National Wetlands Inventory: Wetland map of lake Wenatchee (print-out, could be converted to GIS).

U.W. and DNR aerial photographs of Lake Wenatchee and surrounding areas.

Ecology website <http://apps.ecy.wa.gov/eimreporting> has recent water quality data to download, search by WRIA 45. See file cat/Dudley/Wenatchee/ecology monitoring results.xls.

USFS has some temp. data back to 1996 at their office, newer is available electronically. Contact Cameron Thomas (Leavenworth Ranger Station).

Conservation District (Mike Rickel) provided Excel spreadsheets (located at Cat/Dudley/Wenatchee) of select water quality data for 2000 and 1999 (various locations). 1992-1995 water quality data is in action plan (on order from CCCD). Draft 2002 summer instream temp. data for select streams.

Possibly contact Trout Unlimited for habitat restoration information.

Yakima Indian Nation? Cameron Thomas to provide contact.

Habitat subcommittee of the Wenatchee Watershed will be continuously proposing new restoration projects as this committee starts developing implementation strategies, they will use the limiting factors analysis as a guiding document.

Chelan PUD: Misc. reports and studies concerning Columbia River dams. Not yet contacted. Contact Chuck Peven?
