The law went into effect January 1, 2008, and the first phase required those 12-20 to obtain their cards. The 2012 requirement is for those 40 and younger. The phase-in will continue through 2014 and on January 1, 2015 ALL BOATERS born after January 1, 1955 will be required to have their Boater Safety card.

**This class is open to all boaters, regardless of age,
and there is no charge.**
