

Chelan County Short-Term Rentals

Planning Commission Recommendations October 15, 2020 | **BOCC Options November 24th, 2020**

Introduction

A short-term rental refers to a residential dwelling rented out on a nightly basis for less than 30 days to individual guests. It could be a whole home or just part of it. Short-Term Rentals are found across the county, but particularly in the Leavenworth-Peshastin area, Lake Wenatchee, Manson, and Chelan. The number of short-term rentals has increased rapidly in the last six years especially in Leavenworth and Manson areas.

Chelan County has been considering how to best address short-term rentals to allow for property owner income while protecting the character of residential communities across the county.

In 2019 Chelan County considered draft regulations. The Planning Commission and Board of County Commissioners heard comments and felt proposals did not meet the County's and community's needs, and denied the 2019 draft.

The Board of County Commissioners desire to look at new code options in 2020. The process includes: development of a situation assessment; development of code options; Planning Commission review, hearing, and recommendations; and Board of County Commissioner review, hearing, and decision.

The Chelan County Planning Commission met seven times over April to July 2020 to develop draft short-term rental regulations, with a hearing on June 17, 2020 and deliberations on June 24 and July 9, 2020.

The Board of County Commissioners met in July and August 2020 to consider the Planning Commission Recommendations. The Board remanded the short-term rental code back to the Planning Commission for reevaluation in September 2020 including a new hearing and deliberation.

The Planning Commission held a public hearing on September 9, 2020 on their recommendations developed July 9, 2020. The Planning Commission held deliberations on September 23, 2020 and on October 15, 2020. They made revised recommendations on October 15, 2020 reflected in this document. **Also reflected in this document are options to address the BOCC discussions over October and November, shaded in yellow.**

Data on short-term rentals and the evolution of the draft code can be found at:

Planning Commission Recommendations

Planning Commission recommendations are illustrated in Exhibit 1 and described below.

- 34 ■ **Zones Allowed:** A short-term rental owner/operator would determine if the zoning district permits
35 or conditionally permits a short-term rental. Tier 1 owner-occupied short-term rentals are permitted
36 in most zones in the County provided they meet operational standards and obtain a land use permit.
37 Tier 2 short-term rentals are non-owner occupied, and are permitted but are further restricted on
38 smaller lots in certain zones with a sunset clause grace period, or limited in numbers in areas where
39 there is a high concentration of existing short-term rentals. Tier 3 short-term rentals are those with
40 larger occupancies (over 12 total guests) and would require conditional use permits and have similar
41 restrictions on locations and numbers as Tier 2.
- 42 ■ **Number Allowed:** New non-owner-occupied units (Tier 2) and larger occupancy short-term rentals
43 (over 12 guests; Tier 3) would be limited in number to 1% of existing compliant short-term rentals
44 documented countywide. The Tier 2 and Tier 3 short-term rentals could locate in unincorporated
45 areas except for zip codes, overlay zones, and Urban Growth Areas (UGAs) with more than 5%
46 short-term rentals as a share of total units.¹ See Attachment A for a map of zip codes, and
47 Attachment B for a map of the Leavenworth-Lake Wenatchee subareas. These areas are referenced
48 in relation to the restrictions on locations where short-term rentals make up more than 5% of the
49 housing stock. Also, due to community preferences and concern over neighborhood quality, new short-
50 term rentals would be limited in Peshastin and Manson UGAs particularly in residential zones. Tier 1
51 includes developments specifically designed for short-term rentals (e.g. Planned Unit Developments
52 and Master Planned Resorts) are not subject to the cap.
- 53 ■ **Operational Standards:** Tier 1, 2, or 3 units would be required to meet standards such as occupancy,
54 parking, noise, solid waste, pool/hot tub monitoring, adequate sewer and water, fire preparedness,
55 access to a qualified person within 60 minutes, establishing a property management plan, etc.
- 56 ■ **Existing Units:** Existing short-term rentals established prior to the effective date of the code August
57 25, 2020² would need to meet criteria regarding use allowances in their zones (locating in a zone
58 that allowed for a similar use such as a bed and breakfast), use as a short-term rental, proper
59 payment of taxes, and compliance with operational standards. Permits would need to be obtained
60 as well. Where existing units are in the RR2.5 and RV zones but are on lots less than 2.5 acres, there
61 is a 53-year sunset clause grace period. Where existing units are in a zone that prohibits them, there
62 is a 23-year sunset grace period.
- 63 ■ **Permit Process:** Once compliant numbers of existing units are established through a land use permit
64 process, the 1% cap of new units would be determined. Then new units could be permitted. The first
65 permit would require inspections and more detailed review, but annual renewal would be based on

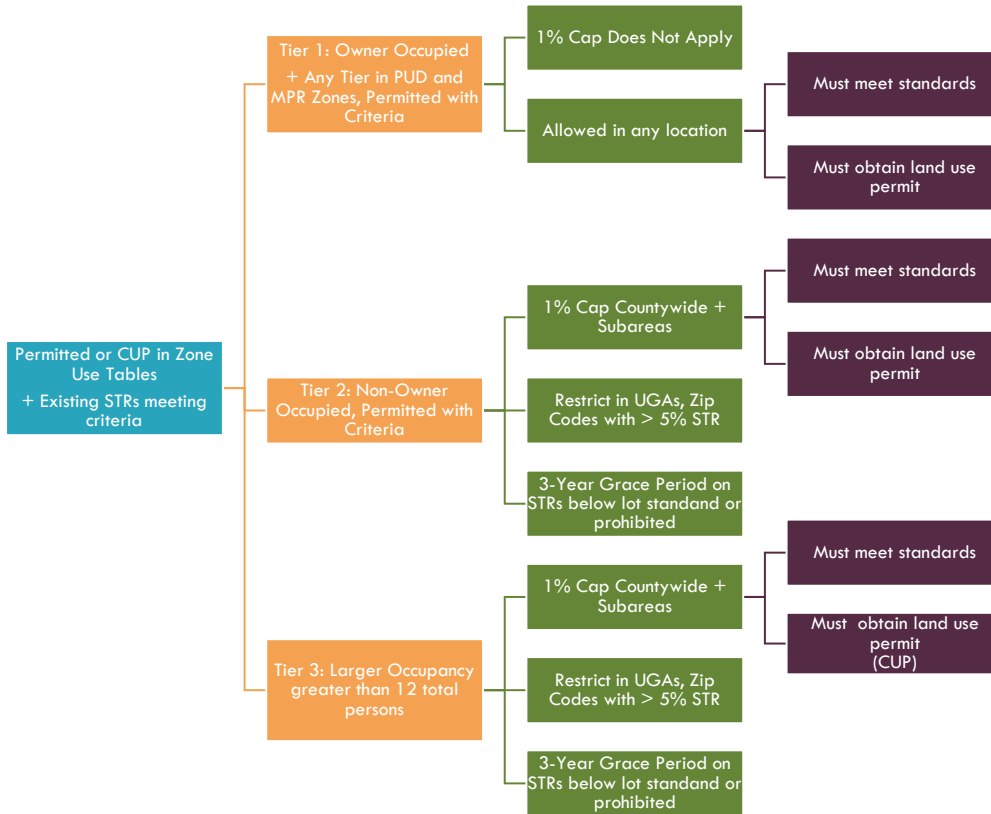

¹ The threshold share of short-term rentals is 5% of the total housing stock which is similar to a recommendation in a study of Oregon jurisdictions that found that where short-term rental growth and household formation is increasing at a faster rate than total housing unit growth there can be a constraint on housing affordability. See copy of study hosted by the City of Olympia's website: <https://enqage.olympiawa.gov/4076/documents/5992>.

The rate of short-term rental growth has been occurring faster than new home construction in the Leavenworth Zip Code within unincorporated areas. The Zip Codes with greater than 10% share of short-term rentals compared to total dwellings within unincorporated areas include: Leavenworth (15.6%) and Manson (11.2%). Peshastin Zip Code is at 5.5%. Chelan is 3.9% and others are less than 2%. These percentages are based on whole house rentals and are corrected to exclude housing inside city limits. The number where only a room is offered is < 100. See Attachment D for the updated information.

² The date of the moratorium on short-term rental uses in Resolution 2020-86: <https://www.co.chelan.wa.us/files/community-development/documents/STR/Short-term%20Rental%20Moratorium.pdf>.

66 self-certification and a more abbreviated review. Fees would be set to recover costs of permit
67 reviews and inspections such as by the fire marshal, health district, etc.

68 **Exhibit 1. Proposed Short-Term Rental Regulation Process** **addressed grace period and zone adjustments**

69

70 Task Force

71 In addition to the permitting and code compliance standards in the proposed regulations, the Planning
72 Commission has recommended a Task Force be formed to review the effectiveness of the regulations
73 **after a 2 to 3 year period.** It would have nine members.

74 See Attachment C.

Schedule

75

76 The Board of County Commissioners will take up the Planning Commission recommendations and conduct
77 their own study sessions and a hearing and determine how to regulate short-term rentals. More

 98 requirements associated with that use and all other applicable provisions.
