

# CRP 672: 25-Mile Creek Culvert Rehabilitation

South Lakeshore Road (MP 16.23-MP 16.25)

Last Updated: May 4, 2017

Project Vicinity Map

Project Number: County Road Project 672

Project Length: 0.10 miles

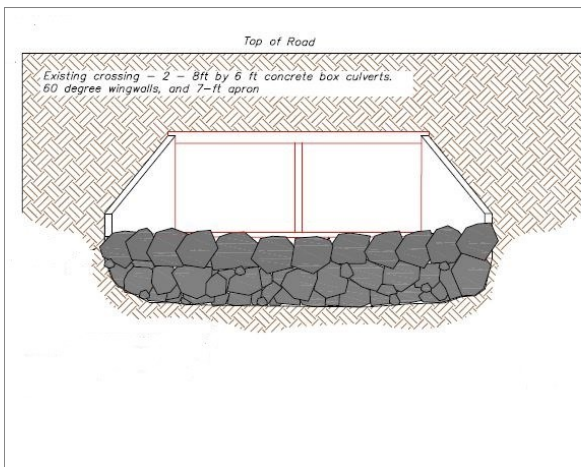

Basis for Project: Short Span Bridge Repair

Construction: Fall 2017

**Project Description:** This project is located on So. Lakeshore Drive (#94710), south of Lake Chelan. The primary purpose of this project is to preserve the culvert and maintain access for landowners north of the structure. The existing double concrete box culvert is in good condition with the exception of the bottom slab, which has eroded nearly completely through from high stream velocities and sediment transport.

**Status:** Design is complete. Construction is to start in fall 2017.

**Travel Impacts:** During construction, travelers on South Lakeshore Drive should expect flagger-controlled traffic with some delays.

Project Typical Section

### Funding Sources:

County Road Fund	\$100,000
