February 1, 2023

To: Chelan County business owners  
From: Chelan County Moderate Risk Waste Facility  
Re: Upcoming hazardous waste disposal collection event for CESQGs

On March 7, Chelan County's Moderate Risk Waste Facility will host a hazardous waste disposal collection event for Chelan County businesses characterized as Conditionally Exempt Small Quantity Generators, or CESQG. **This event is by appointment and pre-registration by Feb. 28 is required.**

To participate, a business must qualify as a CESQG. A CESQG generates up to 220 pounds of hazardous waste a month, or 2.2 pounds of pesticides/poisons a month. The total amount of hazardous waste that will be accepted per business at the event is 2,200 pounds, as this amount is the maximum a CESQG can produce in a year.

**To register your business, fill out the enclosed inventory form with as much detail on your waste as possible.** Return it to Clean Harbors Environmental Services by Feb. 28. The contact information for Clean Harbors Environmental is on the inventory form.

Once Clean Harbors Environmental receives your inventory form, the company will contact you with the disposal cost and set up a disposal appointment on March 7. You will be responsible for hauling your hazardous materials, by your appointment time, to the Chelan County Moderate Risk Waste Facility, 3612 Highway 97A (next to Impact Auto). A business is under no obligation to dispose of its hazardous wastes through this event.

We are organizing this event to give Chelan County businesses an opportunity to dispose of their hazardous wastes safely. If you have any questions, contact Clean Harbors Environmental Services at 509-262-8035, or the Chelan County Moderate Risk Waste Facility at 509-888-1195.

For disposal and recycling of other materials, including your household hazardous waste, visit our website at [www.co.chelan.wa.us/solid-waste-management](http://www.co.chelan.wa.us/solid-waste-management)
