

**CRP 693: West Cashmere Bridge Replacement Project**  
**NEPA Environmental Documentation: Consultant Questions**  
*Updated 2-13-2017, 3:15 p.m.*

**Q: Is the noise analysis for highway traffic noise or in water work noise?**

A: The noise analysis is for highway traffic noise, as the proposed bridge will be placed in a new location.

**Q: Is the hazardous material memorandum a Phase 1 site assessment?**

A: No, a Phase 1 site assessment is not required at this time. This investigation will focus on surrounding land uses and detail our project impact or lack of impact to these sites.

**Q: Will this be a separate contact or a supplement to the current design contact?**

A: This will be a separate, stand-alone Local Agency Standard Consultant Agreement.

**Q: Is a discipline report required for Environmental Justice?**

A: Not at this time. It is anticipated that because of right-of-way acquisition and detour only a memorandum is required.

**Q: Is assistance with right-of-way needed?**

A: No, right-of-way is currently managed under a separate contract.

**Q: Would it be accurate to say that you are looking for a team with experience providing environmental support for the transportation design?**

A: Chelan County Public Works is seeking a team with experience providing environmental support for the transportation design.

**Q: Does the Project Manager need to be available locally on a regular basis?**

A: No. The project manager does not need to be local. They need to have the availability to oversee the task.

**Q: Is Section 106 Consultation being handled by the County?**

A: Section 106 has been completed.

**Q: Is Coast Guard, Corps and BNSF coordination being handled by the County?**

A: Yes, these will be handled by Chelan County.

**Q: Will SEPA and permitting be covered under a separate contract?**

A: SEPA will be handled by Chelan County.

**Q: Should the Prime Submittal Form be used by both Primes and Subs or is there a separate Sub Submittal Information Form that should be utilized?**

A: The Prime Submittal Form can be used for both the Prime and Subs.

Q: Would the County consider any of the subcontractors on the current design team to be conflicted of helping us with the NEPA project?

A: No.
