

Chelan County Community Climate Resilience Workshop

Agenda

August 12th, 2020 | 10 AM to 12 PM

Virtual meeting – Zoom

Background

In May 2020, Chelan County, Chelan PUD, Washington Department of Natural Resources, and the University of Washington Climate Impacts Group gathered partners via Zoom to launch county-wide climate resilience planning. Based on this conversation, Chelan County has worked with consultants to outline a draft climate resilience strategy. In this upcoming workshop, hosted in collaboration with Environmental Protection Agency, Federal Emergency Management Administration, and the Federal Reserve Bank of San Francisco, we invite you to provide feedback on the draft strategy and contribute your input on next steps for climate resilience planning in Chelan County.

Agenda
