

## Washington State Noxious Weed Control Board-- MONITOR LIST

Common Name	Scientific Name	Sponsor
Alkanet	<i>Pentaglottis sempervirens</i>	Dana Coggon/Jenn Andreas
Bachelor's button	<i>Centaurea cyanus</i>	Julie Sanderson
Bladder senna	<i>Colutea arborescens</i>	Marty Hudson
Bladderwort, swollen	<i>Utricularia inflata</i>	<a href="#">Jenifer Parsons</a>
Blooddrops	<i>Adonis annua</i>	<a href="#">Nelle Murray</a>
Bouncing-bet	<i>Saponaria officinalis</i>	Brandi Boyington
Bursage, skeletonleaf	<i>Ambrosia tomentosa</i>	State Weed Board
Catchfly, Balkan	<i>Silene csereii</i>	<a href="#">Sharon Sorby</a>
Cattail, lesser	<i>Typha angustifolia</i>	<a href="#">Jenifer Parsons</a>
Celandine, lesser	<i>Ficaria verna</i>	<a href="#">Laurel Baldwin</a>
Cherry laurel	<i>Prunus laurocerasus</i>	Seattle Urban Nature
Cinquefoil, silvery	<i>Potentilla argentea</i>	<a href="#">Janet Nelson</a>
Crack willow species	<i>Salix x rubens, Salix alba, Salix fragilis</i>	Joel Freudenthal
Crosswort, narrowleaved	<i>Crucianella angustifolia</i>	State Weed Board
Dyer's greenwood	<i>Genista tinctoria</i>	Marty Hudson
English holly	<i>Ilex aquifolium</i>	Seattle Urban Nature
European mountain ash	<i>Sorbus aucuparia</i>	Seattle Urban Nature
Fieldcress, creeping	<i>Rorippa sylvestris</i>	P. Stevenson
Frogs-bit, Eurasian	<i>Hydrocharis morsus-ranae</i>	<a href="#">Alison Halpern</a>
Giant Reed	<i>Arundo donax</i>	<a href="#">Steven Link</a>
Inula	<i>Inula helenium</i>	<a href="#">Sue Winterowd</a>
Italian arum	<i>Arum italicum</i>	<a href="#">Cyndi Soliz</a>
Jewelweed, spotted	<i>Impatiens capensis</i>	Jefferson County
Knapweed, featherhead	<i>Centaurea tricocephala</i>	<a href="#">Dick Jacobson</a>
Mallow, venice	<i>Hibiscus trionum</i>	<a href="#">Bridget Simon</a>
Moleplant	<i>Euphorbia lathyris</i>	<a href="#">Angelica Velazquez</a>
Multiflora rose	<i>Rosa multiflora</i>	<a href="#">David Giblin</a>
Pampas grass	<i>Cortaderia spp.</i>	<a href="#">Rick Johnson</a>
Perennial cornflower	<i>Centaurea montana</i>	Julie Sanderson
Periwinkle	<i>Vinca minor</i>	<a href="#">Angelica Velazquez</a>
Periwinkle, large	<i>Vinca major</i>	<a href="#">Angelica Velazquez</a>
Sedge, lovegrass	<i>Cyperus eragrostis</i>	<a href="#">Jim Comrada</a>
Thistle, distaff	<i>Carthamus lanatus</i>	<a href="#">Bill Wamsley</a>
Unicorn-plant	<i>Proboscidea louisianica</i>	<a href="#">Sharon Sorby</a>
Verbena, tall	<i>Verbena bonariensis</i>	<a href="#">Sarah Reichard</a>
Vine, silverlace	<i>Polygonum albertii</i>	<a href="#">King County</a>
Watercress	<i>Rorippa nasturtium-aquaticum</i>	<a href="#">Cathy Lucero</a>
Waterhyacinth	<i>Eichhornia crassipes</i>	<a href="#">Kathy Hamel</a>
Yellow tuft	<i>Alyssum murale, A. corsicum</i>	Wendy DesCamp

**Purpose:** The purpose of the "monitor list" is to gather more information on suspect weeds, as well as monitor for occurrence or spread. Information collected may be used to justify future inclusion on the state noxious weed list. There is no legal or regulatory aspect to this list (WAC 16-750-025).

**Reasons for inclusion:**

1. Reason to believe this species is invasive or poses a potential threat to Washington.
2. Additional information is needed on distribution, abundance or biology.

### **Washington State Noxious Weed Control Board-- MONITOR LIST**

3. The species was once present in Washington and on the State Noxious Weed List. It is now being monitored for reoccurrence.
4. Need to verify existence (site investigation), verify identification and/or obtain voucher specimen.
5. It exists in an adjacent state or province or occurs on an adjacent state or province's noxious weed list and is not known to occur in Washington.

Native species of Washington will not be included on the monitor list. Each weed on the monitor list will be included by vote of the noxious weed committee and will require a sponsor for monitoring. For more information on these species, please contact the sponsor or the State Weed Board 360.902.2082.
