

Waste Collection Event Application Form for Conditionally Exempt Hazardous Waste Generators

All forms must be submitted and approved **one week** before the scheduled event.

Clean Harbors Environmental Services
407 N Thierman Rd
Spokane, WA 99212
Attn.: Christopher Boorman

Phone: 509-262-8035

e-mail: boorman.christopher@cleanharbors.com

Waste disposal charges are due prior to collection of the waste and may be in the form of cash, check, money order or credit card. Any billing arrangements must be made in advance with Clean Harbors.

Event Location: Chelan County Moderate Risk Waste Facility

3612 US Hwy 97A, Wenatchee, WA, 98801

Event Date: **Monday, April 8th, 2024**

1. Generator Information

| | | | |
|-----------------|------------------|-----------------------------|--|
| Generator Name | | Type of Business | |
| Mailing Address | | Site Address (if different) | |
| City | State | Zip Code | |
| | () | () | |
| Contact Person | Telephone Number | Fax Number | |

2. Inventory of wastes you want to dispose of at this collection event

Please complete the attached waste inventory sheet to list the wastes you will bring to the collection event. Make additional copies of the inventory sheet if needed. Return the completed inventory sheet(s) with this application. Instructions for completing the waste inventory sheet are on the back side of the form. Only wastes that have been pre-registered and approved by Clean Harbors will be accepted at the collection event. **Remember you are limited to no more than 2,000 pounds of Conditionally Exempt Generator waste at this event. Radioactive materials, explosives, infectious medical wastes, certain poisons, very reactive wastes, and unknown wastes are not accepted at these events.**

3. Certification for Conditionally Exempt Generators

Note: This page must be completed and submitted with the application if you are disposing of CESQG waste at this event.

State and federal hazardous waste regulations limit the use of CEG hazardous waste collection programs to those businesses that generate 100 kilograms (220 pounds or approximately 25 gallons) of hazardous waste per month. Businesses that generate more than this amount must use a licensed hazardous waste hauler to manifest and transport their waste. Therefore, we are requesting that you sign the following certification before disposing of your waste at the collection event:

I certify the business that I am representing is a Conditionally Exempt Hazardous Waste Generator who generates less than 220 pounds of hazardous waste and 2.2 pounds of acutely hazardous waste per month. I also certify that I have not accumulated more than 2,200 pounds of hazardous waste (2.2 pounds of acutely hazardous waste) at this time. I understand that I must pre-register and pay the disposal cost before I can drop off my wastes at the collection event. I also understand that only the types and quantities of wastes listed on the Inventory Sheet(s) in Section 2 have been approved by Clean Harbors for disposal at the collection event. Finally, I understand that the state, local government or Clean Harbors does not assume liability for my wastes, and that future liability remains with my business.

Instructions for Completing Waste Inventory Sheet

1. **Item Number:** Number each item (or category group of items) you want to dispose of at the collection event. Each item should have an individual number on its container as reference. The container number should correspond to the completed inventory sheet(s) submitted to Clean Harbors.
2. **Waste Description:** Describe, in as much detail as possible, wastes that you want to dispose of at the collection event. The description should include the chemical and trade name, how you use the material, physical state (i.e., liquid, solid, sludge, gas), chemical characteristics (e.g., flammable/ignitable), and chemical constituents and percentages from the label or material safety data sheet (MSDS). For pesticides (e.g., herbicides, fungicides, rodenticides, etc.), please include the EPA registration number if available, trade name and percent concentration. When listing waste quantities, be accurate as possible. **DO NOT** include waste you do not want to dispose of at the collection event, nor containers of unknown waste substances. Please avoid mixing your wastes together.
3. **Quantity:** List the quantity of waste you want to dispose of at the collection event. As a rule, list liquids in gallons and solids and sludges in pounds.
4. **Cost per Pound or Gallon of Waste Disposed:** Per pound pricing is for loose pack or lab pack items and per gallon pricing is for non lab pack items (over 5 gallons in size). Refer to waste disposal costs below. For wastes not listed on the Inventory Price Sheet, please call Clean Harbors at 1-253-638-3544 for a cost estimate.
5. **Disposal Charge:** Quantity of waste multiplied by the cost per pound or gallon will determine the disposal charge for each waste. Regardless of quantity, each item on the Inventory Sheet will receive a minimum charge of one pound or one gallon. For example, a quarter gallon of latex paint will have a minimum disposal cost for one gallon of latex paint.
6. **Total Charge this Sheet:** This box is the Disposal Charges column added together for each Inventory Sheet. For a business with multiple Inventory Sheets, the last Inventory Sheet should also list the sum of all the "Total Charge This Sheet" box from each Inventory Sheet. For questions, please contact Clean Harbors.

Once Clean Harbors has received and reviewed your application, you will receive a letter and/or telephone call acknowledging acceptance of your application. The acknowledgment letter and/or call will provide you with the total estimated cost for disposal of your waste, an appointment time for bringing in your waste, and any changes to the collection event site.

Waste Pricing (Disposal Only)

| Waste Category | Price | Unit | Comments |
|---|----------------------------------|-------|--|
| Minimum Charge | | | \$250 minimum charge per drop-off |
| Antifreeze | \$1.25 | pound | |
| Oil | \$1.25 | pound | |
| Mercury | \$55.00 | pound | Hg debris, soil, switches, thermometers, elemental - \$75 minimum |
| Batteries | \$4.00 | pound | Alkaline, Lithium, NiCad, Lead Acid, etc. - \$25 minimum |
| Corrosives | \$3.75 | pound | Acids/Bases, Liquid/Solid |
| Fluorescent Light Tubes | \$1.25 | pound | plastic coated tubes \$2.75/ ea, compact flour. bulbs \$1.25/ ea HID bulbs (Hg vapor) \$2.25/ ea U tubes \$1.25/ ea |
| Latex Paint | \$0.75 | pound | |
| Oil-based Paint & Related | \$1.75 | pound | Oil Based Paint, Spent Solvents, Adhesives, Flammable Liquids |
| Pesticides | \$3.00 | pound | Pesticides, Herbicides, Rodenticides, Fungicides, etc. |
| Poisons | \$3.00 | pound | Lab Chemicals, Liquid/Solid |
| Propane Cylinders - BBQ/Camp Stove | \$80/\$35 | each | Other Cylinders Case by Case Pricing |
| Reactives | \$60.00 | pound | Oxidizers, Flammable Solids, Organic Peroxides, Water Reactive, Etc. \$350 minimum |
| Aerosols PCB Light Ballasts | \$2.50 \$2.50 | pound | Incineration Only |
| 85 gallon overpack drums 55 gallon overpack drums 30 gallon overpack Poly drums | \$370.00 \$175.00 \$105.00 | each | All bulk drums must be in UN rated containers for shipment. |
