

Chelan County Short-Term Rentals

Planning Commission Recommendations October 15, 2020 | **BOCC Options November 20, 2020**

Introduction

A short-term rental refers to a residential dwelling rented out on a nightly basis for less than 30 days to individual guests. It could be a whole home or just part of it. Short-Term Rentals are found across the county, but particularly in the Leavenworth-Peshastin area, Lake Wenatchee, Manson, and Chelan. The number of short-term rentals has increased rapidly in the last six years especially in Leavenworth and Manson areas.

Chelan County has been considering how to best address short-term rentals to allow for property owner income while protecting the character of residential communities across the county.

In 2019 Chelan County considered draft regulations. The Planning Commission and Board of County Commissioners heard comments and felt proposals did not meet the County's and community's needs, and denied the 2019 draft.

The Board of County Commissioners desire to look at new code options in 2020. The process includes: development of a situation assessment; development of code options; Planning Commission review, hearing, and recommendations; and Board of County Commissioner review, hearing, and decision.

The Chelan County Planning Commission met seven times over April to July 2020 to develop draft short-term rental regulations, with a hearing on June 17, 2020 and deliberations on June 24 and July 9, 2020.

The Board of County Commissioners met in July and August 2020 to consider the Planning Commission Recommendations. The Board remanded the short-term rental code back to the Planning Commission for reevaluation in September 2020 including a new hearing and deliberation.

The Planning Commission held a public hearing on September 9, 2020 on their recommendations developed July 9, 2020. The Planning Commission held deliberations on September 23, 2020 and on October 15, 2020. They made revised recommendations on October 15, 2020 reflected in this document. **Also reflected in this document are options to address the BOCC discussions over October and November, shaded in yellow.**

Data on short-term rentals and the evolution of the draft code can be found at:

- **Zones Allowed:** A short-term rental owner/operator would determine if the zoning district permits or conditionally permits a short-term rental. Tier 1 owner-occupied short-term rentals are permitted in most zones in the County provided they meet operational standards and obtain a land use permit. Tier 2 short-term rentals are non-owner occupied, and are permitted but are further restricted on smaller lots in certain zones with a **sunset clause grace period**, or limited in numbers in areas where there is a high concentration of existing short-term rentals. Tier 3 short-term rentals are those with larger occupancies (over 12 total guests) and would require conditional use permits and have similar restrictions on locations and numbers as Tier 2.
 - **Number Allowed:** New non-owner-occupied units (Tier 2) and larger occupancy short-term rentals (over 12 guests; Tier 3) would be limited in number to 1% of existing compliant short-term rentals documented countywide. The Tier 2 and Tier 3 short-term rentals could locate in unincorporated areas except for zip codes, overlay zones, and Urban Growth Areas (UGAs) with more than 5% short-term rentals as a share of total units.¹ See Attachment A for a map of zip codes, and Attachment B for a map of the Leavenworth-Lake Wenatchee subareas. These areas are referenced in relation to the restrictions on locations where short-term rentals make up more than 5% of the housing stock. Also, due to community preferences and concern over neighborhood quality, new short-term rentals would be limited in Peshastin and Manson UGAs particularly in residential zones. Tier 1 includes developments specifically designed for short-term rentals (e.g. Planned Unit Developments and Master Planned Resorts) are not subject to the cap.
 - **Operational Standards:** Tier 1, 2, or 3 units would be required to meet standards such as occupancy, parking, noise, solid waste, pool/hot tub monitoring, adequate sewer and water, fire preparedness, access to a qualified person within 60 minutes, establishing a property management plan, etc.
 - **Existing Units:** Existing short-term rentals established prior to the **effective date of the code August 25, 2020²** would need to meet criteria regarding use allowances in their zones (locating in a zone that allowed for a similar use such as a bed and breakfast), use as a short-term rental, proper payment of taxes, and compliance with operational standards. Permits would need to be obtained as well. Where existing units are in the RR2.5 and RV zones but are on lots less than 2.5 acres, there is a **53-year sunset clause grace period**. Where existing units are in a zone that prohibits them, there is a **23-year sunset grace period**.
 - **Permit Process:** Once compliant numbers of existing units are established through a land use permit process, the 1% cap of new units would be determined. Then new units could be permitted. The first permit would require inspections and more detailed review, but annual renewal would be based on

¹ The threshold share of short-term rentals is 5% of the total housing stock which is similar to a recommendation in a study of Oregon jurisdictions that found that where short-term rental growth and household formation is increasing at a faster rate than total housing unit growth there can be a constraint on housing affordability. See copy of study hosted by the City of Olympia's website: <https://engage.olympiawa.gov/4076/documents/5992>.

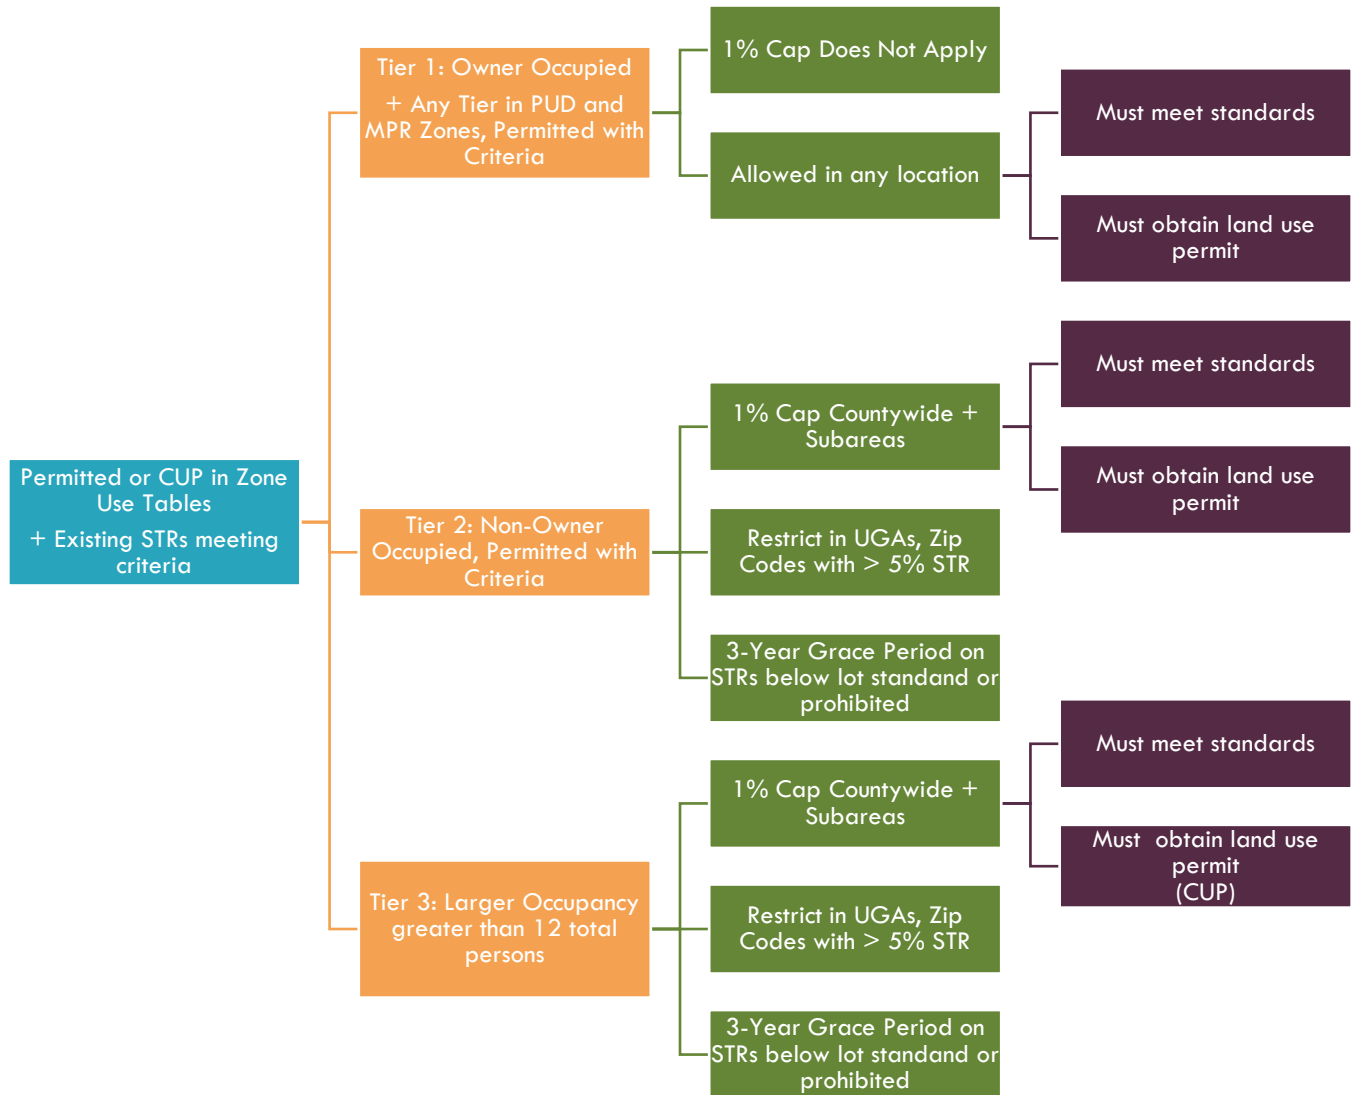

The rate of short-term rental growth has been occurring faster than new home construction in the Leavenworth Zip Code within unincorporated areas. The Zip Codes with greater than 10% share of short-term rentals compared to total dwellings within unincorporated areas include: Leavenworth (15.6%) and Manson (11.2%). Peshastin Zip Code is at 5.5%. Chelan is 3.9% and others are less than 2%. These percentages are based on whole house rentals and are corrected to exclude housing inside city limits. The number where only a room is offered is < 100. See Attachment D for the updated information.

self-certification and a more abbreviated review. Fees would be set to recover costs of permit reviews and inspections such as by the fire marshal, health district, etc.

Task Force

70

71 In addition to the permitting and code compliance standards in the proposed regulations, the Planning
72 Commission has recommended a Task Force be formed to review the effectiveness of the regulations
73 after a 2 to 3 year period. It would have nine members.

74 See Attachment C.

75 **Schedule**

76 The Board of County Commissioners will take up the Planning Commission recommendations and conduct
77 their own study sessions and a hearing and determine how to regulate short-term rentals. More

(2) TYPE, NUMBER, AND LOCATION(A) Type. Short-term rentals are distinguished in three tiers.

(i) Tier 1: Owner-occupied short-term rentals where either (a) rooms are rented and the owner is personally present at the dwelling during the rental period, or (b) the short-term rental is located within the same parcel as the owner's primary residence, or (c) the entire dwelling is rented no more than 15 total days in a calendar year provided that an on-site qualified person is there during the owner's absence. Portions of calendar days shall be counted as full days.

(ii) Tier 2: Short-term rentals at a dwelling that is not ~~the owner's principal residence or that is rented more than 15 total days in a calendar year~~ a Tier 1 or Tier 3 short-term rental.

(iii) Tier 3: Short-term rentals exceeding occupancy limits of 11.88.280(3) or containing group facilities designed to host events such as weddings, gatherings, or retreats.

(B) Number and Density(i) Tiered Permits and Numbers Allowed.⁵

(a) Tier 1: Short-term rentals are allowed where permitted per subsection (C).

(b) Tier 2 and Tier 3: The annual number of new short-term rental land use permits issued must be capped to one percent (1%) of the total number of permitted short-term rentals in the county as determined through land use permit procedures in subsection (4) below, provided that:

(1) Short-term rentals in the following zones are not subject to the 1% cap: Planned Unit Development Overlay Districts expressly permitting short-term rentals, or Master Planned Resorts Overlay Districts.

(2) The number of short-term rentals subject to the cap cannot be located where short term rentals make up 5% or more of the total housing stock: zip codes, urban growth areas, or the Leavenworth-Lake Wenatchee Overlay or any subarea within the overlay. If allowed in the future by paragraph (D), the number of short-term rentals subject to the cap cannot exceed 1% of the total countywide short-term rentals or exceed 1% of those located in the Leavenworth-Lake Wenatchee Overlay or any subarea within the overlay.

(3) Leavenworth-Lake Wenatchee Overlay: An overlay district co-terminus with Zip Code 98826 encompassing Leavenworth-Lake Wenatchee. [See Attachment A.] It is further subdivided into three sub-areas for Lake Wenatchee, Plain, and Leavenworth, as well as lands abutting Fish Lake areas. [See Attachment B.]

(C) Zones Allowed. Short-term rentals must be permitted, accessory permitted, conditionally permitted, or prohibited pursuant to:

⁵ Editorial: Could move the (B)(i) to become title of (B) and renumber subsections accordingly.

(D) The following minimum lot sizes shall be required to establish a Tier 2 or Tier 3 short-term rental in zoning districts where short-term rentals are permitted or conditionally permitted:

Minimum Lot Area Required to Accommodate Short-Term Rental

Zone	Minimum Lot Area (Acres)
RR20	10
RR10	5
RR5	5
RR2.5	5
RRR	XXX

(E) Tier 2 Short-Term rental units shall be setback one hundred feet from each property line, front, rear, and side when proposed on a property with AC zoning.

(F) New short-term rentals may be established in the locations cited in subsection (2)(B) if the combined percentage of Tier 2 and Tier 3 short-term rentals as a share of total dwelling units is less than five percent (5%) and the applications meet all requirements of this section 11.88.280 as determined by the Director.⁶ Total dwelling units must be determined based on the latest annual count of total housing units by the State of Washington Office of Financial Management. Short-term rental percentages must be determined at the time the number of allowed short-term rentals is determined per subsections (2)(B) and (4) of this section.

(G) Existing Short-Term Rentals:

(i) A use shall not be considered lawfully established and existing as of the effective date of this ordinance ~~XXX [effective date]~~ August 25, 2020 unless the owner proves all of the following:

⁶ Per 14.98.580 Director. "Director" means the director of the Chelan County department of community development or designee. This term is synonymous with administrator.

- 231 (a) That similar uses were allowed in the subject zones at the time the short-term
 232 rental was established, including but not limited to: bed and breakfast, guest inn,
 233 boarding house, lodging facility, hotel/motel, or other transient accommodation;
 234 and⁷
- 235 (b) That a location was used for short-term rental purposes during January 1,
 236 2019 to ~~XXX [effective date]~~ August 25, 2020. The Director may permit homes
 237 with approved building permits after January 2019, constructed within six months
 238 of the effective date of this ordinance to be considered as an existing short-term
 239 rental; and
- 240 (c) That all applicable state and local taxes were fully and timely paid for all
 241 short-term rental use that occurred prior to ~~XXX [effective date]~~ August 25, 2020,
 242 which at a minimum includes sales tax and hotel/motel taxes; and
- 243 (d) That the short-term rental meets all requirements of subsection (3); and
- 244 (e) That the short-term rental operator has obtained the required land use permits
 245 in subsection (4); and
- 246 (f) If located inside of the Manson Urban Growth Area, documentary evidence that
 247 the short-term rental was properly registered as a vacation rental with Chelan
 248 County per 11.23.040 as of ~~December 31~~ August 25, 2020.
- 249 (ii) Nonconforming Short-Term Rental Units in Restricted Zones: Where a zone does not
 250 allow short-term rental units as of ~~XXX [effective date]~~ August 25, 2020 according to CCC
 251 Sections 11.04.020, 11.22.030, or 11.23.030, only those short-term rentals that exist as
 252 of ~~XXX [effective date]~~ August 25, 2020 and are compliant with criteria in subsection (i)
 253 above, will be allowed as nonconforming uses. Such uses may not be significantly
 254 changed, altered, extended, or enlarged and must cease after ~~two-three~~ years from ~~XXX~~
 255 ~~[effective date]~~ August 25, 2020. After expiration or revocation of the permit authorizing
 256 a legal nonconforming short-term rental, no operator shall operate a short-term rental.
- 257 (iii) See CCC 11.04.020. Within the RR2.5 and RV zones, short-term rentals on lots 2.5
 258 acres or smaller shall ~~sunset be subject to a grace period~~ within ~~5-three~~ years of ~~XXX~~
 259 ~~[effective date]~~ August 25, 2020.⁸

260 (3) SHORT-TERM RENTAL STANDARDS

- 261 (A) Primary or Accessory Residence. Short-term rentals must be operated out of an owner's main
 262 house or a legally established accessory dwelling unit. A short-term rental owner may operate
 263 only one short-term rental per parcel, which may be in either the main house or the accessory
 264 dwelling unit but not both.⁹ In no case, shall an owner or operator make available a recreational
 265 vehicle, tent, or other temporary or mobile unit for short-term rental.

⁷ See CCC 11.04. Generally Bed and Breakfasts are allowed in all rural residential zones and resource zones as accessory uses, and guest houses are conditional use permits in the same zones except they are not allowed in commercial forest zones (FC). Lodging facilities are allowed in the RC zone.

⁸ To match Planning Commission's recommendations on the use chart in CCC 11.04.020.

⁹ Consider allowing in a condominium except that the same owner may not rent more than one condominium in a structure.

(B) Occupancy.

(i) Overnight Occupancy. The owner or operator must limit overnight occupancy to no more than two guests per bedroom, not to exceed a total of 12 guests including children. Occupancy limits must comply with the International Residential Code.

(ii) Daytime Occupancy. At no time shall the total number of persons at a short-term rental exceed 12 persons, including children.

(iii) Exceeding Nighttime or Daytime Occupancy. In order to exceed daytime or nighttime occupancy limits an operator must obtain a Conditional Use Permit provided that the zone allows short-term rentals as an accessory, permitted, or conditionally permitted use and meets all other short-term rental requirements of this section. All applicable criteria of CCC Chapter 11.93 shall be met.

(iv) The number of bedrooms shall not exceed the number approved in relation to the on-site sewage system approved by the Chelan-Douglas Health District.

(C) Parking.

(i) One off-street patron parking space in addition to the residential parking requirements, not located within a setback, shall be provided for each bedroom.

(ii) The number of vehicles allowed at the short-term rental must be limited to the number of bedrooms plus one; this requirement must be included in the Property Management Plan per Section (3)(K).¹⁰

(D) Garbage. Trash containers must be provided. Trash must be in proper containers on collection day. Where curbside recycling is available to the unit receptacles must be provided. Receptacles must be set out on the right-of-way and removed within twenty-four hours of pickup. Trash must be managed in compliance with CCC Chapter 4.04 Garbage. This requirement must be included in the Property Management Plan per Section (3)(K) and good neighbor guidelines per subsection (3)(M).

(E) Noise. Short-term rentals must be operated in compliance with Chapter 7.35 Noise Control. This requirement must be included in the Property Management Plan per Section (3)(K).

(i) Public disturbance noise complaints. Renters are subject to the provisions of Chapter 7.35. Owners of short term rental properties are responsible to promptly abate public disturbance noise complaints on their property. If the owner fails to cause the noise to be abated within 60 minutes of notification of the complaint, he is subject to compliance with Chapter 7.35 and the enforcement penalties jointly and severally with the renter creating the public disturbance noise.

(ii) Repeat violations. Repeated public disturbance noise violations on the same property may be subject to additional penalties under Chapter 16.20, up to and including revocation of the owner's short term rental land use permits under Section 16.20.030.

¹⁰ Consider cross referencing to parking code and placing parking requirement in Chapter 11.90.

 305 (3)(K) and good neighbor guidelines per subsection (3)(M).

306 (G) Signs. All owners or operators must display the address of the residence so that it is clearly
 307 visible from the street or access road. The rental must have a sign or other identifier on outside as
 308 short-term rental. The sign must be made of natural materials not exceeding two square feet in
 309 area and if illuminated, must be indirectly illuminated.

310 (H) Consumer Safety. All Consumer Safety requirements of RCW 64.37.030 must be met by the
 311 owner or operator. Violations are subject to Title 16. Requirements must be included in the
 312 property management plan in (3)(K).

313 (I) Fire Safety and Outdoor Burning. Each owner or operator must include a fire protection plan in
 314 their property management plan in subsection (3)(K) to alert renters to respect firewise efforts on
 315 a property, or to comply with travel or activity restrictions of CCC Chapter 7.52, Fire Hazard
 316 Areas. The fire protection plan shall demonstrate consistency with a Ready Set Go program or
 317 equivalent. This includes, but is not limited to, restricting use of outdoor fire places or grills and to

 331 changed on the sign. Renewal applications must provide evidence of the sign. The Director
 332 may allow annual mailings to neighboring properties and an interior posted notice for
 333 tenants in lieu of an exterior sign where a property's size and visibility make an exterior
 334 sign ineffective. The purpose of this sign is so that adjacent property owners and residents
 335 can contact a qualified person to report and request resolution of problems associated
 336 with the operation of the short-term rental.

337 (K) Property Management Plan. Short-term rentals must maintain an up-to-date property
 338 management plan on file with the Chelan County Community Development Department and
 339 property owners within 300 feet of parcel boundaries within which the short-term rental is
 340 located. The property management plan must include the following:

341 (i) Provide a floor plan and site map clearly depicting the property boundaries of the
 342 short-term rental, and the escape route in case of an emergency. The map must indicate if

 353 response, and the dwelling recorded in “Rivercom” data base.

 355 emergency or temporary conditions such as burn bans.¹¹
- 356 (vii) The plan must specify the maximum number of guests and number of bedrooms.
- 357 (viii) The plan must be kept up to date at the time of the annual permit and include the
 358 annual permit number per subsection (L).

 361 number for the short-term rental in all advertisements (AirBnB, VRBO, Craigslist, poster, etc.) and
 362 marketing materials such as brochures and websites.

 364 a copy of the good neighbor guidelines. Owners and operators must provide evidence that the

 375 operate, rent, or otherwise make available or allow any other person to make available for
 376 occupancy or use a short-term rental without a valid short-term rental land use permit issued by
 377 the Director. All dwelling units on a single parcel shall be reviewed concurrently in the same
 378 application.

¹¹ The Planning Commission discussed adherence to health guidelines such as 24 hours between guests and determined that standards of cleanliness are likely beyond the scope of a land use permit (and may be self-regulating as guests would likely use short-term rentals where an owner/operator strives to demonstrate voluntary measures to provide for health). This provision to ensure that emergency or temporary conditions are communicated to guests by the owner/operator/qualified person could encompass health if there was an emergency health district order.

- 379 (B) Annual Renewal. Annual renewal of the short-term rental land use permit is required.
- 380 (C) Permit Applications. Short-term Rental owners must apply for a land use permit to establish

 384 permit costs apply.
- 385 (D) Application Acceptance and Evaluation.
- 386 (i) From September 1 to October 31 each year, existing short-term rental owners must

 394 number allowed per the applicable cap in subsection (2)(B). Selected permits remain valid

 397 25, 2020, the Director may provisionally approve initial short-term rental land use

 417 been properly serviced or inspected in the prior year by a qualified person. The
 418 applicant shall also ensure that there is a verifiable legal source of water that meets
 419 applicable standards.

(I) A short-term rental permit shall not transfer; new owners may apply for a short-term rental permit pursuant to the provisions of this code. A transfer occurs when the property is sold to a person or when officers of corporations are changed to remove former officers and add new officers. All permits shall include the following provision: "This permit shall automatically expire upon sale or transfer of the property." The operator must obtain a new short-term rental permit compliant with this section following expiration or cease operation. New owners must certify compliance with the conditions of permit approval within 90 days after the closing date of the sale of the property. Written certification must be submitted to the Community Development Department on forms specified by the Director. New owners must apply for a new permit by the annual deadline.

(i) A transfer occurs when the property is sold to a person or when officers of corporations are changed to remove former officers and add new officers. A transfer does not occur when officers are changed due to death where title is held in survivorship with a spouse or a transfer on the owner's death to a trust which benefits only a spouse or child(ren) for the lifetime of the spouse or child(ren).
