contractor) to faithfully perform and comply with all contract obligations, conditions, and duties, or
 2. Of the Contractor (or the subcontractors or lower tier subcontractors of the Contractor) to pay all laborers, mechanics, subcontractors, lower tier subcontractors, material person, or any other person who provides supplies or provisions for carrying out the work;
4. Be conditioned upon the payment of taxes, increases, and penalties incurred on the project under titles 50, 51, and 82 RCW; and
5. Be accompanied by a power of attorney for the Surety's officer empowered to sign the bond; and
6. Be signed by an officer of the Contractor empowered to sign official statements (sole proprietor or partner). If the Contractor is a corporation, the bond(s) must be signed by the president or vice president, unless accompanied by written proof of the authority of the individual signing the bond(s) to bind the corporation (i.e., corporate resolution, power of attorney, or a letter to such effect signed by the president or vice president).

1-03.7 Judicial Review*(December 30, 2022 APWA GSP)*

Revise this section to read:

All decisions made by the Contracting Agency regarding the Award and execution of the Contract or Bid rejection shall be conclusive subject to the scope of judicial review permitted under Washington Law. Such review, if any, shall be timely filed in the Superior Court of the county where the Contracting Agency headquarters is located, provided that where an action is asserted against a county, RCW 36.01.050 shall control venue and jurisdiction.

1-04 SCOPE OF WORK

1-04.1(2) Bid Items Not Included in the Proposal

(*****)

This section is revised to read:

When the contract specifies work that has no bid item, and the work is not specified as being included with or incidental to other bid items, that work shall be considered incidental to the contract or other Bid items included in the proposal form.

1-04.2 Coordination of Contract Documents, Plans, Special Provisions, Specifications, and Addenda

(December 30, 2022 APWA GSP)

Revise the second paragraph to read:

Any inconsistency in the parts of the contract shall be resolved by following this order of precedence (e.g., 1 presiding over 2, 2 over 3, 3 over 4, and so forth):

1. Addenda,
2. Proposal Form,
3. Special Provisions,
4. Contract Plans,
5. Standard Specifications,
6. Contracting Agency's Standard Plans or Details (if any), and
7. WSDOT Standard Plans for Road, Bridge, and Municipal Construction.

1-04.4 Changes

(January 19, 2022 APWA GSP)

The first two sentences of the last paragraph of Section 1-04.4 are deleted.

1-04.11 Final Cleanup

Supplement this section with the following:

(*****)

The Contractor shall repair, at no additional cost to the Contracting Agency, any damage to existing access routes, fences, gates, utilities, structures, and driveways that occurred as a result of activities conducted by the Contractor. All costs associated with performing the final cleanup shall be made incidental to other bid items in the Contract. This includes but is not limited to repairing any damage that occurs to existing pavement outside the limits of paving, existing structures, decorations, and vegetation. The use of rubber-tracked equipment is encouraged but not mandatory.

1-05 CONTROL OF WORK

1-05.4 Conformity with and Deviations from Plans and Stakes

Add the following new subsections:

(*****)

1-05.4(1) Contractor Surveying and Tolerances

The Contracting Agency or the Engineer will provide at minimum a PK nail hub with elevation at the site for vertical control. The Contractor shall field stake the location of the bathroom in accordance with the Construction Documents and verify location with the County prior to construction. The Contractor shall verify and accept responsibility regarding location and elevation of finished floor pad, ADA path and bathroom apron. A licensed professional surveyor is not required if the Contractor guarantees and demonstrates work in accordance with Section 1-05.4(1).

The Contractor shall be responsible for setting, maintaining, and resetting all alignment stakes, slope stakes, and grades necessary for the construction of the project. All calculations, surveying, and measuring required for setting and maintaining the necessary lines and grades shall be the Contractor's responsibility. Electronic copies of alignments, surfaces, and/or points will be made available upon request by the Contractor.

The meaning of words and terms used in this provision shall be as listed in "Definitions of Surveying and Associated Terms" current edition, published by the American Congress on Surveying and Mapping and the American Society of Civil Engineers.

The survey Work shall include but not be limited to the following:

1. Establishing or verifying primary horizontal and vertical control and expanding into secondary control by adding stakes and hubs as well as additional survey control needed for the project. Provide descriptions of all control to the Contracting Agency. The description shall include coordinates and elevations of all control points.
2. Establish the locations and elevations for all subgrade foundation and footing corners by placing hubs, stakes, or marks at the corners and/or offsets to the corners.
3. For all other types of construction included in the Plans, provide staking and layout as necessary to adequately locate, construct, and check the specific construction activity.

The Contractor shall provide the Contracting Agency copies of any calculations and staking data when requested.

To Contractor shall ensure a surveying accuracy of within the following tolerances:

	<u>Vertical</u>	<u>Horizontal</u>
Structure subgrade	±0.05 ft	±0.25 ft
Structure footings	±0.05 ft	±0.25 ft
All other project elements	±0.10 ft	±0.25 ft

The Engineer and/or Contracting Agency may spot-check the Contractor's surveying. These spot-checks will not change the requirements for normal checking by the Contractor. Contract work to be performed

using contractor-provided stakes shall not begin until the stakes are approved by the Contracting Agency. Such approval shall not relieve the Contractor of responsibility for the accuracy of the stakes.

1-05.4(2) Measurement

No independent unit of measurement or payment shall apply to the lump sum bid item for “Surveying.”

1-05.4(3) Payment

The lump sum contract price for “Surveying” shall be full pay for all labor, equipment, materials, and supervision utilized to perform the Work specified, including any resurveying, checking, correction of errors, replacement of missing or damaged stakes, and coordinating efforts with the Contracting Agency.

1-05.7 Removal of Defective and Unauthorized Work

(October 1, 2005 APWA GSP)

Supplement this section with the following:

If the Contractor fails to remedy defective or unauthorized work within the time specified in a written notice from the Engineer or fails to perform any part of the work required by the Contract Documents, the Engineer may correct and remedy such work as may be identified in the written notice, with Contracting Agency forces or by such other means as the Contracting Agency may deem necessary.

If the Contractor fails to comply with a written order to remedy what the Engineer determines to be an emergency situation, the Engineer may have the defective and unauthorized work corrected immediately, have the rejected work removed and replaced, or have work the Contractor refuses to perform completed by using Contracting Agency or other forces. An emergency situation is any situation when, in the opinion of the Engineer, a delay in its remedy could be potentially unsafe, or might cause serious risk of loss or damage to the public.

Direct or indirect costs incurred by the Contracting Agency attributable to correcting and remedying defective or unauthorized work, or work the Contractor failed or refused to perform, shall be paid by the Contractor. Payment will be deducted by the Engineer from monies due, or to become due, the Contractor. Such direct and indirect costs shall include in particular, but without limitation, compensation for additional professional services required, and costs for repair and replacement of work of others destroyed or damaged by correction, removal, or replacement of the Contractor’s unauthorized work.

No adjustment in contract time or compensation will be allowed because of the delay in the performance of the work attributable to the exercise of the Contracting Agency’s rights provided by this Section.

The rights exercised under the provisions of this section shall not diminish the Contracting Agency’s right to pursue any other avenue for additional remedy or damages with respect to the Contractor’s failure to perform the work as required.

1-05.8 Vacant

Section 1-05.8 is replaced with the following:

(*****)

1-05.8 Required Submittals

The following is a list of required submittals to the Contracting Agency as detailed in the respective section of the Standard Specifications and these Special Provisions. These submittals will be required for each separate Bid Schedule:

- 1-07.15 Spill Prevention, Control, and Countermeasure (SPCC) Plan
- 1-08.3 Type A Project Schedule with working hours per day shown
- 1-10.2(2) Temporary Traffic Control Plan
- 7-15 Submittals for Service Connection Materials
- 8-01.3(1)A1 Temporary Erosion and Sediment Control (TESC) Plan(s)
- 8-02 Seed Mix
- 8-03 Irrigation System Layout and Materials
- 8-01 Temporary Construction Access and Staging Plan(s)
- 8-05 Prefabricated Restrooms Shop Drawings Including Foundation Pad Prep per Manufacture Requirements

1-05.11 Final Inspection

Delete this section and replace it with the following:

(*****)

1-05.11 Final Inspections and Operational Testing

(October 1, 2005 APWA GSP)

1-05.11(1) Substantial Completion Date

When the Contractor considers the work to be substantially complete, the Contractor shall so notify the Contracting Agency and Engineer and request the establishment of the Substantial Completion Date. The Contractor's request shall list the specific items of work that remain to be completed in order to reach physical completion. The Contracting Agency and/or Engineer will schedule an inspection of the work with the Contractor to determine the status of completion. The Contracting Agency and Engineer may also establish the Substantial Completion Date unilaterally.

If, after this inspection, the Contracting Agency and Engineer concurs with the Contractor that the work is substantially complete and ready for its intended use, will by written notice to the Contractor, set the Substantial Completion Date. If, after this inspection the Contracting Agency and/or Engineer

does not consider the work substantially complete and ready for its intended use, will so notify the Contractor giving the reasons therefor.

Upon receipt of notice concurring in or denying substantial completion, whichever is applicable, the Contractor shall pursue vigorously, diligently and without unauthorized interruption, the work necessary to reach Substantial and Physical Completion. The Contractor shall provide the Contracting Agency and Engineer with a revised schedule indicating when the Contractor expects to reach substantial and physical completion of the work.

The above process shall be repeated until the Contracting Agency and Engineer establishes the Substantial Completion Date and the Contractor considers the work physically complete and ready for final inspection.

1-05.11(2) Final Inspection and Physical Completion Date

When the Contractor considers the work physically complete and ready for final inspection, the Contractor by written notice, shall request the Contracting Agency and Engineer to schedule a final inspection. The Engineer will set a date for final inspection. The Contracting Agency and/or Engineer and the Contractor will then make a final inspection and the Engineer will notify the Contractor in writing of all particulars in which the final inspection reveals the work incomplete or unacceptable. The Contractor shall immediately take such corrective measures as are necessary to remedy the listed deficiencies. Corrective work shall be pursued vigorously, diligently, and without interruption until physical completion of the listed deficiencies. This process will continue until the Contracting Agency and Engineer are satisfied the listed deficiencies have been corrected.

If action to correct the listed deficiencies is not initiated within 7 days after receipt of the written notice listing the deficiencies, the Engineer may, upon written notice to the Contractor, take whatever steps are necessary to correct those deficiencies pursuant to Section 1-05.7.

The Contractor will not be allowed an extension of contract time because of a delay in the performance of the work attributable to the exercise of the Engineer's right hereunder.

Upon correction of all deficiencies, the Engineer will notify the Contractor and the Contracting Agency, in writing, of the date upon which the work was considered physically complete. That date shall constitute the Physical Completion Date of the contract, but shall not imply acceptance of the work or that all the obligations of the Contractor under the contract have been fulfilled.

1-05.12 Final Acceptance

Section 1-05.12 is revised to the following:

(*****)

The Contractor agrees that neither completion nor final acceptance shall relieve the Contractor of the responsibility to indemnify, defend, and protect the Contracting Agency against any claim or loss resulting from the failure of the Contractor (or the subcontractors or lower tier subcontractors) to pay all laborers, mechanics, subcontractors, material persons, or any other person who provides labor, supplies, or provisions for carrying out the Work or for any payments required for unemployment compensation under Title 50 RCW or for industrial insurance and medical aid required under Title 51 RCW.

When corrections of defects are made, the Contractor shall then be responsible for correcting all defects in workmanship and materials in the corrected work for one year after acceptance of the corrections by Contracting Agency.

This guarantee is supplemental to and does not limit or affect the requirements that the Contractor's work comply with the requirements of the Contract or any other legal rights or remedies of the Contracting Agency.

1-05.13 Superintendents, Labor and Equipment of Contractor

(August 14, 2013 APWA GSP)

Delete the sixth and seventh paragraphs of this section.

Add the following new section:

(*****)

1-05.16 Water and Power

(October 1, 2005 APWA GSP)

The Contractor shall make necessary arrangements, and shall bear the costs for power and water necessary for the performance of the work, unless the contract includes power and water as a pay item.

1-05.15 Method of Serving Notices

(January 4, 2024 APWA GSP)

Revise the second paragraph to read:

All correspondence from the Contractor shall be served and directed to the Engineer. All correspondence from the Contractor constituting any notification, notice of protest, notice of dispute, or other correspondence constituting notification required to be furnished under the Contract, must be written in paper format, hand delivered or sent via certified mail delivery service with return receipt requested to the Engineer's office. Electronic copies such as e-mails or electronically delivered copies of correspondence will not constitute such notice and will not comply with the requirements of the Contract.

1-06 CONTROL OF MATERIAL

1-06.1 Approval of Materials Prior to Use

1-06.1(4) Fabrication Inspection Expense

(June 27, 2011 AWPA GSP)

Delete this section in its entirety.

1-07 LEGAL RELATIONS AND RESPONSIBILITIES TO THE PUBLIC

1-07.1 Laws to be Observed

(October 1, 2005 APWA GSP)

Supplement this section with the following:

In cases of conflict between different safety regulations, the more stringent regulation shall apply.

The Washington State Department of Labor and Industries shall be the sole and paramount administrative agency responsible for the administration of the provisions of the Washington Industrial Safety and Health Act of 1973 (WISHA).

The Contractor shall maintain at the project site office, or other well-known place at the project site, all articles necessary for providing first aid to the injured. The Contractor shall establish, publish, and make known to all employees, procedures for ensuring immediate removal to a hospital, or doctor's care, persons, including employees, who may have been injured on the project site. Employees should not be permitted to work on the project site before the Contractor has established and made known procedures for removal of injured persons to a hospital or a doctor's care.

The Contractor shall have sole responsibility for the safety, efficiency, and adequacy of the Contractor's plant, appliances, and methods, and for any damage or injury resulting from their failure, or improper maintenance, use, or operation. The Contractor shall be solely and completely responsible for the conditions of the project site, including safety for all persons and property in the performance of the work. This requirement shall apply continuously, and not be limited to normal working hours. The required or implied duty of the Engineer to conduct construction review of the Contractor's performance does not, and shall not, be intended to include review and adequacy of the Contractor's safety measures in, on, or near the project site.

1-07.2 State Taxes

Delete this section, including its sub-sections, in its entirety and replace it with the following:

*(*****)*

1-07.2 State Sales Tax

(June 27, 2011 APWA GSP)

The Washington State Department of Revenue has issued special rules on the State sales tax. Sections 1-07.2(1) through 1-07.2(3) are meant to clarify those rules. The Contractor should contact the Washington State Department of Revenue for answers to questions in this area. The Contracting Agency will not adjust its payment if the Contractor bases a bid on a misunderstood tax liability.

The Contractor shall include all Contractor-paid taxes in the unit bid prices or other contract amounts. In some cases, however, state retail sales tax will not be included. Section 1-07.2(2) describes this exception.

The Contracting Agency will pay the retained percentage (or release the Contract Bond if a FHWA-funded Project) only if the Contractor has obtained from the Washington State Department of Revenue a certificate showing that all contract-related taxes have been paid (RCW 60.28.051). The Contracting Agency may deduct from its payments to the Contractor any amount the Contractor may owe the Washington State Department of Revenue, whether the amount owed relates to this contract or not. Any amount so deducted will be paid into the proper State fund.

1-07.2(1) State Sales Tax — Rule 171

WAC 458-20-171, and its related rules, apply to building, repairing, or improving streets, roads, etc., which are owned by a municipal corporation, or political subdivision of the state, or by the United States, and which are used primarily for foot or vehicular traffic. This includes storm or combined sewer systems within and included as a part of the street or road drainage system and power lines when such are part of the roadway lighting system. For work performed in such cases, the Contractor shall include Washington State Retail Sales Taxes in the various unit bid item prices, or other contract amounts, including those that the Contractor pays on the purchase of the materials, equipment, or supplies used or consumed in doing the work.

1-07.2(2) State Sales Tax — Rule 170

WAC 458-20-170, and its related rules, apply to the constructing and repairing of new or existing buildings, or other structures, upon real property. This includes, but is not limited to, the construction of streets, roads, highways, etc., owned by the state of Washington; water mains and their appurtenances; sanitary sewers and sewage disposal systems unless such sewers and disposal systems are within, and a part of, a street or road drainage system; telephone, telegraph, electrical power distribution lines, or other conduits or lines in or above streets or roads, unless such power lines become a part of a street or road lighting system; and installing or attaching of any article of tangible personal property in or to real property, whether or not such personal property becomes a part of the realty by virtue of installation.

For work performed in such cases, the Contractor shall collect from the Contracting Agency, retail sales tax on the full contract price. The Contracting Agency will automatically add this sales tax to each payment to the Contractor. For this reason, the Contractor shall not include the retail sales tax in the unit bid item prices, or in any other contract amount subject to Rule 170, with the following exception.

Exception: The Contracting Agency will not add in sales tax for a payment the Contractor or a subcontractor makes on the purchase or rental of tools, machinery, equipment, or consumable supplies not integrated into the project. Such sales taxes shall be included in the unit bid item prices or in any other contract amount.

1-07.2(3) Services

Include as written.

The Contractor shall not collect retail sales tax from the Contracting Agency on any contract wholly for professional or other services (as defined in Washington State Department of Revenue Rules 138 and 244).

1-07.5 Environmental Regulations

1-07.5(1) General

Section 1-07.5(1) is supplemented with the following:

(*****)

The Contractor is solely responsible for adhering to all environmental or other provisions outlined in the project permits, the Contract Documents, and all applicable local, state and federal laws.

The Contractor shall notify the Contracting Agency a minimum of *** 5 *** calendar days prior to commencing any work in sensitive areas, mitigation areas, and wetland buffers. Installation of construction fencing is excluded from this notice requirement.

Contact with regulatory agencies concerning the permits listed herein, shall be made through the Contracting Agency unless otherwise approved.

The Contractor will not operate equipment or discharge material within the boundaries of wetlands and the waters of the United States as defined by the federal and state regulatory agencies unless otherwise allowed by contract specific permits. If an unauthorized discharge occurs:

- a. Prevent further contamination;
- b. Notify appropriate authorities and the Contracting Officer; and
- c. Mitigate damages.

The Contractor will construct and maintain barriers in work areas and in material sources to prevent sediment, petroleum products, chemicals, and other liquids and solids from entering wetlands or waters of the United States. Remove and properly dispose of barrier collected material. There will be no revisions to any terms or conditions of permits without the approval of the issuing agency.

The project specific permits applied for or issued to date are listed in section 1-07.6 of these Special Provisions. All costs to comply with local, state and federal environmental commitments and requirements are incidental to the contract and are the responsibility of the Contractor.

1-07.6 Permits and Licenses

(January 2, 2018)

Section 1-07.6 is supplemented with the following:

The Contracting Agency anticipates the project requiring the permits listed below and has applied for the Septic System Permit. All additional permits are the contractor's responsibility to submit and pay all fees associated with attaining the permit. This will be included within the Lump Sum Bid Item, "Prefabricated Restroom Complete." Copies of these permits, are required to be onsite at all times. Contact with the permitting agencies, concerning the below-listed permit(s), shall be made through the contracting agency unless otherwise approved in writing. The Contractor is responsible for obtaining coverage under a Construction Stormwater General Permit **if necessary**, in which case direct communication with the Department of Ecology is allowed. The Contractor

shall be responsible for obtaining Ecology's approval for any Work requiring additional approvals (e.g. Request for 12 Chemical Treatment Form). Work may not begin until all necessary project permits have been received by the Contracting Agency and/or provided to the Contractor. No compensations will be made for construction related delays associated with delays in permit approval and/or receipt. The Contractor will be solely responsible for any violations arising out of commencement of work prior to the receipt of necessary permit approvals.

NAME OF DOCUMENT	PERMITTING AGENCY	PERMIT REFERENCE NO.	STATUS
Onsite Septic System Permit	Chelan-Douglas Health District	TBD	Submitted by Contracting Agency
Chelan County Building Permit	Chelan County Building Department	TBD	Contractors Responsibility

1-07.9 Wages

1-07.9(1) General

(*****)

Section 1-07.9(1) is supplemented with the following:

This project is subject to both WA State and Federal hourly minimum rates for wages and fringe benefits.

The Contractor shall pay prevailing wage rates of Federal or State of Washington which are in effect at the time of the execution of the contract and whichever are the higher, in accordance with the requirements of the special provisions.

The Federal wage rates incorporated in this contract have been established by the Secretary of Labor under United States Department of Labor. The contractor shall use the wage determinations which are in effect under the Davis-Bacon Act for Public Works Contracts for Heavy Construction within Chelan County at the time of the bid opening date. Federal Wage Determinations are updated and posted at <https://sam.gov/content/wage-determinations>.

When required to comply with the federal labor standards, 29 CFR S5.5 applies. This can be accessed via this link. <https://www.ecfr.gov/current/title-29/subtitle-A/part-5#5.5>

The State Prevailing Wage rates incorporated in this contract are applicable to all construction activities associated with this contract and in effect for Chelan County at the time of Bid Opening. Wage Determinations, prevailing wage rates, and benefit key codes established by the

State of Washington's Department of Labor and Industries are posted and updated at <https://lni.wa.gov/licensing-permits/public-works-projects/prevailing-wage-rates/>.

1-07.9(5)A Required Documents

(July 8th, 2024 APWA GSP)

This section is revised to read as follows:

General

All "Statements of Intent to Pay Prevailing Wages", "Affidavits of Wages Paid" and Certified Payrolls, including a signed Statement of Compliance for Federal-aid projects, shall be submitted to the Contracting Agency and the State L&I online Prevailing Wage Intent & Affidavit (PWIA) system. When apprenticeship is a requirement of the contract, include in PWIA all apprentices.

(*****)

Intents and Affidavits

On forms provided by the Industrial Statistician of State L&I, the Contractor shall submit to the Contracting Agency the following for themselves and for each firm covered under RCW 39.12 that will or has provided Work and materials for the Contract:

1. The approved "Statement of Intent to Pay Prevailing Wages" State L&I's form number F700-029-000. The Contracting Agency will make no payment under this Contract until this statement has been approved by State L&I and reviewed by the Engineer.
2. The approved "Affidavit of Prevailing Wages Paid", State L&I's form number F700-007-000. The Contracting Agency will not grant Completion until all approved Affidavit of Wages paid for the Contractor and all Subcontractors have been received by the Contracting Agency. The Contracting Agency will not release to the Contractor any funds retained under RCW 60.28.011 until "Affidavit of Prevailing Wages Paid" forms have been approved by State L&I and all of the approved forms have been submitted to the Engineer for every firm that worked on the Contract.

The Contractor is responsible for requesting these forms from State L&I and for paying any fees required by State L&I.

Certified Payrolls

Certified payrolls are required to be submitted by the Contractor for themselves, all Subcontractors and all lower tier subcontractors. The payrolls shall be submitted weekly on all Federal-aid projects and no less than monthly on State funded projects. Certified Payroll Reports (CPR's) are required to be submitted for review by the Contracting Agency prior to payment of any applicable invoices.

Penalties for Noncompliance

The Contractor is advised, if these payrolls are not supplied within the prescribed deadlines, any or all payments may be withheld until compliance is achieved. In addition, failure to provide these payrolls

may result in other sanctions as provided by State laws (RCW 39.12.050) and/or Federal regulations (29 CFR 5.12).

1-07.11 Requirements for Nondiscrimination

(October 1, 2020 APWA GSP, Option A)

Supplement this section with the following:

Disadvantaged Business Enterprise Participation

No preference will be included in the evaluation of Bids/Proposals, no minimum level of DBE participation shall be required as a Condition of Award and Bids/Proposals may not be rejected or considered non-responsive on that basis.

DBE Goals

No DBE goals have been assigned as part of this Contract.

Affirmative Efforts to Solicit DBE Participation

The Contractor shall not discriminate on the grounds of race, gender, color, sex, national origin, age, or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. DBE firms shall have an equal opportunity to compete for subcontracts in which the Contractor enters into pursuant to this Contract.

1-07.13 Contractors' Responsibility for Work

(August 6, 2001)

Section 1-07.13(4) is revised to read

The Contractor shall promptly repair all damage to either temporary or permanent work as directed by the Engineer. For damage qualifying for relief under Sections 1-07.13(1), 1-07.13(2) or 1-07.13(3), payment will be made in accordance with Section 1-04.4. Payment will be limited to repair of damaged work only. No payment will be made for delay or disruption of work.

1-07.15 Temporary Water Pollution Prevention

1-07.15(1) Spill Prevention, Control and Countermeasures Plan

Section 1-07.15(1) is supplemented with the following:

*(*****)*

The Contractor shall address the following items in the SPCC Plan in addition to the other requirements of Section 1-07.15(1):

Mixing, Transfers, & Storage

1. All oil, fuel or chemical storage tanks or containers shall be diked and located on impervious surfaces so as to prevent spill from escaping.
 2. All liquid products shall be stored and mixed on impervious surfaces in a secure water tight environment and provide containment to handle the maximum volume of liquid products on site at any given time.
 3. Proper security shall be maintained to prevent vandalism.
 4. Drip pans or other protective devices shall be required for all transfer operations.
1. **Spills:** Paint and solvent spills shall be treated as oil spills and shall be prevented from reaching storm drains or other discharges. No cleaning solvents or chemicals used for tool or equipment cleaning may be discharged to the ground or water.
 2. **Maintenance of Equipment:** Fuel hoses, oil drums, oil or fuel transfer valves and fittings, etc, shall be checked regularly for drips or leaks and shall be maintained and stored properly to prevent spills into State waters.
 3. **Disposal:** Spilled waste, chemicals or petroleum products shall be transported off site for disposal at a facility approved by the Department of Ecology. The materials shall not be discharged to any sanitary sewer without approval of the local sewer authority.
 4. **Reporting and Cleanup:** The Contractor's designated person for managing and implementing the SPCC Plan shall report hazardous material spills as follows:
 - A. **Spills into State Water** (including ponds, ditches, seasonally dry streams, and wetlands) shall be reported immediately, call all of the following:
 National Response Center (800) 424-8802
 WA State Div. of Emergency Management (800) 258-5990
 Ecology, Central Regional Office (509) 575-2490
 - B. **Spill to Soil** (Including encounters of pre-existing contamination) shall be reported immediately to the following if threatening to health or environment (i.e., explosive, flammable, toxic vapors, shallow groundwater, nearby creek), otherwise within 90 days: WA State Dept of Ecology, Central Regional Office (509) 575-2490

1-07.16 Protection and Restoration of Property

1-07.16(1) Private/Public Property

Supplement this Section with the following:

(*****)

The Contractor shall prevent damage to existing asphalt/ pavement outside the limits of excavation or pavement removal. The Contractor shall utilize steel plates, composite matting, rubber tracks, or other similar protective measures to ensure that no damage to existing asphalt /pavement outside the limits of excavation occurs due to any activity performed by the Contractor or agents of the Contractor, including but not limited to operation of tracked equipment and staging or handling of construction

materials. The Contractor shall be responsible for repairing all such damage at no additional cost to the Contracting Agency.

The Contractor shall exercise care while completing the Work to avoid any damage to existing fencing materials and decorative fixtures present at the sites. All costs associated with repairing any damage that occurs as a result of Contractor actions shall be the responsibility of the Contractor.

The Contractor shall not access the worksite from adjacent properties without permission from the Engineer. The Contractor shall submit a Type 2 Working Drawing to the Engineer in accordance with Section 1-05.3 prior to accessing the project site from adjacent properties. The Working Drawing shall include the methods, materials, equipment, and restoration measures used to access the worksite.

1-07.16(2) Vegetation Protection and Restoration

(August 2, 2010)

Section 1-07.16(2) is supplemented with the following:

Vegetation and soil protection zones for trees shall extend out from the trunk to a distance of 1 foot radius for each inch of trunk diameter at breast height.

Vegetation and soil protection zones for shrubs shall extend out from the stems at ground level to twice the radius of the shrub.

Vegetation and soil protection zones for herbaceous vegetation shall extend to encompass the diameter of the plant as measured from the outer edge of the plant.

1-07.17 Utilities and Similar Facilities

Section 1-07.17 is supplemented with the following:

*(*****)*

The project site is located outside public right of way and therefore the one-call utility notification center may not provide locates within the project limits. Contractor is responsible for any additional utility location performed on private property within the project limits which may require a private locate be performed. All locates (public, private, or otherwise) shall be considered incidental to the contract.

Locations and dimensions shown in the Plans for existing facilities are in accordance with available information obtained without uncovering, measuring, or other verification.

The Contracting Agency will coordinate with CCPUD on establishing primary power to the site and handle all costs associated with that portion of work. The Contractor is responsible for coordinating with all applicable utility service providers, including both Public and private utilities, or their Contractors, to furnish all work necessary to adjust, relocate, replace, or construct their facilities beyond that point and for all connections to the new bathroom structure unless otherwise provided for in the Plans or these Special Provisions. Such adjustment, relocation, replacement, or construction will be done during the prosecution of the work for this project. It is anticipated that utility adjustment, relocation, replacement or construction within the project limits will be completed as follows:

The Contractor is responsible for providing all materials and work necessary to provide full utility services for the installation of the new restroom facility and installation and renovation of the irrigation systems as shown in the final Contract Drawings. The Contractor shall attend a mandatory utility preconstruction meeting with the Engineer, all affected Subcontractors, and all utility owners and their Contractors prior to beginning onsite work.

The following addresses and telephone numbers of utility companies or their Contractors are listed below:

1-07.18 Public Liability and Property Damage Insurance

Delete this section in its entirety, and replace it with the following:

1-07.18 Insurance

(January 4, 2024 APWA GSP)

1-07.18(1) General Requirements

- a. The Contractor shall procure and maintain the insurance described in all subsections of section 1-07.18 of these Special Provisions, from insurers with a current A. M. Best rating of not less than A-: VII and licensed to do business in the State of Washington. The Contracting Agency reserves the right to approve or reject the insurance provided, based on the insurer's financial condition.
- b. The Contractor shall keep this insurance in force without interruption from the commencement of the Contractor's Work through the term of the Contract and for thirty (30) days after the Physical Completion date, unless otherwise indicated below.
- c. If any insurance policy is written on a claims-made form, its retroactive date, and that of all subsequent renewals, shall be no later than the effective date of this Contract. The policy shall state that coverage is claims made and state the retroactive date. Claims-made form coverage shall be maintained by the Contractor for a minimum of 36 months following the Completion Date or earlier termination of this Contract, and the Contractor shall annually provide the Contracting Agency with proof of renewal. If renewal of the claims made form of coverage becomes unavailable, or economically prohibitive, the Contractor shall purchase an extended reporting period ("tail") or execute another form of guarantee acceptable to the Contracting Agency to assure financial responsibility for liability for services performed.
- d. The Contractor's Automobile Liability, Commercial General Liability and Excess or Umbrella Liability insurance policies shall be primary and non-contributory insurance as respects the Contracting Agency's insurance, self-insurance, or self-insured pool coverage. Any insurance, self-insurance, or self-insured pool coverage maintained by the Contracting Agency shall be excess of the Contractor's insurance and shall not contribute with it.
- e. The Contractor shall provide the Contracting Agency and all additional insureds with written notice of any policy cancellation, within two business days of their receipt of such notice.

- f. The Contractor shall not begin work under the Contract until the required insurance has been obtained and approved by the Contracting Agency
- g. Failure on the part of the Contractor to maintain the insurance as required shall constitute a material breach of contract, upon which the Contracting Agency may, after giving five business days' notice to the Contractor to correct the breach, immediately terminate the Contract or, at its discretion, procure or renew such insurance and pay any and all premiums in connection therewith, with any sums so expended to be repaid to the Contracting Agency on demand, or at the sole discretion of the Contracting Agency, offset against funds due the Contractor from the Contracting Agency.
- h. All costs for insurance shall be incidental to and included in the unit or lump sum prices of the Contract and no additional payment will be made.
- i. Under no circumstances shall a wrap up policy be obtained, for either initiating or maintaining coverage, to satisfy insurance requirements for any policy required under this Section. A "wrap up policy" is defined as an insurance agreement or arrangement under which all the parties working on a specified or designated project are insured under one policy for liability arising out of that specified or designated project.

1-07.18(2) Additional Insured

All insurance policies, with the exception of Workers Compensation, and of Professional Liability and Builder's Risk (if required by this Contract) shall name the following listed entities as additional insured(s) using the forms or endorsements required herein:

- the Contracting Agency and its officers, elected officials, employees, agents, and volunteers;
- Pacific Engineering and Design representatives;
- The Malaga Community Council and its officers, elected officials, employees, agents, and volunteers;

The above-listed entities shall be additional insured(s) for the full available limits of liability maintained by the Contractor, irrespective of whether such limits maintained by the Contractor are greater than those required by this Contract, and irrespective of whether the Certificate of Insurance provided by the Contractor pursuant to 1-07.18(4) describes limits lower than those maintained by the Contractor.

For Commercial General Liability insurance coverage, the required additional insured endorsements shall be at least as broad as ISO forms CG 20 10 10 01 for ongoing operations and CG 20 37 10 01 for completed operations.

1-07.18(3) Subcontractors

The Contractor shall cause each Subcontractor of every tier to provide insurance coverage that complies with all applicable requirements of the Contractor-provided insurance as set forth herein, except the Contractor shall have sole responsibility for determining the limits of coverage required to be obtained by Subcontractors.

The Contractor shall ensure that all Subcontractors of every tier add all entities listed in 1-07.18(2) as additional insureds, and provide proof of such on the policies as required by that section as detailed in 1-07.18(2) using an endorsement as least as broad as ISO CG 20 10 10 01 for ongoing operations and CG 20 37 10 01 for completed operations.

Upon request by the Contracting Agency, the Contractor shall forward to the Contracting Agency evidence of insurance and copies of the additional insured endorsements of each Subcontractor of every tier as required in 1-07.18(4) Verification of Coverage.

1-07.18(4) Verification of Coverage

The Contractor shall deliver to the Contracting Agency a Certificate(s) of Insurance and endorsements for each policy of insurance meeting the requirements set forth herein when the Contractor delivers the signed Contract for the work. Failure of Contracting Agency to demand such verification of coverage with these insurance requirements or failure of Contracting Agency to identify a deficiency from the insurance documentation provided shall not be construed as a waiver of Contractor's obligation to maintain such insurance.

Verification of coverage shall include:

1. An ACORD certificate or a form determined by the Contracting Agency to be equivalent.
2. Copies of all endorsements naming Contracting Agency and all other entities listed in 1-07.18(2) as additional insured(s), showing the policy number. The Contractor may submit a copy of any blanket additional insured clause from its policies instead of a separate endorsement.
3. Any other amendatory endorsements to show the coverage required herein.
4. A notation of coverage enhancements on the Certificate of Insurance shall not satisfy these requirements – actual endorsements must be submitted.

Upon request by the Contracting Agency, the Contractor shall forward to the Contracting Agency a full and certified copy of the insurance policy(s). If Builders Risk insurance is required on this Project, a full and certified copy of that policy is required when the Contractor delivers the signed Contract for the work.

1-07.18(5) Coverages and Limits

The insurance shall provide the minimum coverages and limits set forth below. Contractor's maintenance of insurance, its scope of coverage, and limits as required herein shall not be construed to limit the liability of the Contractor to the coverage provided by such insurance, or otherwise limit the Contracting Agency's recourse to any remedy available at law or in equity.

All deductibles and self-insured retentions must be disclosed and are subject to approval by the Contracting Agency. The cost of any claim payments falling within the deductible or self-insured retention shall be the responsibility of the Contractor. In the event an additional insured incurs a liability subject to any policy's deductibles or self-insured retention, said deductibles or self-insured retention shall be the responsibility of the Contractor.

1-07.18(5)A Commercial General Liability

Commercial General Liability insurance shall be written on coverage forms at least as broad as ISO occurrence form CG 00 01, including but not limited to liability arising from premises, operations, stop gap liability, independent contractors, products-completed operations, personal and advertising injury,

and liability assumed under an insured contract. There shall be no exclusion for liability arising from explosion, collapse or underground property damage.

The Commercial General Liability insurance shall be endorsed to provide a per project general aggregate limit, using ISO form CG 25 03 05 09 or an equivalent endorsement.

Contractor shall maintain Commercial General Liability Insurance arising out of the Contractor's completed operations for at least three years following Substantial Completion of the Work.

Such policy must provide the following minimum limits:

\$2,000,000	Each Occurrence
\$3,000,000	General Aggregate
\$3,000,000	Products & Completed Operations Aggregate
\$2,000,000	Personal & Advertising Injury each offence
\$2,000,000	Stop Gap / Employers' Liability each accident

1-07.18(5)B Automobile Liability

Automobile Liability shall cover owned, non-owned, hired, and leased vehicles; and shall be written on a coverage form at least as broad as ISO form CA 00 01. If the work involves the transport of pollutants, the automobile liability policy shall include MCS 90 and CA 99 48 endorsements.

Such policy must provide the following minimum limit:

\$1,000,000	Combined single limit each accident
-------------	-------------------------------------

1-07.18(5)C Workers' Compensation

The Contractor shall comply with Workers' Compensation coverage as required by the Industrial Insurance laws of the State of Washington.

1-07.24 Rights of Way

(July 23, 2015 APWA GSP)

Delete this section and replace it with the following:

The Contractor's construction activities shall be confined within the construction limits shown on the plans, unless arrangements for use of private property are made. Whenever any of the work is accomplished on or through property other than public Right of Way, the Contractor shall meet and fulfill all covenants and stipulations of any easement agreement obtained by the Contracting Agency from the owner of the private property. Copies of the easement agreements may be included in the Contract Provisions or made available to the Contractor as soon as practical after they have been obtained by the Contracting Agency or Engineer.

The Contractor shall not proceed with any portion of the work in areas where right of way, easements or rights of entry have not been acquired until the Contracting Agency or Engineer certifies in writing to the Contractor that the right of way or easement is available or that the right of entry has been received. If the Contractor is delayed due to acts of omission on the part of the Contracting Agency

in obtaining easements, rights of entry or right of way, the Contractor may be entitled to an extension of time. The Contractor agrees that such delay shall not be a breach of contract. Each property owner shall be given 48 hours' notice prior to entry by the Contractor. This includes entry onto easements and private property where private improvements must be adjusted.

The Contractor shall be responsible for providing, without expense or liability to the Contracting Agency, any additional land and access thereto that the Contractor may need for temporary construction facilities, storage of materials, or other Contractor needs. However, before using any private property, whether adjoining the work or not, the Contractor shall file with the Contracting Agency and Engineer a written permission of the private property owner, and, upon vacating the premises, a written release from the property owner of each property disturbed or otherwise interfered with by reasons of construction pursued under this contract. The statement shall be signed by the private property owner, or proper authority acting for the owner of the private property affected, stating that permission has been granted to use the property and all necessary permits have been obtained or, in the case of a release, that the restoration of the property has been accomplished to the satisfaction of the property owner. Contractor shall be responsible for all costs to restore the private property to the satisfaction of the property owner. The statement shall include the parcel number, address, and date of signature. Written releases must be filed with the Contracting Agency and Engineer before the Completion Date will be established.

1-08 PROSECUTION AND PROGRESS

Add the following new section:

(*****)

1-08.0 Preliminary Matters

(May 25th, 2006 APWA GSP)

1-08.0(1) Preconstruction Conference

(July 8, 2024 APWA GSP)

Prior to the Contractor beginning the work, a preconstruction conference will be held between the Contractor, the Contracting Agency, the Project Engineer, applicable permitting agencies and such other interested parties as may be invited. The purpose of the preconstruction conference will be:

1. To review the initial progress schedule;
2. To establish a working understanding among the various parties associated or affected by the work;
3. To establish and review procedures for progress payment, notifications, approvals, submittals, etc.
4. To establish normal working hours for the work;
5. To review safety standards and traffic control; and
6. To discuss such other related items as may be pertinent to the work.

The Contractor shall prepare and submit at the preconstruction meeting the following:

1. A breakdown of all lump sum items;
2. A preliminary schedule of working drawing submittals; and
3. A list of material sources for approval if applicable.

Add the following new section:

1-08.0(2) Hours of Work

The Contractor shall indicate what their normal working hours for the project will be as part of their Project Schedule submittal. Except in the case of emergency or unless otherwise approved by the Contracting Agency or Engineer, the normal working hours for all work, including moving and cleanup of equipment shall be 40 work week hours comprised of any consecutive 8 or 10-hour period between 7:00 a.m. and 6:00 p.m. Monday through Friday, exclusive of a lunch break. No weekend work shall be allowed. If the Contractor desires different than the normal working hours stated above, the request must be submitted in writing prior to the preconstruction conference, subject to the provisions below. The working hours for the Contract shall be established at or prior to the preconstruction conference.

All working hours and days are also subject to local permit and ordinance conditions (such as noise ordinances).

If the Contractor wishes to deviate from the established working hours, the Contractor shall submit a written request to the Contracting Agency and Engineer for consideration. This request shall state what hours are being requested, and why. Requests shall be submitted for review no later than 3 (three) working days prior to the day(s) the Contractor is requesting to change the hours. Permission to work holidays, or other than the agreed upon normal straight time working hours may be given subject to certain other conditions set forth by the Contracting Agency. These conditions may include but are not limited to:

1. On non-Federal aid projects, requiring the Contractor to reimburse the Contracting Agency for the costs in excess of straight-time costs for Contracting Agency representatives who worked during such times. (The Contracting Agency and/or Engineer may require designated representatives to be present during the work. Representatives who may be deemed necessary by the Contracting Agency and/or Engineer include, but are not limited to: survey crews; personnel from the Contracting Agency's material testing lab; inspectors; and other Contracting Agency and/or Engineer employees when in the opinion of the Contracting Agency and/or Engineer, such work necessitates their presence.)
2. Considering the work performed on Saturdays, Sundays, and holidays as working days with regard to the contract time.
3. Considering multiple work shifts as multiple working days with respect to contract time, even though the multiple shifts occur in a single 24-hour period.
4. If a 4-10 work schedule is requested and approved the non-working day for the week will be charged as a working day.
5. If Davis Bacon wage rates apply to this Contract, all requirements must be met and recorded properly on certified payroll

1-08.1 Subcontracting

(December 30, 2022 APWA GSP, Option A)

Section 1-08.1 is supplemented with the following:

Prior to any subcontractor or lower tier subcontractor beginning work, the Contractor shall submit to the Engineer a certification (WSDOT Form 420-004) that a written agreement between the Contractor and the subcontractor or between the subcontractor and any lower tier subcontractor has been executed. This certification shall also guarantee that these subcontract agreements include all the documents required by the Special Provision Federal Agency Inspection.

A subcontractor or lower tier subcontractor will not be permitted to perform any work under the contract until the following documents have been completed and submitted to the Engineer:

1. Request to Sublet Work (WSDOT Form 421-012), and
2. Contractor and Subcontractor or Lower Tier Subcontractor Certification for Federal-aid Projects (WSDOT Form 420-004).

The Contractor shall submit to the Engineer a completed Monthly Retainage Report (WSDOT Form 272-065) within 15 calendar days after receipt of every monthly progress payment until every subcontractor and lower tier subcontractor's retainage has been released.

The Contractor's records pertaining to the requirements of this Special Provision shall be open to inspection or audit by representatives of the Contracting Agency during the life of the contract and for a period of not less than three years after the date of acceptance of the contract. The Contractor shall retain these records for that period. The Contractor shall also guarantee that these records of all subcontractors and lower tier subcontractors shall be available and open to similar inspection or audit for the same time period.

1-08.3(2)A Type A Progress Schedule

Revise this section to read:

(*****)

The Contractor shall submit a Type A Progress Schedule at least 1 week prior to the preconstruction conference, or some other mutually agreed upon submittal time. The schedule may be a critical path method (CPM) schedule, bar chart, or other standard schedule format. Regardless of which format used, the schedule shall identify the critical path. The Contracting Agency and Engineer will evaluate the Type A Progress Schedule and approve or return the schedule for corrections within 15 calendar days of receiving the submittal.

1-08.4 Prosecution of Work

Delete this section and replace it with the following:

(*****)

1-08.4 Notice to Proceed and Prosecution of Work

(July 23, 2015 APWA GSP)

Notice to Proceed will be given after the contract has been executed and the contract bond and evidence of insurance have been approved and filed by the Contracting Agency. The Contractor shall not commence with the work until the Notice to Proceed has been given by the Contracting Agency or Engineer. The Contractor shall diligently pursue the work to the physical completion date within the time specified in the contract. Voluntary shutdown or slowing of operations by the Contractor shall not relieve the Contractor of the responsibility to complete the work within the time(s) specified in the contract.

When shown in the Contract Plans, the first order of work shall be the installation of high visibility fencing to delineate all areas for protection or restoration, as described in the Contract. Installation of high visibility fencing adjacent to the roadway shall occur after the placement of all necessary signs and traffic control devices in accordance with 1-10.1(2). Upon construction of the fencing, the Contractor shall request the Engineer to inspect the fence. No other work shall be performed on the site until the Contracting Agency has accepted the installation of high visibility fencing, as described in the Contract.

1-08.5 Time for Completion

(November 30, 2018 APWA GSP, Option A)

Section 1-08.5 is supplemented with the following:

All work including mobilization and demobilization shall be complete between the dates of June 1st 2025 and April 1, 2026. Final project start date shall be determined by the issuance of the Notice to Proceed, which shall be delivered to the contractor upon acceptance of all Contractual and Plan submittals.

(December 30th, 2022 APWA GSP, Option B)

Revise the third and fourth paragraphs to read:

Contract time shall begin on the first working day following the Notice to Proceed date. If the Contractor starts work on the project at an earlier date, then contract time shall begin on the first working day when onsite work begins.

Each working day shall be charged to the contract as it occurs, until the contract work is physically complete. If substantial completion has been granted and all the authorized working days have been used, charging of working days will cease. Each week the Engineer will provide the Contractor a statement that shows the number of working days: (1) charged to the contract the week before; (2) specified for the physical completion of the contract; and (3) remaining for the physical completion of the contract. The statement will also show the nonworking days and all partial or whole days the Engineer declares as unworkable. The statement will be identified as a Written Determination by the Engineer. If the Contractor does not agree with the Written Determination of working days, the Contractor shall pursue the protest procedures in accordance with Section 1-04.5. By failing to follow the procedures of Section 1-04.5, the Contractor shall be deemed as having accepted the statement as correct. If the Contractor is approved to work 10 hours a day and 4 days a week (a 4-10 schedule) and the fifth day of the week in which a 4-10 shift is worked would ordinarily be charged as

a working day, then the fifth day of that week will be charged as a working day whether or not the Contractor works on that day.

Revise the sixth paragraph to read:

The Engineer will give the Contractor written notice of the completion date of the contract after all the Contractor's obligations under the contract have been performed by the Contractor. The following events must occur before the Completion Date can be established:

1. The physical work on the project must be complete; and
2. The Contractor must furnish all documentation required by the contract and required by law, to allow the Contracting Agency to process final acceptance of the contract. The following documents must be received by the Project Engineer prior to establishing a completion date:
 - a. Certified Payrolls (per Section 1-07.9(5)).
 - b. Material Acceptance Certification Documents
 - c. Monthly Reports of Amounts Credited as DBE Participation, as required by the Contract Provisions.
 - d. Final Contract Voucher Certification
 - e. Copies of the approved "Affidavit of Prevailing Wages Paid" for the Contractor and all subcontractors

1-09 MEASUREMENT AND PAYMENT

1-09.9 Payments

(July 8, 2024, APWA GSP, Option B)

Delete the fourth paragraph and replace it with the following:

Progress payments for completed work and material on hand will be based upon progress estimates prepared by the Engineer. A progress estimate cutoff date will be established at the preconstruction conference.

The initial progress estimate will be made not later than 30 days after the Contractor commences the work, and successive progress estimates will be made every month thereafter until the Completion Date. Progress estimates made during progress of the work are tentative, and made only for the purpose of determining progress payment. The progress estimates are subject to change at any time prior to the calculation of the Final Payment.

The value of the progress estimate will be the sum of the following:

1. Unit Price Items in the Bid Form — the approximate quantity of acceptable units of work completed multiplied by the unit price.
2. Lump Sum Items in the Bid Form — based on the approved Contractor's lump sum breakdown for that item, or absent such a breakdown, based on the Engineer's determination.
3. Materials on Hand — 100 percent of invoiced cost of material delivered to Job site or other storage area approved by the Engineer.

4. Change Orders — entitlement for approved extra cost or completed extra work as determined by the Engineer.

Progress payments will be made in accordance with the progress estimate less:

1. Retainage per Section 1-09.9(1), on non FHWA-funded projects;
2. The amount of Progress Payments previously made; and
3. Funds withheld by the Contracting Agency for disbursement in accordance with the Contract Documents.

Progress payments for work performed shall not be evidence of acceptable performance or an admission by the Contracting Agency that any work has been satisfactorily completed. The determination of payments under the contract will be final in accordance with Section 1-05.1.

1-09.11 Disputes and Claims

1-09.11(3) Time Limitation and Jurisdiction

(December 30th, 2022 APWA GSP)

Revise this section to read:

For the convenience of the parties to the Contract it is mutually agreed by the parties that all claims or causes of action which the Contractor has against the Contracting Agency arising from the Contract shall be brought within 180 calendar days from the date of final acceptance (Section 1-05.12) of the Contract by the Contracting Agency; and it is further agreed that all such claims or causes of action shall be brought only in the Superior Court of the county where the Contracting Agency headquarters is located, provided that where an action is asserted against a county, RCW 36.01.050 shall control venue and jurisdiction. The parties understand and agree that the Contractor's failure to bring suit within the time period provided, shall be a complete bar to all such claims or causes of action. It is further mutually agreed by the parties that when claims or causes of action which the Contractor asserts against the Contracting Agency arising from the Contract are filed with the Contracting Agency or initiated in court, the Contractor shall permit the Contracting Agency to have timely access to all records deemed necessary by the Contracting Agency to assist in evaluating the claims or action.

1-09.13 Claims Resolution

1-09.13(1)A General

(December 30, 2022 APWA GSP)

Revise this section to read:

Prior to seeking claims resolution through arbitration or litigation, the Contractor shall proceed in accordance with Sections 1-04.5 and 1-09.11. The provisions of Sections 1-04.5 and 1-09.11 must be complied with in full as a condition precedent to the Contractor's right to seek claim resolution through binding arbitration or litigation.

Any claims or causes of action which the Contractor has against the Contracting Agency arising from the Contract shall be resolved, as prescribed herein, through binding arbitration or litigation.

The Contractor and the Contracting Agency mutually agree that those claims or causes of action which total \$1,000,000 or less, which are not resolved by mediation, shall be resolved through

litigation unless the parties mutually agree in writing to resolve the claim through binding arbitration.

The Contractor and the Contracting Agency mutually agree that those claims or causes of action in excess of \$1,000,000, which are not resolved by mediation, shall be resolved through litigation unless the parties mutually agree in writing to resolve the claim through binding arbitration.

1-09.13(3)A Administration of Arbitration

(January 19, 2022 APWA GSP)

Revise the third paragraph to read:

The Contracting Agency and the Contractor mutually agree to be bound by the decision of the arbitrator, and judgment upon the award rendered by the arbitrator may be entered in the Superior Court of the county in which the Contracting Agency's headquarters is located, provided that where claims subject to arbitration are asserted against a county, RCW 36.01.050 shall control venue and jurisdiction of the Superior Court. The decision of the arbitrator and the specific basis for the decision shall be in writing. The arbitrator shall use the Contract as a basis for decisions.

1-09.13(4) Venue for Litigation

(December 30th, 2022 APWA GSP)

Revise this section to read:

Litigation shall be brought in the Superior Court of the county in which the Contracting Agency's headquarters is located, provided that where claims are asserted against a county, RCW 36.01.050 shall control venue and jurisdiction of the Superior Court. It is mutually agreed by the parties that when litigation occurs, the Contractor shall permit the Contracting Agency to have timely access to all records deemed necessary by the Contracting Agency to assist in evaluating the claims or action.

1-10 TEMPORARY TRAFFIC CONTROL

1-10.1(1) General

Section 1-10.1(1) is supplemented with the following:

(*****)

Traffic control will be required for construction vehicles entering and leaving each project site. The determination of when to use temporary traffic control and how to accomplish temporary traffic control shall be the responsibility of the Contractor's. The Contractor shall be responsible to implement temporary traffic control as necessary to meet permit requirements and provide safe working conditions and driving conditions for all peoples. Any traffic control measures utilized for this project shall be conducted in such a way that the abutting public roadways remain open to travel at all times. If traffic on any public roadway will be disrupted due to construction activities, the Contractor shall develop a Traffic Control Plan, and obtain any required authorization from the jurisdictional authority of the road system.

Only training with WSDOT TCS card and WSDOT training curriculum is recognized in the State of Washington. The Traffic Control Supervisor shall be certified by a TCOC approved training provider, a list of which can be found here. <https://wsdot.wa.gov/travel/traffic-safety-methods/work-zone-safety>

1-10.2(2) Traffic Control Plans

Delete this section in its entirety and replace it with the following:

(*****)

No traffic control plan is shown in the Plans. The determination of when to use temporary traffic control and how to accomplish temporary traffic control shall be the responsibility of the Contractor. The Contractor shall be responsible to implement temporary traffic control as necessary to meet permit requirements and provide safe working conditions and driving conditions, as described in the Standard Specifications. If traffic on any public roadway will be disrupted due to construction activities, the Contractor shall develop a Traffic Control Plan, and obtain any required authorization from the jurisdictional authority of the road system.

The Contractor shall submit Type 3 Working Drawings illustrating all elements of the proposed temporary traffic control plan for review and approval by the Contracting Agency and Engineer.

The Engineer or Contracting Agency retains the right to stop all Work and require immediate implementation of corrective measures if they determine at any time that Work is being conducted in a manner that is unsafe to the traveling public. Such corrective measures shall be implemented immediately at no cost to the Contracting Agency.

1-10.2(3) Conformance to Established Standards

(February 3, 2020)

Section 1-10.2(3) is revised to read:

Flagging, signs, and all other traffic control devices and procedures furnished or provided shall conform to the standards established in the latest WSDOT adopted edition (in accordance with WAC 468-95) of the MUTCD, published by the U.S. Department of Transportation, and the 2005 draft version of the Public Rights-of-Way Accessibility Guidelines (PROWAG): <https://www.access-board.gov/guidelines-and-standards/streets-sidewalks/public-rights-of-way/background/revised-draft-guidelines>. Judgment of the quality of devices furnished will be based upon Quality Guidelines for Temporary Traffic Control Devices, published by the American Traffic Safety Services Association. Copies of the MUTCD and Quality Guidelines for Temporary Control Devices may be purchased from the American Traffic Safety Services Association, 15 Riverside Parkway, Suite 100, Fredericksburg, VA 22406-1022.

In addition to the standards of the MUTCD described above, the Contracting Agency enforces crashworthiness requirements for most work zone devices. The AASHTO Manual for Assessing Safety Hardware (MASH) has superseded the National Cooperative Highway Research Project (NCHRP) Report 350 as the established requirements for crash testing. Temporary traffic control devices manufactured after December 31, 2019 shall be compliant with the 2016 edition of the Manual for Assessing Safety Hardware (MASH 16) crash test requirements, as determined by the Contracting Agency, except as follows:

1. In situations where a MASH 16 compliant traffic control device does not exist and there are no available traffic control devices that were manufactured on or before December 31, 2019, then a traffic control device manufactured after December 31, 2019 that is compliant with either NCHRP 350 or the 2009 edition of the Manual for Assessing Safety Hardware (MASH 09) is allowed for use with approval of the Engineer.
2. Temporary traffic control devices that were manufactured on or before December 31, 2019, and were successfully tested to National Cooperative Highway Research Program (NCHRP) Report 350 or MASH 09 may continue to be used on WSDOT projects throughout their normal service life.
3. Small and lightweight channelizing and delineating devices, including cones, tubular markers, flexible delineator posts, and plastic drums, shall meet the requirements of either NCHRP 350, MASH 09, or MASH 16, as determined by the manufacturer of the device.
4. A determination of crashworthiness for acceptance of trailer-mounted devices such as arrow displays, temporary traffic signals, area lighting supports, and portable changeable message signs is currently not required.

The condition of signs and traffic control devices shall be acceptable or marginal as defined in the book Quality Guidelines for Temporary Traffic Control Devices, and will be accepted based on a visual inspection by the Engineer. The Engineer's decision on the condition of a sign or traffic control device shall be final. A sign or traffic control device determined to be unacceptable shall be removed from the project and replaced within 12 hours of notification.

1-10.4 Measurement

Section 1-10.4(1) through 1-10.4(4) are deleted and replaced with the following:

(*****)

No independent bid item for Temporary Traffic Control is included in the Bid Schedule and therefore no separate measurement applies. Should it be determined that traffic control measures are necessary, all costs associated with developing and implementing and appropriate traffic control plan shall become incidental to other bid items in the project and the responsibility of the Contractor.

1-10.5 Payment

Sections 1-10.5(1) through 10.5(4) are deleted and replaced with the following:

(*****)

No individual payment shall be made for any costs associated with designing, implementing, maintaining and decommissioning Contractor identified or Engineer required Temporary Traffic Control Measures; these costs are incidental to the project and no separate payment will be made.

DIVISION 2 EARTHWORK

2-01 CLEARING, GRUBBING, AND ROADSIDE CLEANUP

2-01.1 Description

The first paragraph of this section is deleted and replaced with the following:

(*****)

Prior to any clearing, the Contractor shall flag the extents of the limits of disturbance, including staging areas. The Contractor shall clear within the temporary access routes and staging areas. Vegetation shall be cleared as close to the groundline as practical, but no grubbing shall occur. This Work includes protecting from harm all trees, bushes, shrubs, or other objects not within the clearing and grading limits or selected to remain. Temporary site access routes shall be restored to original or better condition unless they are designated for decommissioning on the Plans. The clearing and grubbing limits are as follows: from the top of the cut slope along the Malaga Community Park parking lot to the edge of the south edge of the existing playground.

“Clearing” means removing and disposing of all unwanted material from the surface, such as trees, brush, down timber, or other natural material.

“Grubbing” means removing and disposing of all unwanted vegetative matter from underground, such as sod, stumps, roots, buried logs, or other debris.

“Debris” means all unusable natural material produced by clearing and grubbing.

2-01.2 Disposal of Usable Material and Debris

2-01.2(1) Disposal Method No. 1 – Open Burning

This section is deleted and replaced with the following:

(*****)

Open burning is prohibited.

2-01.2(2) Disposal Method No. 2 – Waste Site

This section is supplemented with the following:

(*****)

All debris and cleared material shall be removed and disposed of at an offsite location. Materials containing plant species listed as noxious weeds by the Washington State Noxious Weed Control Board shall be hauled to an offsite waste site that meets all applicable local, state, and federal regulations.

2-01.4 Measurement

This section is supplemented with the following:

(*****)

No unit of measurement shall apply to the lump sum bid item for “Clearing Grubbing and Roadside Cleanup”

2-01.5 Payment

This section is supplemented with the following:

(*****)

Payment for the lump sum bid item “Clearing and Grubbing and Roadside Cleanup” shall be full payment for all work described in this section. Any areas cleared beyond the delineated limits on the Plans shall be restored at no additional cost to the Owner.

2-02 REMOVAL OF STRUCTURES AND OBSTRUCTONS**2-02.1 Description**

This section is supplemented with the following:

(*****)

This work includes the temporary and permanent removal of objects which interfere with the completion of other works.

2-02.3 Construction Requirements

This section is supplemented with the following:

(*****)

The Contractor shall remove and dispose of, or salvage, irrigation boxes, irrigation controls, irrigation prv, irrigation valve boxes, and power pole as indicated in the Plans and at the direction of the Contracting Agency. The Work also includes backfilling of trenches, holes or pits that result from such removal.

2-02.4 Vacant

This section is replaced with the following:

(*****)

2-02.4 Measurement

No unit of measurement shall apply to the lump sum bid item for “Removal of Structures and Obstructions.”

2-02.5 Payment

This section is supplemented with the following:

(*****)

Payment for the lump sum bid item “Removal of Structures and Obstructions” shall be full compensation for all labor, equipment and materials necessary to complete the removal and disposal and/or salvaging of the materials as described in this section and as shown in the final plans.

2-03 ROADWAY EXCAVATION AND EMBANKMENT**2-03.1 Description**

This section is supplemented with the following:

(*****)

The work includes all excavating and grading necessary for creation of the new bathroom foundation, concrete sidewalk and other work as shown on the Plans. This includes existing rock piles as indicated on the Plans, excavating below grade, excavating trenches, and disposing of all excavated material. These activities may be performed in making cuts, slopes, trenches, sidewalks, pathways, and in completing related Work.

2-03.3 Construction Requirements

This section is supplemented with the following:

(*****)

The Contractor shall perform all excavation as outlined and within the limits shown on the plans. The Contractor shall remove and dispose of any soil, debris, rock, and solid waste unsuitable for the project as determined by the Contracting Agency.

Rocks within Soil pile E are to be used as fill material for holes located at Locations A, B, C in accordance with the Final Plans. The Contractor shall Provide 6” layer of non-screened soil over rocks to provide smooth surface at Locations A, B, and C. The remainder of pile E shall be moved to Location 5 and leveled. Screening is not required for material outside of that necessary to generate Topsoil Type B onsite.

2-03.4 Measurement

This section is supplemented with the following:

(*****)

No unit of measurement shall apply to the lump sum bid item for “Roadway Excavation Inc. Haul.”

2-03.5 Payment

This section is supplemented with the following:

(*****)

Payment for the lump sum bid item for “Roadway Excavation Inc. Haul” will be made pursuant with the standard specifications for 2-03.5.

2-06 SUBGRADE PREPARATION

2-06.1 Description

This section is replaced with the following:

(*****)

This work consists of preparing graded bed for the new restroom foundation and concrete sidewalk and any other areas shown on the Plans for concrete. Subgrade preparation shall be incidental to and included in other items of work.

2-06.2 VACANT

This section is replaced with the following:

(*****)

2-06.2 Materials

Materials for the restroom subgrade preparation shall be pursuant with the manufacturer’s recommendations, or as noted on the Plans.

Materials for the sidewalk preparation shall be pursuant with the requirements of section 8-14, or as noted on the plans.

2-06.3 Construction Requirements

This section is supplemented with the following:

(*****)

In preparing the graded bed, the Contractor shall:

1. Remove brush, weeds, vegetation, grass, and debris and dispose of all removed material per 2-01.2(2).
2. Drain water from all low spots or ruts.
3. Shape the entire subgrade to a uniform surface running reasonably true to the line, grade, and cross-section as staked.
4. Process the subgrade in cut areas to remove materials too coarse for mechanical trimming and re-compaction.
5. Compaction in accordance with the Manufacturers requirements.
6. Remove excess material that does not drift to low spots during grading and shaping. The Contractor shall dispose of this excess by placing it where the subgrade lacks material or by wasting it, as the Engineer directs.
7. Add materials as the Contracting Agency directs where the subgrade needs more to bring it up to grade. The Contractor shall water and compact these added materials as needed to produce a true finished Subgrade.

If the Contract requires a trimming machine, it shall:

1. Maintain the grade and transverse slopes automatically through sensors that respond to reference lines.
2. Create a smooth, uniform surface free from chatter and ripples.

2-06.5 Measurement and Payment

This section is supplemented with the following:

(*****)

No individual measurement or payment will be made for the work described in this section. Work associated with the side walk is included within the L.S bid item for “Sidewalk and Apron” as described in section 8-14. Work associated with the restroom foundation is included within the L.S bid item for “Procurement and Installation of Prefabricated Restroom” as described in section 8-05.

2-11 TRIMMING AND CLEANUP

2-11.1 Description

This section is supplemented with the following:

(*****)

This Work consists of dressing and trimming the entire project area and any other location with visual evidence of project-generated material, to the satisfaction of the Engineer and/or Contracting Agency.

2-11.3 Construction Requirements

This section is supplemented with the following:

(*****)

The Contractor shall....

2-11.4 Measurement

This section is supplemented with the following:

(*****)

No individual unit of measurement shall apply to the work described in this section. It is incidental to the Contract.

2-11.5 Payment

This section is supplemented with the following:

(*****)

No individual payment will be made for the work described in this section. It is incidental to the Contract.

DIVISION 7
DRAINAGE STRUCTURES, STORM SEWERS, SANITARY SEWERS, WATER
MAINS AND CONDUITS

7-15 SERVICE CONNECTIONS

7-15.1 Description

The first paragraph of this section is deleted and replaced with the following:

(*****)

This work includes all work, materials, fittings and appurtenances necessary to connect the domestic water service for the new restroom structure to the existing Malaga Community Water service connection and the service lines from the irrigation connection. This work includes trench excavation and backfill, aggregates, gravel backfill for pipe zone bedding, pipe zone backfill. This also includes service piping, connecting utilities within the restroom facility, pressure reducing valve and backflow preventer located in the mechanical room, as well as installing all domestic water system appurtenances in accordance with AWWA, Malaga Water District and the Washington State Department of Healthy Cross Connection Control Standards. The Contractor shall coordinate all work necessary for establishing the new domestic water connection with Malaga Community Water, and follow any direction

7-15.2 Materials

This section is supplemented with the following:

(*****)

All materials for this work should be pursuant with this section, as well as any installation and material requirements provided by Malaga Community Water.

Backflow Preventer	On USC Approved Backflow Assemblies List at time of submittal
Pressure Reducing Valve	Zurn 600XL or Engineer Approved Equal
Service Pipe	9-30.6(3)B
Quick Connect Coupling	Ford C44-xx-Q-NL, C84-xx-Q-NL
Quick Joint Tee	Ford T441-xxx-Q-NL
Hose Bib	Matco-Norco 207LF 3/4" Male

7-15.3 Construction Requirements

This section is supplemented with the following:

(*****)

The Contactor shall submit to the Contracting Agency the Service Connection Materials and installation measures for review and approval prior to any work occurring.

7-15.4 Measurement

This section is supplemented with the following:

(*****)

No individual unit of measurement shall apply to the lump sum bid item “Domestic and Irrigation Water Service Complete.”

7-15.5 Payment

This section is supplemented with the following:

(*****)

Payment for the lump sum bid item “Domestic and Irrigation Water Service Complete” shall include full payment for all materials, equipment, appurtenances and labor required for completing the work outlined in this section as described in the Plans, these special provisions and the standard specifications.

DIVISION 8 MISCELLANEOUS CONSTRUCTION

8-01 EROSION CONTROL AND WATER POLLUTION CONTROL

8-01.1 Description

This section is supplemented with the following:

(*****)

This Work shall include installing Temporary Erosion and Sediment Control (TESC) Measures that include Best Management Practices (BMPs) necessary to control sediment, whether shown on the Plans or not, in accordance with these Special Provisions, and all federal, state, and local regulations and permit requirements. The Contractor shall be responsible for all TESC measures during construction and until the Notice of Termination is issued to meet all federal, state, local and permit requirements. Furthermore, the Contractor shall utilize BMPs to prevent invasive species transport to and from the project site as directed by the Contracting Officer. This includes all work associated with dust control, street cleaning, concrete washout or other work that may be necessary to complete the project.

This also includes all work associated with construction access and staging. The Contractor shall establish temporary construction entrance and staging to use during construction. This shall include any necessary grading, decompaction, maintenance and other work as necessary to establish, maintain, utilize, and restore these areas shown on the plans or as otherwise approved by the Contracting Officer.

This work also includes reseeding and stabilization of disturbed areas as indicated in the Plans utilizing the Dry Land Seed Mix.

8-01.2 Materials

This section is supplemented with the following:

(*****)

Materials shall meet the requirements as shown in the Plans

8-01.4 Measurement

No independent unit of measurement shall apply to the lump sum bid item for “Erosion Control and Water Pollution Prevention.”

8-01.5 Payment

Payment for the lump sum bid item for “Erosion Control and Water Pollution Prevention” shall include all work described in this section, on the project Plans and in the Standard Specifications. All work associated with temporary access and staging is included within this bid item and includes all work to establish, maintain, utilize and restore the temporary construction access routes and staging areas; identify, improve, maintain, and restore any additional BMPs; and protect existing asphalt pavement throughout the course of the Work as described in this section.

8-02 ROADSIDE RESTORATION

8-02.1 Description

This section is supplemented with the following:

(*****)

The work consists of the amendment and hydroseeding of all disturbed ground surfaces, as well as final cleanup of the site and removal of all miscellaneous debris from the site as directed by the Contracting Officer.

8-02.2 Materials

This section is supplemented with the following:

(*****)

Seed	9-14.3
Mulch and Amendments	9-14.6

Seed source shall be regionally grown and specific to Central/ Eastern Washington, supplied by BFI Native seeds or approved equal.

The seed mixtures shall be no less than 98% pure and shall have a minimum germination rate of 90%.

Seed mix shall include a soluble mycorrhizal additive. Mycogrow Gel as manufactured by Fungi Perfecti, Olympia, WA, 1-800-780-9126, MycoApply Endo by Mycorrhizal Applications, Mycorrhizal Landscape Inoculant as manufactured by BioOrganics, Santa Monica, CA, or Biovam as manufactured by Brock Probiotics and available through T&J Enterprises, Spokane, WA., or approved equal. The mycorrhiza inoculant shall be mixed per the manufacturer's recommendation and applied as part of the hydroseed mix.

The following Native Turf Seed Mix shall be used.

Common Name	%
Prairie Junegrass	25
Red Fescue	25
Slender Hairgrass	25
Tufted Hairgrass	25

8-02.3 Construction Requirements**8-02.3(4)B Topsoil Type B**

This section is supplemented with the following:

(*****)

Topsoil on all disturbed areas to be seeded needs to meet the minimum depth of 6-inches as shown on the plans.

Topsoil Type B shall be taken from within the footprint of the Work, from the top of the cut slope and toe of the reinforced slope. If there is not enough Top Soil Type B available onsite, the Contractor shall import equivalent material as necessary to meet the minimum depth requirements at no additional cost to the Contracting Agency.

The Contractor may use soil piles in Location A and Location C for Type B topsoil as shown on the Final Plans. Quantities of material in these areas are shown in the Table located on sheet C1.2. The Contractor must screen material intended for use to meet Topsoil B requirements for lawn area.

8-02.3(9) Seeding, Fertilizing and Mulching

8-02.3(9)A Dates for Application of Seed

This section is supplemented with the following:

(*****)

Seeding shall be conducted only after finish grading of surfaces have been completed and ground within areas designated to be seeded is no longer being disturbed. Seeding shall be completed as soon as possible following completion of ground disturbing activities. When environmental conditions are not conducive to satisfactory results, the Contracting Officer may suspend the seeding Work until such time that the desired results are likely to be obtained.

8-02.3(9)B Seeding and Fertilizing

This section is supplemented with the following:

(*****)

The seeding surface shall be raked or chained to ensure a friable surface free of soil clumps larger than 2" in diameter. Any seeding areas that have become compacted prior to seeding must be scarified to a depth of (2) inches by acceptable means prior to seeding. The site restoration shall not entail any fertilizer; only the 2" compost amendment as specified in the Plans.

Seed mix shall be procured by the Contractor. The Contractor shall submit the seed mix to the Contracting Agency prior to procurement for approval.

All bags of seed shall be brought to the site sealed and shall have seed labels attached showing the seed meets the species and quantities shown on the Plans. Seed which has become wet, moldy, or otherwise damaged in transit or storage will not be accepted. All seed listed in the seed mix on the plans shall have been collected from plants native to and growing in Idaho, Oregon or Washington. Seeds shall not contain weed seeds listed as secondary noxious by Washington State Seed Law single or collective in excess of the labeling tolerance specified by the Washington State Seed Law. Once onsite, seed shall be placed by the Contractor at the manufacturer's recommended rate per acre.

8-02.4 Measurement

Supplement this section with the following:

(*****)

No independent unit of measurement shall apply to the lump sum bid item for “Seeding and Fertilizing”

8-02.5 Payment

Supplement this section with the following:

(*****)

Payment for the lump sum bid item “Seeding and Fertilizing” shall include full payment for all materials, equipment, and labor required for obtaining, transporting, and placing materials to fully seed areas as described in the Plans, these special provisions and the standard specifications.

8-03 IRRIGATION SYSTEMS

8-03.1 Description

This section is supplemented with the following:

(*****)

This Work shall include all design, work and material and appurtenances necessary to provide an automated operating irrigation system for the project as shown in the plans and specifications. The contractor shall provide Asbuilt plans post construction.

8-03.3 Construction Requirements

The Contractor shall provide to the Contracting Agency a design-build submittal package designed by a qualified professional, indicating layout, materials, piping, controllers, valves, heads and all appurtenances necessary to provide an operational irrigation system for the areas indicated on the plans as well as re-connection the existing irrigation system and providing controllers and valving necessary for systematic and similar operation to the newly designed system provided by the Contractor. Once the system is approved by the Contracting Agency, the Contractor shall provide all materials and work necessary to install proposed irrigation system.

The anticipated water pressure for the design-build irrigation system is approximately 70 psi, but the Contractor is to verify prior to final design.

8-03.3(2) Submittals

This section is supplemented with the following:

(*****)

The Contactor shall submit to the Contracting Agency the full design-build proposal for the irrigation system improvements. The Irrigation System Layout must be approved by the Contracting Agency.

8-03.4 VACANT

This section is replaced with the following:

(*****)

8-03.4 Measurement

No individual unit of measurement shall apply to the lump sum bid item for “Irrigation Complete.” All work and design work associated with this bid item are incidental to the contract.

8-03.5 Payment

This section is supplemented with the following:

(*****)

Payment for the lump sum bid item for “Irrigation Complete” shall include all costs for furnishing, installing, and operating the complete irrigation system. This includes all costs for initial inspections, tests performed on cross-connection control devices, electrical wire testing during the life of the Contract, system maintenance and repair, initial startup, and as-built Plans. When the plans indicate connections to existing irrigation, sleeves or other components, potholing shall be included in the lump sum price for irrigation system.

As the irrigation system is installed, the payment schedule will be as follows:

1. Payment shall be made at the time of substantial completion up to 85 percent of the unit contract price for irrigation system.
2. Payment shall be increased to 100 percent of the unit Contract price when the irrigation system is completed, tested, inspected, fully operational, and upon delivery of the As-builts, M&O Manuals and Operation Tools.

8-05 VACANT

This section is replaced with the following:

(*****)

8-05 PROCUREMENT AND INSTALLATION OF PREFABRICATED RESTROOM**8-05.1 Description**

This includes all work associated with designing, furnishing, assembling and installing a prefabricated restroom as shown on the final plans that meets the requirements of the manufacture, final plans, these Specifications, and the Engineer.

The prefabricated bathroom structure is to be procured by the Contractor and installed per the manufacture’s specifications. The Contractor is responsible for securing all permits necessary for the work. The Contractor shall be responsible for structure excavation, preparing a pad for support of the prefabricated restroom, procurement and placement of gravel base and leveling courses, backfilling and compaction and connection to electrical and plumbing included in pre-manufactured restroom. This work

also includes the installation of and connection to an onsite septic system as shown on the provided designs in Appendix D

8-05.2 Materials

Crushed surfacing 9-03.9(3)

All materials necessary for the site preparation and installation of prefabricated restroom shall be procured and installed by the Contractor consistent with the manufactures specification's and requirements.

All materials necessary for the site preparation and installation of the onsite septic system shall be procured and installed by a certified septic installer per the Chelan-Douglas Health District Approved Installer list consistent with the approved septic designs provided in Appendix D.

Leveling sand for prefabricated restroom shall generally meet the requirements of WSDOT Standard Spec 9-03.2(1) – Grading for Surface Finishing Applications – Natural Sand or Manufactured Sand.

Base course for prefabricated restroom shall generally meet the WSDOT Standard Spec 9-03.9(3) – Crushed Surfacing Base Course.

All fasteners, connections and related materials required to construct the new restroom structure shall comply with the materials and dimensions shown on the manufacturer's specifications.

8-05.3 Construction Requirements

8-05.3(1)A Prefabricated Restroom Design Criteria

The Prefabricated restroom structure shall be considered a Contractor Supplied Design when the Contract documents do not include a complete set of design details (consisting of, at a minimum, defining material requirements, shapes, dimensions, joint and connection details, etc.).

The restrooms shall be "CXT Cortez Sectional" with 4 single occupant restrooms or approved equal. It shall also include:

- Stainless Steel Fixtures
- Electric Hand Dryer
- Electronic Flush Valve
- Electronic Lavatory Faucet
- Baby Changing Table
- Exterior Frostproof Hose Bib
- Anti-Graffiti Coating
- Steel Outswing Doors
- Door hardware: Privacy latch ADA handle
- Toilet Seat Cover Dispenser

- Exterior mounted ADA Drinking Fountain

8-05.3(1)B Septic System Design Criteria and Installation

All materials necessary for the site preparation and installation of the onsite septic system shall be procured and installed by a certified septic installer per the Chelan-Douglas Health District Approved Installer list consistent with the approved septic designs provided in Appendix D.

8-05.3(2) Submittals

The Contractor shall submit Type 3 Working Drawings for the Prefabricated Restroom Structure to be reviewed and approved by the Contracting Agency.

Type 3 Working Drawings shall include at minimum:

1. Include a plan view and elevation views of the structure.
2. Include materials, equipment, and installation methods.
3. Clearly detail all structural connections and joints.
4. Indicate minimum embedment depths and locations for all connections which integrate with the buried structure.
5. Provide color samples for review and approval by the Contracting Agency

The Contractor is responsible for securing all necessary building permits and any other permits not listed in section 1-07.15 and Appendix B that may be necessary for the project. The Contractor must supply the Contracting Agency with the final approved permits prior to work occurring.

8-05.3(3) Excavation

Site preparation, installation, backfill, and compaction for prefabricated restroom, base course for prefabricated restroom, and leveling sand for prefabricated restroom shall be in accordance with the Plans and manufacturer's specifications.

The Contractor shall have the exposed subgrade inspected by a geotechnical engineer to verify subgrade meets the manufacturers requirements. The geotechnical engineer will determine the suitability of the subgrade condition and recommended subgrade preparation in field conditions. The Contractor shall implement any modifications to subgrade preparation specified by the geotechnical engineer.

Backfill shall be compacted to at least 95 percent of maximum density or as specified in the manufacturer's installation requirements. The backfill material shall be placed in successive layers not exceeding 6 inches in loose thickness or at the recommendation of the geotechnical engineer, and each layer shall be compacted with mechanical tampers to the density specified herein. A geotechnical engineer shall verify base material meets manufacturers requirements for preparation. All costs to comply with compaction testing and density requirements are the responsibility of the Contractor.

8-05.3(4) Electrical and Plumbing

The Contractor will be responsible for all field installed mechanical, electrical and plumbing connections for the prefabricated bathroom and any costs associated. The Contractor or sub-contractor will be responsible for permitting, inspection, completing, and testing all connections for aforementioned utilities. The Contracting Agency will coordinate with CCPUD on establishing primary power to the site. The contractor is responsible for all work beyond that.

8-05.4 Measurement

No individual unit of measurement shall apply to the lump sum bid items for “Foundation Pad Preparation,” “Prefabricated Restroom Complete,” “Onsite Mechanical, Electrical and Plumbing Complete,” “Permitting,” Septic System and Drain field,” and Electrical Service.”

8-05.5 Payment

Payment for the lump sum bid items “Foundation Pad Preparation,” “Onsite Mechanical, Electrical and Plumbing Complete,” “Septic System and Drain field,” and Electrical Service” shall be full compensation of all labor, equipment, and materials necessary for all Work specified in this section, the final plans and the manufactures specifications.

Payment for the lump sum bid item “Permitting,” shall include all costs necessary to secure the permits required for the work that have not been acquired by the Contracting Agency.

The lump sum contract price for “Prefabricated Restroom Complete” shall be full compensation of all labor, equipment, and materials necessary for all Work specified in this section including but not limited to designing, furnishing, and installing a prefabricated restroom structure meeting the minimum requirements of this section and the plans and ensuring the structure fit and compatibility of all components which are integral to, or directly connected to, the structure. The payment schedule will be as follows:

1. Twenty-five percent of the bid amount will be paid following the approval of all necessary submittals.
2. Twenty-five percent of the bid amount will be paid following acquisition and delivery of the prefabricated restroom.
3. The remaining fifty percent of the bid shall be paid for upon completion of all installation construction activities as per the Plans and manufacturer’s specifications.

8-14 Cement Concrete Sidewalks

8-14.1 Description

This section is supplemented with the following:

(*****)

This includes all work and material necessary to create the concrete sidewalk and apron as shown on the plans. All sidewalks and aprons shall be in accordance with WSDOT Standard Specifications for Commercial Concrete.

8-14.2 Materials

Include as written.

8-14.3 Construction Requirements

This section is supplemented with the following:

(*****)

The Contractor shall install the concrete sidewalk and apron in the locations shown on the plans and the concrete shall meet the requirements of the standard specifications.

8-14.4 Measurement

No individual unit of measurement shall apply to the lump sum bid item for “Sidewalk and Apron.”

8-14.5 Payment

This section is supplemented with the following:

(*****)

Payment for the lump sum bid item for “Sidewalk and Apron” shall include all labor and materials necessary to complete the work described in this section and as shown on the plans.

END OF SPECIAL PROVISIONS

APPENDICES

PAGE LEFT BLANK INTENTIONALLY

APPENDIX A: PREVAILING WAGES

FEDERAL WAGE RATES

The Federal wage rates incorporated in this contract have been established by the Secretary of Labor under United States Department of Labor. The contractor shall use the wage determinations which are in effect under the Davis-Bacon Act for Public Works Contracts for Heavy Construction within Chelan County at the time of the bid opening date. Federal Wage Determinations are updated and posted at

<https://sam.gov/content/wage-determinations>. When required to comply with the federal labor standards, 29 CFR S5.5 applies. This can be accessed via this link. <https://www.ecfr.gov/current/title-29/subtitle-A/part-5#5.5>

WASHINGTON STATE WAGE RATES

The State Prevailing Wage rates incorporated in this contract are applicable to all construction activities associated with this contract and in effect for Chelan County at the time of Bid Opening. Wage Determinations, modifications, and benefit key codes are established by the State of Washington's Department of Labor and Industries are posted and updated at <https://lni.wa.gov/licensing-permits/public-works-projects/prevailing-wage-rates/>.

APPENDIX B: PROJECT PERMITS

NAME OF DOCUMENT	PERMITTING AGENCY	PERMIT REFERENCE NO.	STATUS
Onsite Septic System Permit	Chelan-Douglas Health District	TBD	Submitted by Contracting Agency
Chelan County Building Permit	Chelan County Building Department	TBD	Contractors Responsibility
