

CRP 714: Joe Miller Road Permanent Slide Repair

Milepost 2.20 to 2.24

Last Update: May 4, 2017

Project Number: County Road Project 714

Project Length: 0.04 miles

Basis for Project: Permanent road repair

Construction: Summer 2017

Project Description: In March 2016, a slide occurred between milepost 2.20 and 2.24. A temporary repair was made to Joe Miller Road in the summer of 2016. This current project will construct a permanent repair and restore the roadway to a two-lane road. Work includes excavating unsuitable material within the slide area; backfilling the slide area with riprap, spalls and crushed-surfacing base course; installing guardrail and a structural earth wall; laying hot mix asphalt and completing other necessary work.

Status: Project's design is nearing completion.

Traffic Impacts: During construction the road will be down to one lane. Periodic full closures may be necessary at times. Construction is expected to take 15 working days.

Joe Miller Road, at milepost 2.20, will be restored to a two-lane road.

Funding Sources:

County Road Fund \$ 315,000

TOTAL: \$315,000
