RE: NOI 2022-002 from City of Wenatchee

Per your request at the BRB meeting tonight (May 25), I am submitting this letter to request that the date of my previous letter to the Board (April 19) opposing the proposed Western-Mckittrick annexation and requesting a public hearing be amended to May 11, 2022, to align with the date that NOI 2022-002 was delivered to the BRB. I submitted my original request prior to the NOI as the process was not clear and I did not want to miss a potential deadline. I ask that my request align with the NOI and that the 120 day period for the BRB to act on this matter start on May 11, 2022.
