RE: Eagle Creek Road Improvement Project

Dear Property Owner:

Pursuant to the January 24, 2008 Open House for the Eagle Creek Road Improvement Project, Chelan County is forwarding information regarding the history of the project. This mailing is being sent out to Eagle Creek Road users; a map of the mailing area is attached and also can be viewed on the County website; see the address provided below.

Along with the map you should find attached the "Project Summary" and a questionnaire. The "Project Summary" discusses project history, funding, design criteria, and proposed fiber optic line information.

The questionnaire contains several questions and space for additional comments. **Please forward your response by February 22, 2008** so that we may best address your comments before we schedule a follow-up meeting. Comments that were made at the January 24, 2008 Open House and those that have already been sent to Public Works will also be incorporated into a formal response.

Contained on the Chelan County website at www.co.chelan.wa.us/pw/pw_main.htm you can view the drawings that were presented at the January 24, 2008 Open House along with this letter and all attachments. If you have any questions or require additional information, please contact Project Engineer, Paula Cox, or me at 509.557.6415 or paulah.cox@co.chelan.wa.us.

Sincerely,

A handwritten signature in black ink, appearing to read "Jolene Gosselin".

Jolene Gosselin, P.E.
County Engineer
