Sheriff Brian Burnett reports on April 20<sup>th</sup>, 2020 at approximately 7:45 am, a rollover collision was reported in the area of Swakane Canyon. The reporting party, who has now been determined to be the passenger said the vehicle, a Toyota Tacoma had rolled over and was on top of the driver. The driver has been identified as 18 year old Meghann Dodge of East Wenatchee. The passenger told RiverCom Ms. Dodge was not breathing and eventually said she was unable to perform CPR due to her position underneath the truck.

Chelan County Sheriff's Office Deputies and a Department of Fish and Wildlife Officer responded to the scene. They found Ms. Dodge deceased when they arrived. A CCSO collision investigator is investigating the collision with the assistance of a Washington State Patrol Detective for scene diagramming. So far the investigator has determined Ms. Dodge and her passenger drove from Cashmere up Nahahum Canyon Road and started down Swakane Canyon. When they were approximately 7.3 miles from highway 97A, the vehicle left the roadway at a low speed and rolled over on it's top. Ms. Dodge was partially ejected and the vehicle came to a rest on top of her.

The investigator has not yet determined the cause of the collision. There were no other vehicles involved. The passenger was transported to CWH with minor injuries.
