Lake Chelan Collaborative Agenda
MEETING #2 - DECEMBER 3, 2025 1:00 PM – 4:00 PM
CHELAN FIRE STATION, 232 E WAPATO AVENUE + CALL-IN OPTION

Overview

Chelan County Natural Resources Department is working alongside the Lake Chelan Collaborative (LCC) to identify key data gaps and issues within the Lake Chelan Watershed and make recommendations on how to best address them. These recommendations will culminate in an updated Lake Chelan Watershed Restoration Plan and Aquatic Invasive Species Management Plan.

Meeting #2 Objectives

- Provide additional context for the planning goals and how it ties into the previous watershed planning effort.
- Discuss and prioritize issues list.
- Walk through minor edits to the LCC Operating Principles and formally adopt.
- Share a technical presentation on water quality issues.

Agenda

Time	Agenda Item	Notes
1:00 PM *10-15 mins*	**Welcome and Agenda Overview** • Welcome and agenda overview • Quick round of introductions • Sign-in sheet	Gretchen
1:15 PM *20-25 mins*	**Watershed Planning Approach** **Presentation:** • Context-setting for watershed planning approach goals (Kelsey) ○ Overview of 2012 planning process compared to this planning process ○ Requirements under a WaterSMART funded watershed planning effort • Walk-through of key elements of watershed planning approach (Kelsey) ○ Discuss topic-based approach ○ Provide insight into what each topic-based presentation will be focused on (data gaps, ongoing work, recommended projects, key issues, goals, etc.) **Group Discussion:** • Are there any clarifying questions/reflections? • What planning horizon makes sense for this plan?	Kelsey/Gretchen/All
1:35 PM *40 mins*	**Issue List and Prioritization** **Presentation:** • Context-setting for prioritization ○ Share results from online survey ○ Goal – help inform the plans' focus and recommendations on key issues. Please note: prioritization of projects will come later. ○ Key considerations for prioritization ▪ Time sensitive/critical path ▪ Co-benefits/implementability ▪ Community support/local benefit ▪ Clear consensus ▪ Need for support ▪ Funding opportunities	Gretchen/All

CASCADIA
CONSULTING GROUP

Time	Agenda Item	Notes
2:15 PM *10 min*	**Group Activity:** • Indicate YOUR top key issues using the sticky dots provided. In-person and online sticky dot options. **BREAK**	
2:25 PM *15 min*	**Issue List and Prioritization - continued** **Group Discussion:** • What were your top key issues and why? • What reflections/observations do you have about the key issues that rose to the top/didn't rise to the top?	Gretchen/All
2:40 PM *10 min*	**LCC Operating Principles** • Walk through final edits to the Operating Principles **Group Activity:** • Adopt Operating Principles	Gretchen/All
2:50 PM *55 min*	**Water Quality (DDT and Nutrient Loading)** **Technical Presentation:** (35 min) • Overview of ongoing/previous work • Define issues and key data gaps **Group Discussion:** (20 min) • What feedback do you have on the defined issues and data gaps? • What goals/desired outcomes do you have when thinking about potential projects? • What preliminary project ideas do you have for addressing the data gaps? • Are you aware of near and long-term funding opportunities?	Clay Patmont (Anchor QEA) Gretchen/All

3:45 PM
15 min
	Wrap Up & Timely Topics
	• Updates from the field (as time is available)
	    ○ Update on DDT monitoring (Clay Patmont)
	    ○ LCRI Project Updates (Anna Galipeau)
	• Recap of decisions made and next steps
		Gretchen/LCC Members
