Commissioner Walter discloses that applicant Morgan Picton is related to Commissioner Walter by marriage (cousins). He also states he does not feel that this relationship would affect his decisions in regards to the comprehensive plan amendments but would recuse himself if there were any objections to his participation in the hearing. No objections or comments were voiced.

Commissioner Goehner discloses that he and the applicant Morgan Picton went to Realtor's School together and also states that this relationship would not affect his judgment regarding comprehensive plan amendments. No objections or comments were voiced.

Commissioner Hawkins discloses that Mr. Picton served on Commissioner Hawkins' political campaign when he ran for the office of commissioner. Commissioner Hawkins also states he has had business dealings with some of the other applicants but also does not feel this would affect his judgment regarding the comprehensive plan amendments. No objections or comments were voiced.

1:33 P.M. CPA 2005-016 and ZC 2005-016: An application submitted by Morgan Picton, Agent, on behalf of Buck Fruit, LLC, owner, for a Comprehensive Plan Land Use Map and Zoning Map Amendment on approximately 8.1 acres of land. The proposal is to change the Zoning and Comprehensive Plan Land Use Designation from Rural Residential/Resource 2.5 (RR2.5) to Rural Waterfront (RW). The subject properties are identified as Assessor's Parcel # 282121610228. The property is located at 5120, 5010, 4920, and 4810 Chelan Blvd., North of Manson, in Chelan County, Washington.

Mr. Morgan Picton addresses the Commissioners stating he believes this property is a classic LAMIRD with residential waterfront designations beside the land. He also states the quality of the road will be addressed and he believes the road will be improved. Mr. Picton (Fire Commissioner and volunteer firefighter for Chelan County

Fire District #5) states that the approval of the comp plan amendment and zone change would improve the fire protection in the area due to additional water resources and access.

1:37 P.M. Moved by Commissioner Walter, seconded by Commissioner Goehner, and carried that based upon the Findings of Fact #1-25 and Conclusions of Law #1-7, the Board approves CPA 2005-016 and ZC 2005-016 with the resolution documentation to be approved upon presentation by the Building/Planning Department on May 30, 2006.

1:38 P.M. CPA 2005-017 and ZC 2005-017: An application submitted by Morgan Picton, Agent, on behalf of Buck Fruit, LLC, owner, for a Comprehensive Plan Land Use Map and Zoning Map Amendment on approximately 33.8 acres of land. The property is located at 1590, 1650, 1750, 1850, 1950, and 2050 Summit Blvd., North of Manson, in Chelan County, Washington.

Planner Graham Simon presents staff report for CPA 2005-017 and ZC 2005-017. The Planning Commission forwards a recommendation of approval by a vote of 6-1 on April 24, 2006.

Applicant Morgan Picton on behalf of Buck Fruit, LLC states that this project is coming out of an old orchard in which the trees were doing very poorly. The property is in high demand. The owner was having a difficult time financially from the agriculture proceeds. This is the last orchard property on this part of the roadway. He also states there are no sewer services in the area.

Mr. Ken Rau submits a letter and pictures for the record. He states he does not have any objection to the amendment and zone change but is concerned about access to Summit Blvd. He would like to see a split access using the improved Manson Blvd. for a portion of the traffic that will be created. Commissioner Walter requests the documents be submitted to the Planning Department where the traffic concerns will be addressed in the development planning.

1:51 P.M. Moved by Commissioner Goehner, seconded by Commissioner Walter and carried that the Board approve CPA 2005-017 and ZC 2005-017 based upon the staff report, the recommendation of the Planning Commission, the Findings of Fact #1-25 and the Conclusions of Law #1-8, with the resolution documentation to be approved upon presentation by the Building/Planning Department on May 30, 2006.

1:51 P.M. The proposal is to change the Zoning and Comprehensive Plan Land Use Designations from Rural

Residential/Resource 5 (RR5) to Rural Residential/Resource 2.5 (RR2.5). The subject properties are identified as Assessor's Parcel # 282127609545. The property is located at 3117 Manson Blvd., North of Manson in Chelan County, Washington.

Planner Graham Simon presents staff report for CPA 2005-018 and ZC 2005-018. The Planning Commission forwards a recommendation of approval by a vote of 7-0 on April 24, 2006.

Morgan Picton speaks on the application changing the RR5 designation to RR2.5. This property adjoins Manson Blvd. and is currently in orchard land. Mr. Picton believes that the lots will be affordable and that these affordable lots are much needed in the area. He states the change in the community and lower school enrollment shows the demand for these changes.

1:56 P.M. Moved by Commissioner Walter, seconded by Commissioner Goehner, and carried that the Board approve CPA 2005-018 and ZC 2005-018 based upon Findings of Fact #1-25 and Conclusions of Law #1-8, with the resolution documentation to be approved upon presentation by the Building/Planning Department on May 30, 2006.

The subject properties are identified as Assessor's Parcel Number 282231680280 (60.15 Ac.) and part of Number 282232606020 (71.31 Ac.). The property is located at 2765 SR 150 & Chapman Rd., in Chelan County, Washington.

Planning Mark Botello offers staff report noting that the Planning Commission forwarded a recommendation not to approve the de-designation by a vote of 2-5 on April 24, 2006.

Mr. Picton addresses the Board stating both domestic and irrigation water is available as well as sewer. Commissioner Walter would like to see information on growing capacity of the land. Mr. Picton states he has copies of soil capacity and income and says that in making the determination, the Board needs to focus on soil types and comparisons. He shows pictures of the trees and indicates they are 10-14 years old and have grown to a certain height and quit growing. He shows one small orchard spot has grown specifically better. Mr. Picton says growing capacity, productivity, soil composition are important but he feels that the lands proximity to population areas, and the possibility of more intense uses of the land is just as important. He shares bin prices with the Board and states that he does not believe the land was properly zoned to begin with. Letters from Dave Zuluaga and Attorney Donald Dimmitt are presented for the record.

2:38 P.M. Moved by Commissioner Goehner, seconded by Commissioner Walter that the Board denies the application for CPA 2005-019 and ZC 2005-019 stating that it lacks

documentation and the approval of the Planning Commission. Commissioner Hawkins votes in the affirmative to approve. The application is denied by a 2-1 vote.

The properties are located at 4800 and 5000 Wapato Lake Rd., in Chelan County, Washington.

Graham Simon presents the staff report on CPA 2005-020 and ZC 2005-020. He states the application has requested a changed from RR2.5 and Commercial Ag to Residential Waterfront. The Planning Commission forwards a recommendation of approval by a vote of 7-0 on April 24, 2006.

Applicant Morgan Picton states that all the surrounding property has been designated to Rural Waterfront. He feels this property is a perfect LAMIRD. It is shared that domestic water is available to the property.

2:43 P.M. Moved by Commissioner Walter, seconded by Commissioner Goehner, and carried that the Board approve CPA 2005-020 and ZC 2005-020 based upon Findings of Fact #1-30 and Conclusions of Law #1-8, with the resolution documentation to be approved upon presentation by the Building/Planning Department on May 30, 2006.
