SHORELINE PERMIT APPLICATION

This packet is designed to assist you in preparing your application for a shoreline permit. The following information is required at the time of submittal. Additional information may be required.

Please select all that apply:

- Shoreline Substantial Development Permit
- Shoreline Conditional Use Permit
- Shoreline Variance Permit
- Shoreline Exemption

The following information is required at the time of submittal.

- JARPA (Joint Aquatic Resource Permit Application)
- SEPA Checklist (State Environmental Policy Act) (if applicable)
- Shoreline Review Criteria – these are requirements of the Shoreline Master Program may be addressed in a narrative format with support documentation
- Site Plan
- Additional plans, as applicable: Landscape Plan, Parking Plan, Wetland Delineation, Habitat Management Plan, Geotechnical Report, Traffic Impact Study
- Complete the following Cannabis Disclosure Section, Site Plan Checklist Section and Acknowledgement Section

The applicant is required to review and submit documentation showing compliance with all Chelan County Code (CCC), including but not limited to Title 4, Title 11, Title 12, Title 14, and Title 15 as well as the Shoreline Master Program (SMP).

Within twenty-eight (28) days of receiving a complete application, the applicant will receive a written Determination of Completeness or a notice of Incomplete, identifying required additional information. After issuing the Determination of Completeness, a Notice of Application will be issued within fourteen (14) days. The application is then routed to all agencies with jurisdiction and surrounding properties for a thirty (30) day review and comment period. An open record hearing date will be set before the Chelan County Hearing Examiner and the applicant and all parties of record will be notified of the date, time, and place of the hearing. Testimony related to the proposal will be taken and the applicant will be able to provide a rebuttal to all testimony presented. Upon closing the public hearing, the Hearing Examiner will then have ten (10) working days to approve, approve with conditions, or deny the application. The Hearing Examiner decision can be appealed (CCC Chapter 14.12). Shoreline Conditional Use Permits and Variances require approval from the Department of Ecology, after the County decision; therefore, no work may be authorized until finalization of the Department of Ecology permit.

- Substantial Development Permits: Chapter 29.1
- Variance Permits: Chapter 29.2
- Conditional Use Permits: Chapter 29.3
- Shorelines of Statewide Significance: Chapter 29.4

AQUIFER RECHARGE AREA DISCLOSURE SECTION

Exempt from this section only are Single Family Residences and their associated development per CCC, Section 11.82.060. An applicant seeking to develop property which requires a development permit, shall submit with the permit application this certified statement, which lists each of the evaluation criteria and shall indicate whether the criteria “applies” or “does not apply” to the site or development. “Unknown” or similar responses will not be accepted.

If the development meets criteria A, B, C, or D or if the site or development meets any two of the remaining criteria, the Department will direct the applicant to determine the vulnerability rating for the development pursuant to CCC, Section 11.82.050 Aquifer Recharge Areas. If the development has a high or medium vulnerability rating, the development shall be subject to the performance standards of CCC, Section 11.82.060.

If an applicant’s statement asserts that the criteria do not apply to the development, the Department will accept the statement and proceed with the permitting process. If any statement is incorrect, the applicant will be advised in writing to either; (a) provide an amended statement adding the evaluation criteria as being applicable and determine the vulnerability rating of the development pursuant to CCC, Section 11.82.050, or (b) present sufficient countering information clearly establishing that the basis for the Department’s concern is incorrect. If the applicant selects to proceed under (b), upon receipt of the applicant’s information, the Department shall review the information and obtain whatever additional assistance may be required to resolve the issue. The final determination as to whether a determination of vulnerability is required shall be made by the Administrator.

EVALUATION CRITERIA

The applicant is required to determine the vulnerability rating for **any development permit**, not otherwise exempted, if the site or development meets criteria A, B, C, or D or meets two or more of the remaining criteria below:

Please write the word(s) “**Applies** or “**Does Not Apply**” on the lines before each of the following statements:

SITE PLAN CHECKLIST SECTION

- Two copies of site plan are required. Must be drawn to standard engineering/architect's scale, such as 1"=100'. Indicate the scale used. Must include North arrow, and be drawn on grid paper or engineering plan format. For large parcels, applicant may submit a two-page site plan, the first page depicting the entire lot at a convenient scale and the second page depicting an enlargement of the developed area at a larger scale.
- Label all property lines/boundaries, dimensions, and area of lot/parcel (square feet or acreage).
- Label the location, size, and use of all existing building(s). Identify the distance between property lines and buildings. Label structures with previous building permit number(s) issued if applicable.
- Label the location, size, and use of all proposed structure(s) (temporary or permanent) to include dimensions of all decks, porches, cantilevers, bay windows, roof overhangs, retaining walls, patios, chimneys, landings and stairs.
- Identify the location, dimensions and volume of all existing and proposed propane tanks, fuel tanks, etc., both above ground and underground, as well as setback from property lines.
- Identify land features such as top and bottom of slopes, direction of slope and any areas of erosion.
- Identify and label all water features to include, ponds, springs, ravines, streams, creeks, lakes, rivers, irrigation laterals, canals, ditches, wetlands, bogs, areas of saturated ground, flood plain, floodway. Identify the closest distance between the ordinary high water mark and proposed/existing structures.
- Label the name and width of roads bordering the property and indicate whether they are public or private.
- Locate the width of existing and proposed driveways/accesses serving each structure. Include stormwater control facilities such as drains, detention ponds, connection lines, catch basins, etc.
- Label all existing and proposed parking spaces/areas. Parking in residential districts is typically not allowed in the

front yard setback area. All parking shall have durable and dustless surfaces suited to all weather use, unless required otherwise. If applicable, show handicapped parking and accessible routes to the structure and within the site to other structures and features.

- Identify and label all easements and widths, deed restrictions, other encumbrances, and/or issues restricting or affecting the use or condition of the property, including but not limited to access, utilities, railroads, irrigation and overhead power. Include the Auditor's file number(s). *Before Any Development Occurs, Please Call 1-509-661-8400 To Locate Any PUD Easements!*
- Show the location of all existing and proposed overhead and underground utilities including, but not limited to water, sewer, gas, and electrical.
- Identify location of water lines, well and sanitary control radius. Note: A sanitary control radius around an off-site well may impact your project if it overlaps onto your parcel.
- Identify location of all well(s), septic/pump tank, drain field, reserve area and tight line involving the proposed structure(s). Show the distance from proposed structure(s) to septic tank, drain field, drinking water well source(s), and any water body, wetland area and/or flood plain to ensure they meet the required horizontal setbacks from each other and property lines. See Chelan Douglas Health District Horizontal Setback Table for details. If applicable, the approved Health District and County site plan must be identical.
- If drinking water wells, septic tank/drain field is off site, show the location of these systems on the adjacent property or properties and provide a copy of the easement agreement(s).
- If applicable, identify existing and proposed landscaping, screening and/or fencing. (Show type of landscaping, size, spacing, and provisions for irrigation).
- If applicable, include outdoor lighting and signage. Label each as existing or proposed.
