

CRP 597: Old Blewett Bridge #1 Replacement

Old Blewett Pass Highway (MP 0.08—MP 0.10)

Project Vicinity Map

Project Typical Section

Project Number: County Road Project 597

Project Length: 0.10 miles

Basis for Project: Bridge Rehabilitation

Construction: Summer 2012-Spring 2013

Project Description: Selland Construction, Inc. is contractor for this project and will replace Old Blewett Bridge No. 1 at the existing bridge site and replace with a new 24' x 125' precast concrete girder one-lane bridge. The temporary ACROW bridge was removed and returned to USFS. The new structure will be constructed along with the improvement of approximately 500 feet of roadway to match the alignment of the existing road with the new bridge.

Notes: The Forest Service has a timber contractor on the Kittitas County side of Old Blewett Highway. Contact USFS Cle Elum Ranger District at (509) 852-1100 for more information.

Status: Work is essentially complete and the bridge is passable at all time.

Funding Sources:

Bridge Replacement Advisory Committee	\$1,969,700
---------------------------------------	-------------

TOTAL: \$1,969,700

(Left) Deck work on the new Blewett Bridge.

(Left) Pouring concrete for new abutments.
