Subject: comments on proposed rules

External Email Warning! This email originated from outside of Chelan County.

I was out last week when Mr. Burke and other attorneys sent in a letter with comments about the new rules which is why my name did not have my signature affixed. I have now read it and agree to the comments except for paragraph 1 of the letter as I do not believe the rule requires pro-se defendants to wear a suit. A good change would be for the attorneys not having to wear a suit either!
